SKU: IC-ET-51-NAT, IC-ET-51-GRY, IC-ET-51-WLT, IC-ET-51-TC

Dimensions: 18" x 18" x 22"

Material: Mango Wood

Overview

Introduce a sophisticated elegance to your living space with our **Fluted Pedestal Side Table**. With its tactile geometry, this piece bridges the gap between mid-century architectural design and contemporary organic warmth. Whether styled as a singular statement or nested in a cluster, its presence is both grounded and striking.

Design

The soul of this table lies in its **fluted base**. The vertical channeling creates a dynamic visual texture that plays with light and shadow. The circular tabletop provides a soft, balanced contrast to the structured lines of the pedestal, offering a spacious surface for books, botanicals, or a morning coffee.

Artisanship

Crafted from **Mango Wood**, each table is a unique celebration of nature. The dense, durable wood is hand-finished to highlight each color's unique character.
