Safety Shoes inspired by athletic footwear technology and performance. Cheetah® Reflex keeps you safe and unbelievably comfortable at work or on the go.

AluCap

30% less weight than steel toes for greater comfort.

SoleGard

Metal free nail proof layer protects from puncture hazard.

Energy Gel®

Heel cushion returns energy at every step to reduce fatigue.

Heat Resistant Outsole

Able to withstand short-term hot contact up to 200°C (PU) and 300°C (Nitrile).

Ortholite® Sole

Long-lasting performance insoles eliminate sweat and odor.

DuofoleX™

Soft foam fused with durable nitrile outsole for everlasting comfort.

ESD Footwear

Designed to remove static and prevent spark hazard.

Slip Resistant

Cleats designed to provide maximum surface grip.
