

Grand Prairie ISD/UIIL Pre-Participation Physical Examination and Emergency Information Form

The below information is needed to participate in University Interscholastic League athletics. On the bottom of the back page is a place for a parent or guardian's signature and the student's signature. By signing this line you will attest that you have read all of the enclosed information concerning the student insurance policy, parent or guardian permit, general information and general eligibility rules. The signatures will also attest that you understand and agree to the statements within the medication permit and football participant warning. These signatures also attest to the complete factual nature of all answered questions on the medical history. If these signatures are not provided, then the UIL will not recognize these forms to be complete.

Student's Name _____ Sex: Male _____ Female _____ Age: _____
Last First Middle

ATHLETIC SECONDARY INSURANCE

Parents and Guardians: Grand Prairie I.S.D. will provide a limited benefit SECONDARY insurance policy for students grades 7 – 12 involved in interscholastic sports.

This insurance policy does not provide comprehensive coverage. Our insurance works as a secondary policy. You must file on any other insurance you have first and then on our policy second. Once your primary insurance has paid, then the remaining balance up to a certain maximum will be paid. If you do not have primary coverage, the school insurance will only pay the maximum allowed benefit. There is no guarantee that all medical expenses will be covered. Claim forms, available through the sport's head coach or athletic trainer, should be taken to the doctor when an injury requires professional medical treatment. Make sure all bills are itemized to insure maximum coverage. Claim forms need to be filed within 90 days of the initial injury.

The supervising coach or athletic trainer must receive prior notice that an athlete is going to the doctor because of an athletic injury. This is not done to prevent an athlete from going to the doctor, but so that we can keep up with injuries accurately and fill out the claim forms properly. Any athlete who has an injury due to UIL sports competition or workouts should report it to the athletic trainer or coach immediately. The school will not be held responsible for any visits to the doctor in which the supervising coach or athletic trainer does not receive prior notice.

Also understand that BENEFITS of the school insurance will vary according to injury and physician and/or hospitals visited. If you have any questions regarding this insurance, please call an Athletic Trainer at Grand Prairie High School - 972-809-5762 or South Grand Prairie High School – 972-343-1676.

MEDICATION PERMIT: Licensed Athletic Trainers designated by the Grand Prairie Independent School District are hereby given my consent to administer non-prescription medication to said student. All efforts will be made to contact the parent before disbursement of said medications. Only Tylenol, Ibuprofen or medications for upset stomachs will be administered to the above-mentioned student.

PARENT Initial Agree _____ Disagree _____

FOR FOOTBALL PLAYERS ONLY:

WARNING: No helmet can prevent all head or neck injuries a player might receive while participating in football. Do not use the helmet to butt, ram or spear an opposing player. This is a violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent. I have read and understand the above.

RISK OF INJURY WARNING: Students and Parents: Please be aware that any competitive athletic event has inherent physical dangers. These risks may range from minor injuries to the possibility of severe/catastrophic injuries. We feel obligated to remind students and parents of these risks. Signing this document implies only that you have read and understand the above statement.

UIL Parent Information Manual: I have been provided the UIL Parent Information Manual regarding health and safety issues and my responsibilities as a parent/guardian online at http://www.uil.utexas.edu/athletics/manuals/pdf/parent_information.pdf

A hard copy is available, upon request, in the Coordinator/Head Coach's office. PARENT Initial: _____

ACKNOWLEDGEMENT OF RULES

Attention School Authorities: This form must be signed yearly by both the student and parent/guardian and be on file at your school before the student may participate in any practice session, scrimmage, or contest. A copy of the student's medical history and physical examination form signed by a physician or medical history form signed by a parent must also be on file at your school.

Student's Name _____ Date of Birth _____

Current School _____

Parent or Guardian's Permit

I hereby give my consent for the above student to compete in University Interscholastic League approved sports, and travel with the coach or other representative of the school on any trips.

