A still life photograph of a dining table. In the foreground, a large wooden platter is filled with a variety of meats, including salami and prosciutto, along with vegetables like carrots, beets, and onions. To the left of the platter is a tall wine glass filled with white wine, sitting on a black and gold coaster. Behind the platter, there are several small bowls containing different types of food, including what appears to be a salad with orange segments and a bowl with a white sauce. A small jar of nuts is also visible. The table is made of light-colored wood, and the background is dark and out of focus.

‘Thank you so much to you and your team for hosting us last night! The Aesop team had such a wonderful time, and I know everything from the food, drinks, cinema and service was so appreciated by all. Definitely a fun evening and would always love to have another celebration there in the future! Once again, a big thank you from us all!’

Aesop

A top-down view of a restaurant table. On the left is a dark grey plate with a stack of fried food, including what looks like a fried potato wedge, a fried fish fillet, and some fried onions. In the center is a glass of amber-colored liquid (whiskey) with a large ice cube, sitting on a black and gold striped coaster. To the right is a dark red leather menu with a circular embossed logo. The table surface is a light-colored wood. In the bottom right corner, a small portion of another plate with food is visible.

‘A big thank you again for everything for our MaXXXine screening on Wednesday! Everything ran so smoothly and the feedback from the event has been so positive - the custom cocktails were such a hit. Could not have imagined doing this one anywhere else.’

NBC Universal

‘We booked exclusive access for our office staff awards and Christmas party, utilising both the cinema and bar on Monday afternoon, and it was superb! The event as a whole was truly sensational. The ambience, the warm welcome from your staff, the venue set up, the movie, the catering, the bar service and staff, the coffee (my personal fave!) and most importantly the cheese toasties – every aspect of the Golden Age has reached iconic status in our office and I can’t thank your team enough!’
