- Box of Cereal for the Winner

How to Play

We love cereal! Most people know their cereal based off of the color box and the logo. Can your students guess that brand name cereal from the cereal in a bowl. This game is best played between two students being the first to blurt out the correct answer once they see the photo.

Pro Tip:

Plan ahead and fix bowls of each of the cereals in the photos. After a student guesses the correct cereal pass out a bowl of that cereal to a few students in the audience.