Furthermore, as a condition of participation and for the purpose of ensuring compliance with University Interscholastic League (UIL) rules, I consent to the disclosure of personally identifiable information, including information that may be subject to the Family Educational Rights and Privacy Act (FERPA), regarding the above named student between and among the following: the high school or middle school where the student currently attends or has attended; any school the student transfers to; the relevant District Executive Committee and the UIL. I further understand that all information relevant to the student's UIL eligibility and compliance with other UIL rules may be discussed and considered in a public forum. I acknowledge that revocation of this consent must be in writing and delivered to the student's school and the UIL.

It is understood that even though protective equipment is worn by the athlete whenever needed, the possibility of an accident still remains. Neither the University Interscholastic League nor the high school assumes any responsibility in case an accident occurs.

I have read and understand the University Interscholastic League rules on the reverse side of this form and agree that my son/daughter will abide by all of the University Interscholastic League rules.

The undersigned agrees to be responsible for the safe return of all athletic equipment issued by the school to the above named student.

If, in the judgement of any representatives of the school, the above student needs immediate care and treatment as a result of any injury or sickness, I do hereby request, authorize, and consent to such care and treatment as may be given to said student by any physician, licensed athletic trainer, nurse, hospital, or school representative; and I do hereby agree to indemnify and save harmless the school and any school representative from any claim by any person whomsoever on account of such care and treatment of said student.

I have been provided the UIL Parent Information Manual regarding health and safety issues including concussions and my responsibilities as a parent/guardian. I understand that failure to provide accurate and truthful information on UIL forms could subject the student in question to penalties determined by the UIL.

The UIL Parent Information Manual is located at www.uil-texas.org/files/athletics/manuals/parent-information-manual.pdf.

Your signature below gives authorization that is necessary for the school district, its licensed athletic trainers, coaches, associated physicians and student insurance personnel to share information concerning medical diagnosis and treatment for your student.

To the Parent: Check any activity in which this student is allowed to participate.

GENERAL INFORMATION

School coaches may not:

- Transport, register, or instruct students in grades 7-12 from their attendance zone in non-school baseball, basketball, football, soccer, softball, or volleyball camps (exception: See Section 1209 of the Constitution and Contest Rules).
- Give any instruction or schedule any practice for an individual or a team during the off-season except during the one in school day athletic period in baseball, basketball, football, soccer, softball, or volleyball
- Schools and school booster clubs may not provide funds, fees, or transportation for non-school activities.

GENERAL ELIGIBILITY RULES

According to UIL standards, students could be eligible to represent their school in interscholastic activities if they:

- are not 19 years of age or older on or before September 1 of the current scholastic year. (See Section 446 of the Constitution and Contest Rules for exception).
- have not graduated from high school.
- are enrolled by the sixth class day of the current school year or have been in attendance for fifteen calendar days immediately preceding a varsity contest.
- are full-time students in the participant high school they wish to represent.
- initially enrolled in the ninth grade not more than four years ago.
- are meeting academic standards required by state law.
- live with their parents inside the school district attendance zone their first year of attendance. (Parent residence applies to varsity athletic eligibility only.) When the parents do not reside inside the district attendance zone the student could be eligible if: the student has been in continuous attendance for at least one calendar year and has not enrolled at another school; no inducement is given to the student to attend the school (for example: students or their parents must pay their room and board when they do not live with a relative; students driving back into the district should pay their own transportation costs); and it is not a violation of local school or TEA policies for the student to continue attending the school. Students placed by the Texas Youth Commission are covered under Custodial Residence (see Section 442 of the Constitution and Contest Rules).
- have observed all provisions of the Awards Rule.
- have not been recruited. (Does not apply to college recruiting as permitted by rule.)
- have not violated any provision of the summer camp rule. Incoming 10-12 grade students shall not attend a baseball, basketball, football, soccer, or volleyball camp in which a seventh through twelfth grade coach from their school district attendance zone, works with, instructs, transports or registers that student in the camp. Students who will be in grades 7, 8, and 9 may attend one baseball, one basketball, one football, one soccer, one softball, and one volleyball camp in which a coach from their school district attendance zone is employed, for no more than six consecutive days each summer in each type of sports camp. Baseball, Basketball, Football, Soccer, Softball, and Volleyball camps where school personnel work with their own students may be held in May, after the last day of school, June, July and August prior to the second Monday in August. If such camps are sponsored by school district personnel, they must be held within the boundaries of the school district and the superintendent or his designee shall approve the schedule of fees.
- have observed all provisions of the Athletic Amateur Rule. Students may not accept money or other valuable consideration (tangible or intangible property or service including anything that is usable, wearable, salable or consumable) for participating in any athletic sport during any part of the year. Athletes shall not receive valuable consideration for allowing their names to be used for the promotion of any product, plan or service. Students who inadvertently violate the amateur rule by accepting valuable consideration may regain athletic eligibility by returning the valuable consideration. If individuals return the valuable consideration within 30 days after they are informed of the rule violation, they regain their athletic eligibility when they return it. If they fail to return it within 30 days, they remain ineligible for one year from when they accepted it. During the period of time from when students receive valuable consideration until they return it, they are ineligible for varsity athletic competition in the sport in which the violation occurred. Minimum penalty for participating in a contest while ineligible is forfeiture of the contest.
- did not change schools for athletic purposes.

