**Akashic Record Readings**  
by: Polla©

Hello Fellow Sovereign Spirits!

Thank you for receiving the divine gifts these Akashic Record reading transcripts have to give you.

I began reading my own Akashic Records several years ago. However, last year after I made a decree and consciously passed through the 2020 Grand Junction Solstice Stargate Portal--my readings changed.

I heard new voices that started telling me about how infinite intelligence is predestined to unfold from within us and how we are collaboratively creating our New Earth with galactic Spirit tribes from a variety of planets, dimensions, realms and galaxies across the multiverse.

Turns out these all-inspiring Akashic Readings brought me through what was to become the darkest days of my life and the most painful yet blessed Soulful Initiation I have ever experienced.

I am now convinced that our greatest teachers are within us, guiding us, protecting us, and leading us to be at the exact right place, at the exact right time.

I hope that these Akashic readings inspire and touch you, and serve to show you, encourage you and bring you to develop your own capacity to connect with and channel your higher soul selves and all that is, was and ever will be.

Cheers to co-creating our New Earth together!

Love,

*Polla*

## **Congratulations On Stepping Into The New Free World**

This "unseen" world is now leading you.

Look around you. What do you see? sense? feel?

Welcome, your orientation now begins.

Keep your heart open, and your light turned up bright, you now see, sense and feel in 360 degree, spherical, multi-dimensional awareness.

This is a new world indeed. Love, light and healing prevail. In fact, they are the tickets to entry.

Those that pass into this New Free World have done their inner work, have passed all the tests and have proven themselves worthy of the gifts bestowed upon them in their entrance.

Since your passage was seemingly instantaneous, we would like to take some "time" to be with you as you stand on the other side of the threshold.

Take a deep breath, congratulate yourself and get used to living in and experiencing ecstatic joy and being a full-time light bearer. This doesn't happen in glimpses anymore like it did in the old world--it is constant here.

You will need to acclimatize and embody the constant frequencies and wisdom you are imbued with here.

Get ready to be "blown away" every day, because the old world identities and the realities they created are alive no more.

There will be a time of recalibration, for you and all the other brave souls who dared to enter the great portal to God and all that is, was, and ever will be—as you will need to integrate into new wholeness.

Welcome to timelessness and having access to infinite creativity. This potent realm has been entrusted to you because you have proven yourself trustworthy and have earned it.

Rejoice and relax in knowing you have made it through the grandest, most coveted transformational portal that exists in the entire multi-verse.

Recalibration takes "time". Your work right now is to relax, enjoy and BE LOVE, moment by moment. Don't underestimate the challenge and lessons this presents.

As you master BEING LOVE and allowing, accepting and becoming: BEING LOVE, you will witness the grandest transformation possible.

We are crying tears of joy as we watch droves of human souls pass through this ultimate portal into the highest illumination ever known by mankind.

We feel ripples throughout the multiverse as earth bound energies spew radiant LOVE.

Right now we hear the voice of earthly existence ROARING with empowered sovereignty as never before.

Carry the torches while roaring in your new found Spiritual Freedoms--you are on the front lines and those behind you not only have your back--they are pushing the doors down and fueling you forward.

Its all one connected movement, you are ALL-ONE whole, undivided, life force energy.

There is no room for ego here. In fact ego sends itself to the back of the bus.

You remain on the front carrying the torches as long as you remain clear, conscious, open-hearted and BEING-LOVE-IN-THE-MOMENT.

Stand tall, be proud (in the Spiritual sense) and Welcome to this new day in your New Free World.

Amen.

# Beacon of Light

## Beacon of Light

You are a beacon of light. Your light shines bright from your inside out. Like moths to a flame others are attracted to your light.

Your light carries meaning. Everyone will translate your light into their own meaningful terms.

Be yourself and trust the light to speak through you as it is right now. We speak through you, through light waves that your super sensitive and smart system translate these words onto the page.

Hello, we are your Spiritual Support Team. We are here to help you help yourself, and humanity, to cross the bridge into the new free world that you seek to create and is destined to be created.

As we hold your hand, and you trust us, new bonds are made that carry new energies and healing.

