ACADEMIC PROJECTS

Doing What Works Website UX Project — User Experience

Santa Monica College, Santa Monica, CA
Fall 2023

- Worked to create a vision for the UX experience of the Doing What Works podcast website.
- Utilized a variety of research methods such as conducting card sorts, netnography, user testing, and scenarios.
- Created a set of wireframes based on scenarios.

SMC Archive UX Project — User Experience, Graphic Design

Santa Monica College, Santa Monica, CA
Fall 2023

- Developed ways to improve the UX experience of the SMC Archive.
- Utilized research methods such as interviews, Persona's, and creating a Customer Journey Map.
- Created original 18x24" poster for the SMC Archive using Adobe Illustrator.

Toy Store Rebranding Project — Graphic Design

Santa Monica College, Santa Monica, CA
FALL 2022

- Worked with a small team of designers with the goal of the rebranding of a toy store.
- Utilized photoshop to create mockups of how the storefront could be redesigned with the new branding.
- Designed advertising materials, such as a trifold brochure and a postcard.

WORK EXPERIENCE

U.S Census Enumerator

United States Census Bureau

August 2020

- Was responsible for conducting interviews for the 2020 U.S Census.
- As an enumerator I had to record accurate information of my interviews.
