

# Important Temples in India for Bank Exams

The **temple** is a word derived from Latin word templum. A temple is a structure reserved for religious or spiritual rituals and activities, such as prayer and sacrifice. Ancient times temples are social hubs for people gather. **The Hindu temple is a symbolic house for Vedic traditions.**

The temple is designed to dissolve the boundaries between man and divine. If you go deep, you can find the mazing science behind Hindu temples. Hinduism is not mandatory for a person to visit a temple. **Hinduism, Buddhism, and several other religions** today also have temples. The temple architecture is varies depend upon the place. We can see building style is different from place to place.