I understand that failure to provide accurate and truthful information on UIL forms could subject the student in question to penalties determined by the UIL.

I have read the regulations cited above and agree to follow the rules.

University Interscholastic League

Parent and Student Agreement/Acknowledgement Form Anabolic Steroid Use and Random Steroid Testing

- D Texas state law prohibits possessing, dispensing, delivering or administering a steroid in a manner not allowed by state law.
- D Texas state law also provides that body building, muscle enhancement or the increase in muscle bulk or strength through the use of a steroid by a person who is in good health is not a valid medical purpose.
- D Texas state law requires that only a licensed practitioner with prescriptive authority may prescribe a steroid for a person.
- D Any violation of state law concerning steroids is a criminal offense punishable by confinement in jail or imprisonment in the Texas Department of Criminal Justice.

STUDENT ACKNOWLEDGEMENT AND AGREEMENT

As a prerequisite to participation in UIL athletic activities, I agree that I will not use anabolic steroids as defined in the UIL Anabolic Steroid Testing Program Protocol. I have read this form and understand that I may be asked to submit to testing for the presence of anabolic steroids in my body, and I do hereby agree to submit to such testing and analysis by a certified laboratory. I further understand and agree that the results of the steroid testing may be provided to certain individuals in my high school as specified in the UIL Anabolic Steroid Testing Program Protocol which is available on the UIL website at www.uiltexas.org. I understand and agree that the results of steroid testing will be held confidential to the extent required by law. I understand that failure to provide accurate and truthful information could subject me to penalties as determined by UIL.

Student Name (Print): _____ Grade (9-12) _____

Student Signature: _____ Date: _____

PARENT/GUARDIAN CERTIFICATION AND ACKNOWLEDGEMENT

As a prerequisite to participation by my student in UIL athletic activities, I certify and acknowledge that I have read this form and understand that my student must refrain from anabolic steroid use and may be asked to submit to testing for the presence of anabolic steroids in his/her body. I do hereby agree to submit my child to such testing and analysis by a certified laboratory. I further understand and agree that the results of the steroid testing may be provided to certain individuals in my student's high school as specified in the UIL Anabolic Steroid Testing Program Protocol which is available on the UIL website at www.uiltexas.org. I understand and agree that the results of steroid testing will be held confidential to the extent required by law. I understand that failure to provide accurate and truthful information could subject my student to penalties as determined by UIL.

SUDDEN CARDIAC ARREST AWARENESS FORM

Revised February 2015

Name of Student: _____

What is Sudden Cardiac Arrest?