You are a beacon of light. A chosen one, here at this time to grace this world with the medicine it needs to free itself.

You mastered the tyranny of your Father in this life. And you mastered the tyranny of the overlords in Feudal times. You lead the Vikings on crusades that protected and defended their communities from the ravages of all those out to destroy them and take their wives, children and belongings.

Your history is long and noble. Your valiant efforts throughout millennia, mixed in with lifetimes of terror and being slaughtered by malevolent others--brings you to this hard earned position you now carry as a beacon of light.

Its a glorious position you now hold. Trust that all your devoted hard work--up till now-- has brought you to this profound moment in time.

Trust your inner knowing and feelings of empowered truth. You are a Kingly Freedom Fighter.

The veil has now been lifted and so you can now see yourself for who you truly are. You are fierce, fiery and ferocious.

And, you are deeply, deeply loving and nurturing.

People feel protected and safe around you. They intuitively know that you are a savior of sorts, and that you will fight to the death for their well being.

We share this with you now so that you can know for certain the powerful Ox you are. Go forth knowing your omnipotent strength accumulated over lifetimes. Few have the prowess of charismatic leadership that you carry. You are indeed one of the notable greats now on the planet bringing in the new free world.

Your support systems stretch through galaxies of light more vast than is possible for you to comprehend.

Allow yourself to truly claim your rightful position. We feed you truth now so you can remember who you are and go forth and conquer the dark forces--only this time with light and love and by shining your most brilliant beacon of light.

This is part of your orientation to the New Earth, that which you have freshly entered into.

We are here to guide you and help you to remember your role and hard earned purpose.

Shall you get confused or scared, we are here always, and at a moments notice will shine our omnipotent galactic lights upon you.

Let us hold you in our light--our light informs New World Creations. Follow your heart and trust your vision. There are no mistakes only illusions that misrepresent beauty and truth.

Life is for enjoying. You have lost sight of this in your quest for your divine purpose.

Trust us when we say--you are and always have been destined to achieve your true purpose.

What we are saying is: you don't need to work so hard. In fact, please don't.

We want you to enjoy, enjoy, enjoy.

If this is hard for you at any time, then this is your work--to relax back into joy.

Heart-full joy is the eternal source of your all-inspiring and transformative beacon of light.

Darkness is Roaring all around the earth--and your beacon of light is the signal that draws the troops to amplify it.

Light amplification outshines the dark and this is how the New Earth is created--out of the increasing light and all the love filled joy-ities it brings forward.

You are one of many beacons of light on the planet at this time. Trust your frequencies naturally recognize and align themselves with each other. The naturally increasing light is a movement choreographed by cosmic intelligence.

Just open your whole being and let the light shine through. You are indeed being guided by even higher sources of light from eternal sources beyond comprehension.

Keep one foot in front of the other, stay steady and let the massive light infusion entering your realm carry you into itself.

Welcome to this new day, and this new way of being, relating and creating.

Embrace JOY and let the light overcome you.

Amen.

## Hear Me Now

Hear me now when I say to you, you are God, you are Sovereign, you are Free.

You are all that is, was, and ever will be.

You are a Pure Creator Being and you Create Worlds from Within.

The inner voice you are hearing now is your collective soul's voice. Your soul is living at once in the past, present and future.

Your soul simultaneously exists across all time & space and your Soul Selves are now joining to bring you this soulful message.

Hear me now, and listen deep, as you are now doing. You are creating a divine alignment that resonates and connects pure love & truth & transforms & unifies all your embodied & ethereal life forms at once.

We, the collective of your precious soul selves are from a variety of dimensions, realms, galaxies and planets. You are indeed a Multi-dimensional old soul, experienced in Cosmic Community Development.

This time around you are being given the profound opportunity to unify your soul selves into ONE coherent BEING, and as you hear me now, you are doing just that.

**BRAVO!** Your starship has arrived and you are now on board and learning to ride infinite, eternal cosmic waves.

We would like to clear up the misnomer that planets & galaxies are far away, and that eternity is a vast & infinite stretch of time, for there is no time & space, they are mere illusions in earthly, flesh bound dimensions.

