Office furniture

About us

Our company has been newly founded in 2008. We are specialized in the manufacturing of office and home furniture as well as designing different furnishing plans according to our customer's needs and taste. We depend on our highly qualified group. The value of our company is based on the testimony of the customers that have been dealt with already. We strive to update and develop our products to meet the required advancement and high level.

Laboratory furniture

Wood Laboratory Furniture –Base and Wall Cabinets

Functional, durable, and stylish is the only way to describe LOC Scientifics' Wood Laboratory Furniture. These cabinets are constructed with $\frac{3}{4}$ " seven or five ply veneer with continuous ends. The door and drawer fronts have a full $\frac{3}{4}$ " board with oak veneer on two sides and $\frac{3}{8}$ " offset lip on vertical edges. Combine these features with the attractive vertical match of wood grain on the lab cabinet fronts and you will have a lab to be proud of for years to come.
