OUR NETWORK

Standing together, we will succeed

Doc4Ukraine is a network of **100+** renowned companies and establishments that have joined their efforts to support Ukrainian hospitals.

THEY TRUST US

These companies trust us and recommend us to their peers thanks to the ease of setup and collection of donations, the guarantees provided by the distribution network to hospitals on site and our communication made to their employees and in B2B networks.

Donations are collected at the national level at your own pace and distributed to hospitals in Ukraine according to their needs.

Delivery to Ukraine and war zones is rare and sorely needed in Europe.

QUALIFIED PROFESSIONALS IN DIVERSE HEALTHCARE SECTORS

Our trustworthy network of professionals, represented by Professors Patrice Carde and Patrice Debré of the Academy of Medicine, is a testament to our diverse medical fields and can thus respond to specific problems in real time, such as the treatment of children with cancer during the war.

OUR PROJECTS

2023

Our network aims to support French governmental actions in support of Ukraine.

REGULAR MEDICAL MISSIONS TO UKRAINE

Our three main activities:

- ▶ Increase the dispatch of specialized doctors and nurses to Ukraine
- ▶ Organize advisory missions to Ukrainian authorities and hospitals
- ▶ Accelerate the training of nurses and doctors on site

SUPPORT FOR FRENCH COMPANIES

Doc4Ukraine is one of the key symbols of France's vital support of Ukraine and the Ukrainian people.

Doc4Ukraine also aims to support French companies in the reconstruction of Ukraine.

We are currently developing a partnership with the CCI and its partners.

THE PRESS

See us in the news

Our NGO benefits from significant media coverage on LCI, BFM TV and France Info, allowing us to recruit more and more companies to our network.

We communicate about our partners to the national media. Companies can organize communication operations based on the activity of Doc4Ukraine.

Caroline Didier, the president of Doc4Ukraine, has already participated in 40 television programs to highlight the needs of Ukrainian hospitals and and bring to light urgent humanitarian issues.

Hosted by Nelson Monfort, the press conference devoted to "Will French medical solidarity with Ukraine be sustainable?" took place on June 1st, 2022.

War in Ukraine: "I learned damage control from Ukrainian nurses," says Angeline, back from a humanitarian mission.