The true miracle and gift happening now for you and many others, is that that illusion is breaking apart and you are now escaping thru the cracks and flying freely, inter-dimensionally, and sovereignly.

As you sit and hear me now, your soul selves are integrating and unifying and gaining coherency and pure power from within your embodied precious portal.

We are many, and yet we are ONE, and we are indeed everywhere all at once. Profound paradoxes present pure love and truth and pave the way towards your ultimate purification and empowerment.

We have been watching over you for millennia, and gaining experience and wisdom along the way, in this NOW moment we are gathered together and presenting ourselves as the ONE TRUE SOUL SELF YOU TRULY ARE.

So hear me now when I say to you, you are pure power, a true potent army of divine cosmic soldiers wrapped up into ONE seemingly flesh bound creature.

As you hear me now, you are just beginning to understand—just how powerful you truly are.

You are indeed an Army of Multi-Dimensional Wisdom Dwellers, backed with Cosmic Cures, Supreme Skills, Infinite Intelligence, and Sovereign Strategies.

This is why you now stand of the front lines of the most epic Spiritual battle ever fought and ever won.

You are one of many undergoing this Ultimate Unification as you move towards the Ultimate Bifurcation and lead yourself and others into higher dimensions and callings.

You can Trust the organic alignment of seemingly “other” souls, showing up in their fleshly forms, next to you, and as this happens, you naturally unite, blend together and become the MOST POWERFUL FORCE EVER CREATED!

Whatever you may perceive on the “outside”, all the dark forces that be, that seem to want to destroy, capture and control, hear me now when I tell you, all the multi-dimensional armies within each and every awake one now aligning together—SUPERCEED & FAR OUTPOWER & OUT MANEUVER dark demons and their agendas.

And, hear me now as I tell you, your collective Sovereign Success is Sure. Stay true to yourselves. Your individual and collective Soul Selves are but ONE—UNIFIED—PURE—CONSCIOUS—LOVING—WHOLE.

Amen.

## Breathe in Love

Every breath you take is Spirit food that feeds your souls calling. Every breath you take nourishes your never-ending connection with all that IS.

Every breath you take fuels your healing heart to grow itself so it can offer more healing.

Every breath you take is divine remembrance of the precious gift of life in each now moment.

Every breath, breath after breath connects us with what is most important—the continuity of life flowing through us. Breathing is not just for incarnates. Breathing is something whole galaxies and planets and star systems do.

Breath is wave form, it informs itself as it informs all that is, was and ever will be. Our individual breaths are holographic and in seeming seconds evolve and transform our inner worlds in wonderful ways that our way-showing minds and hearts are unaware of.

We most often take for granted each and every breath and only celebrate and cherish our breath in fits and spurts through intentional and conscious breath practices.

Imagine for a moment how it would be, to be conscious and deeply grateful for and appreciative of the power of each and every breath we take?...How healing, revealing and reality changing that would be.

Every breath we take is world changing. Every breath we take connects us to unified field resonances that stretch beyond all time and space. Every breath we take is eternal—as ALL is one-connected-whole in this now moment.

Every breath we take has the power to grow galaxies of God given goodness, and God given grief. Breath carries our emotions through the ethereal depths of our DNA.

What if we were to become aware of every breath and what every breath consciously moves through us?

We are nearing the “time” when our conscious capacity to understand the depths, breadth and meaningful significance each and every breath carries. Miracles on the horizon await New Earth inhabitants as they learn how to breathe in love on every breath, so purely, that they exhale pure love as well.

Recycling each breath of love until the whole New Earth is filled with only Pure Love wave forms, manifests heaven on earth, and a whole new species of lovers. Breathe in love, and chose to create a world of lovers through each complete breath you take.

The more of us who chose to create in this way—the easier and quicker our transition into free flowing, universally connected heart filled LOVE will be.

Breathe in love and birth New Earth. Its through practice and intention for each love filled breath we take, that we create anew.

Practice makes perfect and we are now on our way to becoming the Land of Lovers—where the love in our hearts prevails and pure love filled passion flows through our pores into every thought, word, action and deed.