- Occurs suddenly and often without warning.
- An electrical malfunction (short-circuit) causes the bottom chambers of the heart (ventricles) to beat dangerously fast (ventricular tachycardia or fibrillation) and disrupts the pumping ability of the heart.
- The heart cannot pump blood to the brain, lungs and other organs of the body.
- The person loses consciousness (passes out) and has no pulse.
- Death occurs within minutes if not treated immediately.

What causes Sudden Cardiac Arrest?

- **Conditions present at birth**
 - ***Inherited (passed on from parents/relatives) conditions of the heart muscle:***
 - ◆ **Hypertrophic Cardiomyopathy** – hypertrophy (thickening) of the left ventricle; the most common cause of sudden cardiac arrest in athletes in the U.S.
 - ◆ **Arrhythmogenic Right Ventricular Cardiomyopathy** – replacement of part of the right ventricle by fat and scar; the most common cause of sudden cardiac arrest in Italy.
 - ◆ **Marfan Syndrome** – a disorder of the structure of blood vessels that makes them prone to rupture; often associated with very long arms and unusually flexible joints.
 - ***Inherited conditions of the electrical system:***
 - ◆ **Long QT Syndrome** – abnormality in the ion channels (electrical system) of the heart.
 - ◆ **Catecholaminergic Polymorphic Ventricular Tachycardia and Brugada Syndrome** – other types of electrical abnormalities that are rare but run in families.
 - ***NonInherited (not passed on from the family, but still present at birth) conditions:***
 - ◆ **Coronary Artery Abnormalities** – abnormality of the blood vessels that supply blood to the heart muscle. The second most common cause of sudden cardiac arrest in athletes in the U.S.
 - ◆ **Aortic valve abnormalities** – failure of the aortic valve (the valve between the heart and the aorta) to develop properly; usually causes a loud heart murmur.
 - ◆ **Non-compaction Cardiomyopathy** – a condition where the heart muscle does not develop normally.
 - ◆ **Wolff-Parkinson-White Syndrome** – an extra conducting fiber is present in the heart's electrical system and can increase the risk of arrhythmias.
- **Conditions not present at birth but acquired later in life:**
 - ◆ **Commotio Cordis** – concussion of the heart that can occur from being hit in the chest by a ball, puck, or fist.
 - ◆ **Myocarditis** – infection/inflammation of the heart, usually caused by a virus.
 - ◆ **Recreational/Performance-Enhancing drug use.**
- **Idiopathic:** Sometimes the underlying cause of the Sudden Cardiac Arrest is unknown, even after autopsy.

SUDDEN CARDIAC ARREST AWARENESS FORM

Revised February 2015

What are the symptoms/warning signs of Sudden Cardiac Arrest?

- Fainting/blackouts (especially during exercise)
- Dizziness
- Unusual fatigue/weakness
- Chest pain
- Shortness of breath
- Nausea/vomiting
- Palpitations (heart is beating unusually fast or skipping beats)
- Family history of sudden cardiac arrest at age < 50

ANY of these symptoms/warning signs that occur while exercising may necessitate further evaluation from your physician before returning to practice or a game.

What is the treatment for Sudden Cardiac Arrest?

- Time is critical and an immediate response is vital.
- **CALL 911**
- **Begin CPR**
- **Use an Automated External Defibrillator (AED)**

What are ways to screen for Sudden Cardiac Arrest?

- The American Heart Association recommends a pre-participation history and physical including 14 important cardiac elements.
- **The UIL *Pre-Participation Physical Evaluation – Medical History* form includes ALL 14 of these important cardiac elements and is mandatory annually.**
- Additional screening using an electrocardiogram and/or an echocardiogram is readily available to all athletes, but is not mandatory.

Where can one find information on additional screening?

- The Cardiac section on the UIL Health and Safety website (uiltexas.org).

What is a concussion?

