

*Proudly Making American Made Blankets, Throws, Bedding & Pillows Since 1998*

To Our Loyal Customers & New Friends:

We hope all of you are enjoying a prosperous 2018 and looking forward to the holiday season. While 2018 was a special year for us (we celebrated our 20<sup>th</sup> anniversary), 2019 is primed to be a breakout year for our organization. Our goals for this year are very focused... Evolve, innovate and collaborate.

### **Evolve**

Denali Home Collection is proud to offer more than 20 new patterns to our wonderful line of blankets for the home décor customer. We've worked hard to develop patterns that appeal to a wide audience, no matter the locale, presenting contemporary and inspiring designs across many of our existing themes. These are available for pre-order and will deliver Q2 2019.

### **Innovate**

Pushing innovation in sliver knitting remains the core of our existence as a company. Yes, our Micro Plush double-sided Denali blankets will always remain the anchor of our business but we are excited about the development of new textiles and finishing processes that will create new and exciting blankets for all tastes and budgets.

We're proud to introduce a Micro Plush single-sided 55"x72" blanket, with all the same great product attributes as the Denali double-sided mainstay, available for \$25-\$30 wholesale and a suggested retail price of \$49.99. These single-sided Denali blankets will be available in a select patterns beginning Q2 2019.

Denali Home Collection is also introducing wool blankets in 2019. Utilizing our Down Under Super Wash wool, we've created an ultra soft, machine washable and dryable blanket unlike any other wool product on the market. Trust us when we say, "you'll be blown away by the superior hand and durability of this blanket." Opening with a wholesale price of \$75 and suggested retail price of \$149.99, we expect this 60"x72" blanket to be very well received. These wool blankets will be available for sale in Q2 2019 in select patterns, as well.

We're poised for success in 2019 and our new and improved Good-Better-Best-Premium pricing strategy will ensure we have something for everyone.

### **Collaborate**

We are so grateful to have such a loyal and faithful Denali customer base and we thank you for all your support. Without you we don't have the opportunity to evolve and innovate our product offering. We will continue to collaborate with you and develop the most aggressive promotions possible designed to help you turn our inventory at a more frequent rate. We're offering beautiful rustic displays with volume purchases to aid your in-store merchandising.

We use the highest quality materials, take great pride in our workmanship, and do all the little things by hand that make a big difference in our products. We're committed to providing an upscale experience through American-made products and world-class customer service.

# NOT ALL BLANKETS ARE CREATED EQUAL

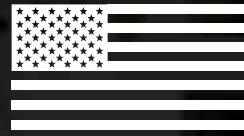

## ULTIMATE COMFORT

As someone who settles for nothing but the best, comfort isn't just about how the blanket feels. It's also about the peace of mind you'll have, knowing that you own the most premium, well-made blanket on the market.

## SURVIVES WASHING

Tumble after tumble, our blankets are made to withstand the wear and tear that washers and dryers put on them. With resilient fibers that actually get softer with every wash, they can be laundered as often as needed. For best results, always wash and dry on cool temperatures.

## MADE IN THE USA

Our fabric is made at our Wisconsin facility. All of our blankets are hand-sewn in the USA, where the spirit of providing superior craftsmanship and delivering an uncompromising product are alive and well. Enjoy.

## TRUE COLORS WON'T BLEED

Our blankets look as good on day 900 as they do on day one. The fibers are dyed before production to achieve deep, rich, lasting colors in the fabric so you can represent your team boldly year after year.

## REGULATES BODY TEMP

The billions of air pockets created between the fibers help to maintain an ideal body temperature, both in cool and warm conditions. It's like having an invisible thermostat built right into the blanket.

## TWO BLANKETS IN ONE

What's better than one incredibly comfortable blanket? Two incredibly comfortable blankets, hand-stitched and sewn together for unrivaled comfort and durability, because we believe our customers deserve nothing but the best.

## SUPERIOR DRAPABILITY

As in the ability to drape. The flexibility of the filament knit backing and lightweight loose fibers of our blankets deliver an astonishing softness and drape that you just won't find in your run-of-the-mill blanket.

## LIFETIME WARRANTY

If you're not completely satisfied with our blanket, return it within 60 days of purchase for a complete refund or replacement, no questions asked. We will also repair or replace any Denali blanket damaged by normal wear and tear for as long as you own it.
