Assemblage – High back lounge
Design by Todd Bracher

Inviting, contemporary and suited for longer periods of sitting, **Assemblage** is a unstructured lounge chair with maximized comfort.

Like a backbone, the simple rigid shell expresses its function while maintaining a certain lightness. The accommodating flexibility of the seat balances the necessary rigidity of the backrest. With seating surfaces and cushions cleverly independent from its structure, Assemblage can dress up or dress down according to its environment: formal or informal workspaces, lounges, entrance halls and conference rooms.