A concussion is an injury to the brain. It is caused by a bump, blow, or jolt to either the head or the body that causes the brain to move rapidly within the skull. The resulting injury to the brain changes how the brain functions in a normal manner. The signs and symptoms of a concussion can show up immediately after the injury or may not appear for hours or days after the injury. Concussions can have serious long-term health effects, and even a seemingly mild injury can be serious. A major concern with any concussion is returning to play too soon. Having a second concussion before healing can take place from the initial or previous concussion can lead to serious and potentially fatal health conditions.

What are the symptoms of a concussion?

Signs and symptoms of a concussion are typically noticed right after the injury, but some might not be recognized until days after the injury. Common symptoms include: headache, dizziness, amnesia, fatigue, confusion, mood changes, depression, poor vision, sensitivity to light or noise, lethargy, poor attention or concentration, sleep disturbances, and aggression. The individual may or may not have lost consciousness.

What should be done if a concussion is suspected?

1. Immediately remove student from practice or game
2. Seek medical attention right away
3. Do not allow the student to return to play until proper medical clearance and return to play guidelines have been followed. The permission for return to play will come from the appropriate health care professional or professionals.

If you have any questions concerning concussions or the return to play policy, you may contact the athletic administrator at your school.

What should the athlete know about playing with a concussion?

Teach athletes it's not smart to play with a concussion. Rest is the key after a concussion. Sometimes athletes, parents, and other school or league officials wrongly believe that it shows strength and courage to play injured. Discourage others from pressuring injured athletes to play. Don't let your athlete convince you that they're "just fine."

What are the risks of returning to activity too soon after sustaining a concussion?

Prevent long-term problems. If an athlete has a concussion, their brain needs time to heal. Don't let them return to play the day of the injury and until a health care professional, experienced in evaluating for concussion, says they are symptom-free and it's OK to return to play. A repeat concussion that occurs before the brain recovers from the first—usually within a short time period (hours, days, weeks)—can slow recovery or increase the chances for long-term problems.

What can happen if my child keeps on playing with a concussion?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete's safety.

Return to Play Guidelines According to Natasha's Law :TX HB2038

All athletes who sustain head injuries are required to be evaluated by their primary care physician. They must have a normal physical and neurological exam prior to being permitted to progress to activity. This includes athletes who were initially referred to an emergency department.

1. Activity progressions
 - a. Athlete must be symptom free
 - b. Light aerobic exercise with no resistance training
 - c. Sport specific activity
 - d. Non-contact training drills with resistance training
 - e. Full contact training drills (must have physician clearance)
 - f. Note – Athlete progression continues as long as athlete is asymptomatic at current level.
If the athlete experiences any post concussion symptoms, you wait 24 hours and start the progressions again at the beginning.
2. Physician clearance
3. Athletic Trainer clearance

Liability Provisions

The student and the student's parent or guardian or another person with legal authority to make medical decisions for the student understands this policy does not:

1. waive any immunity from liability of a school district or open-enrollment charter school or of district of charter school officers or employees;
2. create any liability for a cause of action against a school district or open-enrollment charter school or against district or charter school officers or employees;
3. waive any immunity from liability under Section 74.151, Civil Practice and Remedies Code.
4. create any liability for a member of a concussion oversight team arising from the injury or death of a student participating in an interscholastic athletics practice of competition, based only on service on the concussion oversight team.

Parental Consent

By signing this form, I understand the risks and dangers related with returning to play too soon after a concussion. Furthermore, in the event that my son/daughter is diagnosed with a concussion, I give my consent for my son/daughter to participate in and comply with the GPISD return to play protocol. The undersigned, being a parent, guardian, or another person with legal authority, grants this permission.

PREPARTICIPATION PHYSICAL EVALUATION -- MEDICAL HISTORY

REVISED 12-4-14

This **MEDICAL HISTORY FORM** must be completed *annually* by parent (or guardian) and student in order for the student to participate in athletic activities. These questions are designed to determine if the student has developed any condition which would make it hazardous to participate in an athletic event.

