WHO WE ARE

In 1995, Top-Line Furniture began with one focus: design the best furniture experience for busy consumers. With the belief that people should enjoy decorating and furnishing their homes, we set out to craft a furniture experience that was simple, accessible and user-focused.

People noticed. We quickly expanded and evolved. As we grew, so did our name. What began as Top-Line Furniture matured into iNSPIRE Q—a name that truly captures our commitment to inspire customers with quality interior designs. Our roots run decades deep, but our new name signifies our commitment to tomorrow's design—combining innovative technology with exceptional furniture. You may still hear Top-Line echo through our halls every now and then and that's OK. We understand it's our past success that allows us to build an amazing future.

We push the boundaries of furniture design to inspire and transform houses into homes.
