Il Meneghello (1996)

The Il Meneghello comes in large and small sizes (Grande and Piccolo). The large box is on the left and small on the right.

Lo Scarabeo (Gold Foil)

First Edition (1997)

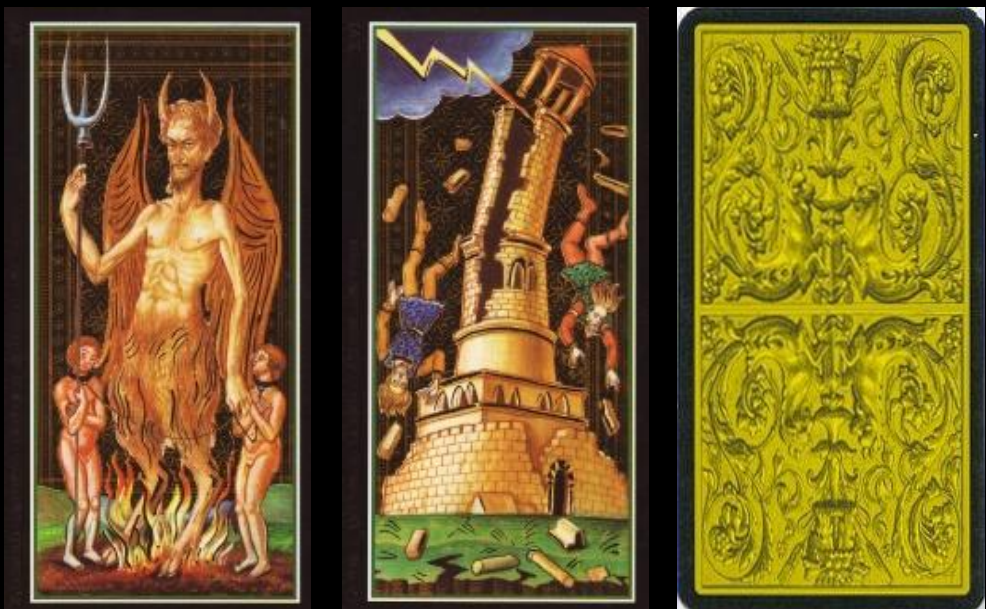

There's no publication date on the box but inside there's an information card that has a 1995 copyright. Doesn't have a booklet but comes with nine additional cards with meanings printed front and back.

Second Edition (2002)

This version comes with a booklet.

The box looks the same the first edition. The cards are slightly wider than the first, and the corners are more rounded. As with the first edition, the gold foil doesn't look that great in the pictures but in reality it's a shiny gold that looks amazing!