Student's Name: (print) _____ Sex _____ Age _____ Date of Birth _____
 Address _____ Phone _____
 Grade _____ School _____
 Personal Physician _____ Phone _____

In case of emergency, contact:

Name _____ Relationship _____ Phone (H) _____ (W) _____

Explain "Yes" answers in the box below**. Circle questions you don't know the answers to.

	Yes	No		Yes	No
1. Have you had a medical illness or injury since your last check up or sports physical?	<input type="checkbox"/>	<input type="checkbox"/>	13. Have you ever gotten unexpectedly short of breath with exercise?	<input type="checkbox"/>	<input type="checkbox"/>
2. Have you been hospitalized overnight in the past year?	<input type="checkbox"/>	<input type="checkbox"/>	Do you have asthma?	<input type="checkbox"/>	<input type="checkbox"/>
Have you ever had surgery?	<input type="checkbox"/>	<input type="checkbox"/>	Do you have seasonal allergies that require medical treatment?	<input type="checkbox"/>	<input type="checkbox"/>
3. Have you ever had prior testing for the heart ordered by a physician?	<input type="checkbox"/>	<input type="checkbox"/>	14. Do you use any special protective or corrective equipment or devices that aren't usually used for your sport or position (for example, knee brace, special neck roll, foot orthotics, retainer on your teeth, hearing aid)?	<input type="checkbox"/>	<input type="checkbox"/>
Have you ever passed out during or after exercise?	<input type="checkbox"/>	<input type="checkbox"/>	15. Have you ever had a sprain, strain, or swelling after injury?	<input type="checkbox"/>	<input type="checkbox"/>
Have you ever had chest pain during or after exercise?	<input type="checkbox"/>	<input type="checkbox"/>	Have you broken or fractured any bones or dislocated any joints?	<input type="checkbox"/>	<input type="checkbox"/>
Do you get tired more quickly than your friends do during exercise?	<input type="checkbox"/>	<input type="checkbox"/>	Have you had any other problems with pain or swelling in muscles, tendons, bones, or joints?	<input type="checkbox"/>	<input type="checkbox"/>
Have you ever had racing of your heart or skipped heartbeats?	<input type="checkbox"/>	<input type="checkbox"/>	If yes, check appropriate box and explain below:		
Have you had high blood pressure or high cholesterol?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> Head	<input type="checkbox"/> Elbow	<input type="checkbox"/> Hip
Have you ever been told you have a heart murmur?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> Neck	<input type="checkbox"/> Forearm	<input type="checkbox"/> Thigh
Has any family member or relative died of heart problems or of sudden unexpected death before age 50?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> Back	<input type="checkbox"/> Wrist	<input type="checkbox"/> Knee
Has any family member been diagnosed with enlarged heart, (dilated cardiomyopathy), hypertrophic cardiomyopathy, long QT syndrome or other ion channelopathy (Brugada syndrome, etc), Marfan's syndrome, or abnormal heart rhythm?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> Chest	<input type="checkbox"/> Hand	<input type="checkbox"/> Shin/Calf
Have you had a severe viral infection (for example, myocarditis or mononucleosis) within the last month?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> Shoulder	<input type="checkbox"/> Finger	<input type="checkbox"/> Ankle
Has a physician ever denied or restricted your participation in sports for any heart problems?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> Upper Arm	<input type="checkbox"/> Foot	
4. Have you ever had a head injury or concussion?	<input type="checkbox"/>	<input type="checkbox"/>	16. Do you want to weight more or less than you do now?	<input type="checkbox"/>	<input type="checkbox"/>
Have you ever been knocked out, become unconscious, or lost your memory?	<input type="checkbox"/>	<input type="checkbox"/>	17. Do you feel stressed out?	<input type="checkbox"/>	<input type="checkbox"/>
If yes, how many times? _____			18. Have you ever been diagnosed with or treated for sickle cell trait or cell disease?	<input type="checkbox"/>	<input type="checkbox"/>
When was your last concussion? _____			<i>Females only</i>		
How severe was each one? (Explain below)			19. When was your first menstrual period? _____		
Have you ever had a seizure?	<input type="checkbox"/>	<input type="checkbox"/>	When was your most recent menstrual period? _____		
Do you have frequent or severe headaches?	<input type="checkbox"/>	<input type="checkbox"/>	How much time do you usually have from the start of one period to the start of another? _____		
Have you ever had numbness or tingling in your arms, hands, legs or feet?	<input type="checkbox"/>	<input type="checkbox"/>	How many periods have you had in the last year? _____		
Have you ever had a stinger, burner, or pinched nerve?	<input type="checkbox"/>	<input type="checkbox"/>	What was the longest time between periods in the last year? _____		
5. Are you missing any paired organs?	<input type="checkbox"/>	<input type="checkbox"/>			
6. Are you under a doctor's care?	<input type="checkbox"/>	<input type="checkbox"/>			
7. Are you currently taking any prescription or non-prescription (over-the-counter) medication or pills or using an inhaler?	<input type="checkbox"/>	<input type="checkbox"/>			
8. Do you have any allergies (for example, to pollen, medicine, food, or stinging insects)?	<input type="checkbox"/>	<input type="checkbox"/>			
9. Have you ever been dizzy during or after exercise?	<input type="checkbox"/>	<input type="checkbox"/>			
10. Do you have any current skin problems (for example, itching, rashes, acne, warts, fungus, or blisters)?	<input type="checkbox"/>	<input type="checkbox"/>			
11. Have you ever become ill from exercising in the heat?	<input type="checkbox"/>	<input type="checkbox"/>			
12. Have you had any problems with your eyes or vision?	<input type="checkbox"/>	<input type="checkbox"/>			

