

HOLY SHIT!!! NEWS!

32nd Edition

Hell-o & whalecum to the 32nd edition of HSN!

- Musician and son of Dean Martin, Ricci Martin passed away at 62 last Wednesday. The cause of death has yet to be determined. May he R.I.P

- Yahoo has announced that they will kill off Yahoo Messenger. Yahoo is pretty much the MySpace of search engines now sooooo...? However, Oil traders seemed to rely on it (for some reason) so it looks like they're FUCKED!!! Maybe not, I mean there's Skype... Which only works HALF the goddamn time!
#MakeSkypeGreatAgain!

- A hologram of Ronnie James Dio debut at the Wacken Open Air Festival in Germany. The hologram itself was made by Eyellusion and was used for Dio Disciples (a band made up of former Dio members). The hologram will start touring in 2017. HOLY FUCK!!! Now they're all coming back to life (kinda)! First Michael Jackson, then 2Pac, and now Dio?! Shit man! We're being invaded by holograms!!! BUILD THAT VIRTUAL WALL, TRUMP!!!
THEY TOOK ERR JERBS!!!!

- Iran has banned Pokemon GO from their country. HOLY FUCKER-DOODLES!!! Over a game? That Pokemon shit must be dangerous! Well, if you count being hit by cars for being idiots and not looking across the fuckin' street, than yeah, it is. Speaking of Iran, Shahram Amiri, a Iranian Nuclear Scientist was executed by the Iranian Government for allegedly spied for the U.S. He was detained in 2010 after coming back from America for "Giving the U.S. vital information". Well, shit.

- Finally, I will be reviewing Suicide Squad. The reviews are full of shit! I personally liked the movie. The characters (especially Deadshot and Diablo) are well developed, likable, and you feel for them too... Oh and Harley Quinn booty. (Personally, I wanna see Slutty McSlut booty, but okay) It felt short for 2 hours, due to how action packed it was. Which is good, because would you wanna watch a 2 hour movie that feels long and boring? Didn't think so. Personally, I liked it better than Batman vs. Superman. I give it a 4 outta 5.

This is the madassgamer and I'm gonna remake Suicide Squad with people who actually killed themselves!