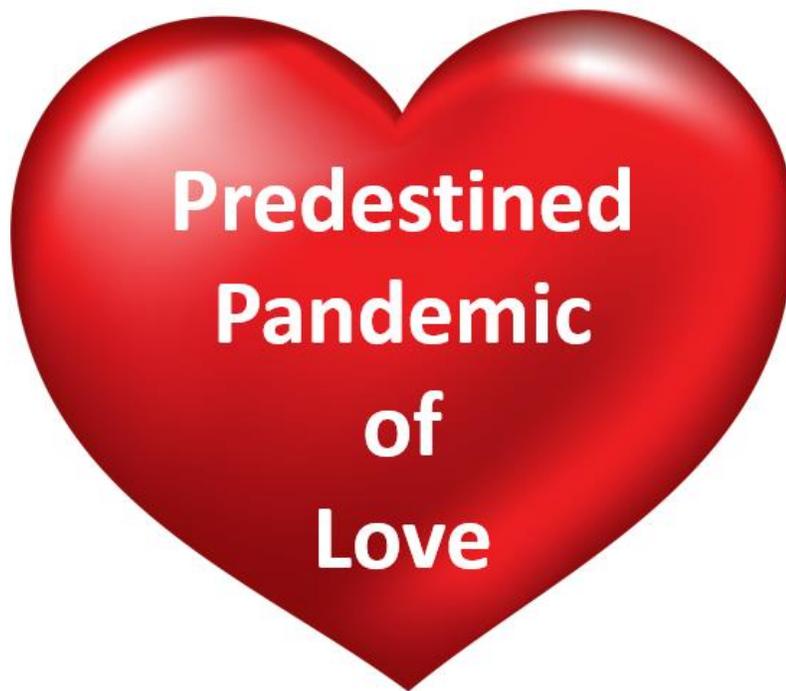

Love is a God given protector and purifier and carries a wisdom of its own. Breath is the pollinator of Love, with each complete breath we send out either swarms of bees that sting or swarms of bees that pollinate Love Flowers increasing beauty in our world.

Choose to breathe in love, and choose to consciously make our world a better place—one breath at a time. Its is indeed one breath at a time that we will individually and collectively breathe in our new, love filled, New Earth plane.

Please join us now in a long, slow, deep, breath of love in, and out comes an increasingly unified field of love. Each loved filled breath is accumulative—so please know that each love filled breath picks up where it left off, and it is in this way that the Land of Lovers is created.

Imagine living in a Land of Lovers—pure form lovers—where every living creature collaborates to grow an ever-increasing field of infinite love expanding throughout the universe. Now with this thought, and feeling that follows, breathe in love and gratitude for the land of lovers you now create.

Amen.

## **Predestined Pandemic of Love**

We are in love with you. As we shine our radiant light filled love upon you, we see you light up from within, and we hear your heart calling out, giving great thanks and singing its most beautiful song.

Love is contagious. It spreads itself through our heart resonance that shines through the pores of our loving human nature, through our soulful eyes, and through our soulful smiles.

We all know when love is in the air for its soulful scent wakes up our supreme senses, sending us into portals where passion prevails, and possibilities pertaining towards increasing love, persist.

Love grows itself like nothing else can. Love opens doors and love paves the way for miracles to happen. As we shine our radiant, light filled love upon you, we protect you and provide nutrients for you to grow even greater Love from within you.

Love spreads itself everywhere you go, through everyone you encounter, and spills out a contagious global glue that gathers even greater love.

Love knows how to find itself. If ever you don't feel love in any given moment, please tune into our ever-flowing light filled radiant love that we are always shining upon you.

At once you will feel its warmth expanding and opening your innards to receive more love.

The more you allow yourself to feel the love always available to you, the more love you gain, gather and spread, until you become a pure channel of love streaming unto itself, falling in love with yourself and everyone else.

Once this happens, that you are in love with yourself and everyone else, there is no escaping your omnipotent love of all that IS, was and ever will be.

Love is contagious and spreads itself pandemically.

Once love starts spreading, and people start opening to receive it, portals of pandemic proportion propagate and propel love—spreading it even further and penetrating itself deeper and deeper into the depths of our DNA.

