

**Carbon Black**

**E-Number :** E153

**C. I. No. :** 77266

**Alternative Names :** C.I. Pigment Black 6,7, CarboVegetabilis, Vegetable Black, Vegetable Carbon

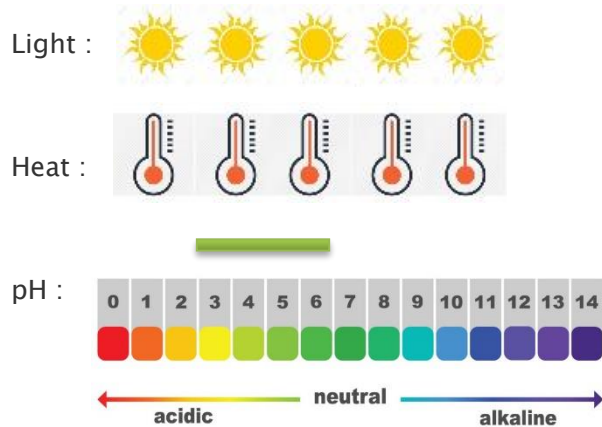

As the name suggests, CarboVegetabilis (or Carbon Black) is made from fine particles of carbonized vegetable material.

Carbon Black powder is very fine and produces a lot of dust causing cleaning problems. Roha recommends the use of the Paste format to avoid undue mess within the customer’s production facility.

Color shades range from grey to black, depending on the dosage rate used.