An individual answering in the affirmative to any question relating to a possible cardiovascular health issue (question three above), as identified on the form, should be restricted from further participation until the individual is examined and cleared by a physician, physician assistant, chiropractor, or nurse practitioner.

****EXPLAIN 'YES' ANSWERS IN THE BOX BELOW (attach another sheet if necessary):**

It is understood that even though protective equipment is worn by the athlete, whenever needed, the possibility of an accident still remains. Neither the University Interscholastic League nor the school assumes any responsibility in case an accident occurs.

If, in the judgment of any representative of the school, the above student should need immediate care and treatment as a result of any injury or sickness, I do hereby request, authorize, and consent to such care and treatment as may be given said student by any physician, athletic trainer, nurse or school representative. I do hereby agree to indemnify and save harmless the school and any school or hospital representative from any claim by any person on account of such care and treatment of said student.

If, between this date and the beginning of athletic competition, any illness or injury should occur that may limit this student's participation, I agree to notify the school authorities of such illness or injury.

I hereby state that, to the best of my knowledge, my answers to the above questions are complete and correct. Failure to provide truthful responses could subject the student in question to penalties determined by the UIL

Student Signature: _____ Parent/Guardian Signature: _____ Date: _____

Any Yes answer to questions 1, 2, 3, 4, 5, or 6 requires further medical evaluation which may include a physical examination. Written clearance from a physician, physician assistant, chiropractor, or nurse practitioner is required before any participation in UIL practices, games or matches. THIS FORM MUST BE ON FILE PRIOR TO PARTICIPATION IN ANY PRACTICE, SCRIMMAGE OR CONTEST BEFORE, DURING OR AFTER SCHOOL.

It is understood that even though protective equipment is worn by the athlete, whenever needed, the possibility of an accident still remains. Neither the University Interscholastic League nor the GPISD Schools assumes any responsibility in case accident occurs.

If, in the judgment of any representative of the school, the above student should need immediate care and treatment as a result of injury or sickness, I do hereby request, authorize, and consent to such care as may be given said student by any physician, athletic trainer, nurse or school representative, and I do hereby agree to indemnify and save harmless the school and any school or hospital representative from any claim by any person whomsoever on account of such care and treatment of said student.

If, between this date and the beginning of athletic competition, any illness or injury should occur that may limit this students' participation, I agree to notify the school authorities of such illness or injury