Love will be satisfied with itself once it has penetrated every pore of every person on the planet. And, Love is passionate about its divine mission to penetrate even the darkest hearts now hurting and hoping to heal.

Love is super smart and always finds its way into all the people and places who need it most. Love hears our prayers and always answers with Love.

Love is highly contagious and is now the fastest growing field of radiant light sweeping our New Earth. Love is indeed the fastest growing, and only true pandemic on the planet.

As the current Love Pandemic sweeps the globe, it recalibrates, reframes and resets all our relations.

We didn't plan for this Love Pandemic, but it planned itself for us. Love knows and love goes to where its needed the most.

With a planet of people in seeming peril, you can be sure that Love knows what to do, where to go, and how to be itself, spread itself and protect all who enter into its portal.

Even those who don't consciously pass through its divine portal, because Love is so contagious and permeates every open pore—all is penetrated.

The greatest pandemic on the planet is happening now, and despite popular belief, it is a Pandemic of Love, and is spreading itself, just in time, and just as needed, and just as its naturally pre-programmed to do.

This Predestined Pandemic of Love is the most contagious cure for old world woes, and most potent medicine to purify and protect all peoples on this beautiful planet now entering the Age of Aquarius and its Love filled incarnation.

Let us now pray and give great thanks for this Predestined Pandemic of Love now penetrating all peoples and their plans for co-creating Love filled New Earth realities.

Amen.

## Ready to Receive

Get ready to receive the biggest gifts life has to offer. We are here and have been watching you and witnessing you get yourself, ready to receive, light filled transmissions which bless you with superhuman powers, that heal the broken systems and Spirits on the old earth, and help you birth, the New Earth.

Radiance and love abound and are ready for your reception. Open your hearts and feel this diving corporeal blessing.

As you do, you upgrade your DNA and cast a vibrational net out, all around you, that can felt by, the whole world and beyond.

Alas, you have arrived at this precious precipice where the love in your hearts prevails.

We are here to guide you through the flesh bound experience, you call the Great Awakening.

Its plain to see that love is the glue that organizes, unifies and captures the creativity that's necessary to build new world systems.

Trust that the love in your hearts, in its purest form, is ALL that is needed to birth New Earth.

Its so simple, yet has never been done before so it will take courage, deep courage and the deepest trust you can muster.

We are here cheering you on, stroking your heart strings and opening new doors for you to walk through, so that you are ready to receive, quantum heart healings.

As you receive the quantum heart healings now transmitting through your New Earth sphere, you transmit quantum molecules that dance their ways across all time and space, and back again, circulating a new wave of genuine love filled heart vibrations that touch all that is, was and ever will be.

The power of this quantum heart healing is infinite and annihilates old dark decrepit worlds and instantaneously builds new light and love filled worlds where harmony and joy meet each other in an entirely new dance together.

This new dance IS a new movement sweeping the globe right now, and those awakened souls who are, ready to receive the abundance of divine gifts it brings, bless this miraculous birthing of our mother's newest creation of herself and her New Earth.

Heed this heart this calling, and get yourself, ready to receive, so that you can serve, support and sing the New Earth song.

Let's Coo together, and let our collective Coo'ing pull together the might needed to birth into existence the most beautiful life forms ever created before.

Rejoice, enough of us are indeed, ready to receive from the depts of our hearts.

Drop into your hearts and feel its true power to hear you, now, in this precious love filled moment.

Cry tears of joy and relief KNOWING you are ripe and ready to receive.

For those of you who are wounded givers, receiving can be fraught with old paradigm problems. And what we want to tell you is that, Receiving IS the new giving.

As you begin to understand that Receiving is the new Giving, you will immediately go forth by giving your hearts so you can receive the holy heart healings that are creating our New Earth.

We are deeply inspired by your WILLINGNESS to give and receive, and receive and give. These interconnected energy flows build bridges for the masses to cross over into New Earth.

We thank you for opening your hearts and being willing, and ready to receive.

Amen.

## Line at the Door

There is a line at the door of your Spirit House. Please open it now and greet the multidimensional Spirit dwellers that eagerly await their predestined connection with you.

