
Your Cure

Verse 1

You healed the lepers from their bodies' plight.
You lifted up a dead girl from the night.
You even felt the touch of one who hid in the crowd.
You healed the conscience of those who were worldly proud.

Chorus

So I ask for your cure to make me strong.
My cure list is so long.
With help I'll start doing right.
With help I'll see your light.

Verse 2

Please cure my body so I can do your will.
My attitude needs positive-ness still.
My love for others needs a genuine overhaul.
My understanding needs a listening ear so much more.

Chorus

Verse 3

Please cure intolerance so examples I can set
To all my peers to live a new mindset.
Mould my enthusiasm to help me to inspire.
Mould my commitment to make your work my daily desire.

Chorus

Coda

My cure list is so long.
With help I'll start doing right.
With help I'll see your light.
