

ZEAL+

FAQ

What is Zeal+?

Zeal+ is a delicious high-energy nutritional solution. It contains a super-energizing blend of whole food concentrates plus botanical extracts including key ingredients:

- Alpinia galangal extract
- Taurine
- Green coffee extract (Leaf)
- Guarana seed extract with natural caffeine

What is Alpinia galangal?

Galangal is a bitter root that comes from the ginger family and belongs to the species of Alpinia. It can be found in various farms in different parts of India. Our Zeal+ contains 200 mg of Alpinia galangal extract and it is EN-SURE certified. This means that it is free from gluten, pesticides, dairy, additives, dyes, preservatives, allergen, GMO, irradiation, residual solvent and TSE/BSE.

Zeal has been clinically shown to deliver fast, effective and safe results of:

- Increased mental alertness
- High brain function
- Improved ability to achieve and maintain high arousal levels to better process new information
- Delaying “caffeine crash” when taken with caffeine

Processed with EnXtra™ (Alpinia galangal extract), this sourced proprietary ingredient was named Sports Nutrition 2019 Ingredient of the Year by NutraIngredients-USA.

What is Taurine?

Taurine is an amino acid that plays an important part in several metabolic processes within the body. It can be found naturally in meat, fish, dairy products, human milk and can also be available as a dietary supplement.

It is thought to have broad and extensive benefits of antioxidant properties that may improve:

- Cardiovascular health
- Electrolyte balance
- Hearing function
- Immune modulation
- Athletic performance
- Mental performance

What is green coffee?

Green coffee is simply coffee beans before they are roasted. They contain active ingredients of caffeine and chlorogenic acid that studies show may boost metabolism, reduce the absorption of carbohydrates and glucose which lowers blood pressure, aid in significant weight loss and promote healthy heart health.

What is guarana seed extract with natural caffeine?

Guarana is a Brazilian plant native to the Amazon basin that is rich in antioxidants and may help increase energy, improve focus, promote weight loss, boost heart health, regulate a healthy metabolism, suppress appetite and improve skin appearance.

How is Zeal+ different from our Classic Zeal?

Zeal+ is a delicious high-energy nutritional solution containing a super-energizing blend of whole food concentrates plus botanical extracts that includes alpinia galangal extract, taurine, green coffee extract (leaf) and guarana seed extract with natural caffeine. Like Classic Zeal, it provides the same vitamins and minerals, along with powerful antioxidants and phytonutrients – now with an extra blast of delicious clean energy!

What is Informed Choice?

Informed Choice is a trusted comprehensive certification program which not only tests products for banned substances, but also ensures products are manufactured to high quality standards. Athletes and everyday people who see the Informed Choice logo on a product can be assured it has undergone rigorous checks and testing to ensure that it is not contaminated with any banned substances and is safer to use.

How does Zeal+ benefit me?

This all-new formula helps to achieve sharpened alertness, mental acuity and extra health benefits with a blast of delicious clean energy.

How and when is it best to take Zeal+?

Take it in conjunction with, before or after, your daily Classic Zeal, or as a caffeine alternative.

Do I have to be an athlete or exercise when I take Zeal+?

No. Zeal+ is a great-tasting nutritional beverage that also provides an extra boost of delicious clean energy. It can be utilized as a quick pick-me-up.

Who can take Zeal+?

Anyone looking to obtain an extra boost of energy while receiving key nutritional health benefits. This product contains naturally occurring caffeine and is not recommended for children, pregnant women or people sensitive to caffeine.

Can Zeal+ be consumed every day?

Yes, Zeal+ is safe to take daily.

Which liquids are best to mix with Zeal+?

Cold water.

Why is it considered “clean”?

Zeal+ is Informed Choice certified which means it is free of any banned substances and is safer to use for athletes and everyday people. There are no artificial colors, flavors, preservatives or naturally occurring gluten ingredients. However, it does not have gluten free certification.

What Zeal+ flavors are available?

Zeal+ is available in two delicious flavors: Rumba Rush and Citrus Surge.

What markets have Zeal+?

Zeal+ can be purchased in our United States, Puerto Rico and Canada markets only.

What Paks include Zeal+?

Zeal+ can be purchased on its own, in the form of a full-size Canister. It is also included in various Starter and Wellness Paks.