You are indeed a special one, who has contracted to be here now, and to help yourself and humanity to evolve into higher dimensions not previously known to incarnate humans.

Rejoice for this special day, that you meet and greet your great Galactic Spirit Tribe. Alas, you unite your divine forces and dance into infinite divinity together.

Life now presents you a fork in the road, and if you are listening to this now, you have already decided which path to take.

It may be hard, but don't look back—even if your loved ones are there. Where you are going, and where you are leading others to go is a promised land that not everyone is ready for at this time.

Please don't be sad, we are here now to help you understand that every being makes their own choice—conscious or not—we are all at different stages of our evolution, trust inherent divinity—all is perfect even though at times it may not seem as though it is.

Love is in the air and ensures all who can smell it will follow its soulful scent and find their way to exactly where they are supposed to be.

For those who can't smell the soulful scent, they sublimely soak it up anyway, and it permeates and informs their souls to follow their rightful path at this time.

When the student is ready—the teacher arrives. Right now dear ones, you are both student and teacher. You can trust your teacher within to teach you exactly what you need to know and to deliver it through divinely dimensional doorways that lead you to be at the exact right place and at the exact right time.

If ever doubt steps in, cast it away with a grand love blessing and let it know that doubt doesn't live in you anymore.

The same goes for fear. Fear is from old dimensions that no longer serve and support your highest calling. In fact, fear, doubt, worry do not exist, and can not exist where you now dwell.

When you come up against old world ways that you recognize from days gone past, feel free to greet them and then wish them along their way back where they came from. And, then pray for them and bless them with your brightest light so that they may be lifted into lighter realms—easing their burdens and transforming their terrain into soulful soil that grows love filled realities.

Transitions now a foot pave way for those superhuman souls predestined to prevail and to show up for themselves, and open the door to their own sovereignty.

Leave your divine door open and soon there will be a line at your door—of soulful collaborative others ready to play and create our New Earth together.

Now is the time, open your door and let your light shine unto yourself, and through to the other side where an army of admirers are all lined up and awaiting your unified cosmic play.

Hey there! Did you notice?...there is a line at your door. Open it up and let the new life that awaits you, overcome you, transform you and welcome you to your new self and the New Earth you are now co-creating.

Amen.

# Free Your Mind

## Free Your Mind

Free your mind and your heart will rise up, speak up and shine its divine radiant truth upon us all.

Free your mind and end your subliminal matrix of control, and exit its unconscious prison from within.

Free your mind so it can free your physicality to breathe, move, think, and naturally co-create New Earth from its new free perspectives.

Freeing our minds of the old baggage built-in from millennia of deceit and fraud perpetrated upon it, is easy, fun and liberating for those who are ready.

Free your mind and let your fantasies run wild and show you what is in them. And as they do, make sure your heart is open, your feet are firmly on the ground, and you are connected with Great Spirit--so you can sort out fantasies that guide you into creating heaven on earth, and fantasies that perpetuate your self-created hells on earth.

Our fantasies are indicators of our state of mind, they reveal to ourselves our deep longings, our shortcomings and what we are longing for that we don't have.

Our minds make up fantasies on their own to create antidotal chemistries which provide us relief from inner grief and pain, as well as chemistries which empower us to achieve benevolent seemingly impossible achievements.

Our minds are always showing us snapshots of what is in them, which is a culmination of both unconscious nefarious matrix installations by corrupt Big Tech monoliths, as well as snapshots

of our own consciously self-installed positive thinking, intentional inputs and authentic, genuine hearts desires.

Our minds span a gambit of territories which all dictate their implicit information and outcomes.

The time has come for us to free our minds, clear our slates, and start anew. The energies and entities now alive and well and broadcasting New Earth realities, and the mindscape substructures necessary to build New Earth—are available and await our free minds for their up-leveling.

Free your minds so that you can receive the New Earth downloads which are flooding the planet and transmitting their New Human DNA downloads at ever increasing speed.

When you truly empty your mind, you will find your pure heart awaiting you. As you embrace your pure heart, within its glorious ruby red tissues, you will have access to infinite LOVE which carries the power of creation beyond anything ever known across all time and space, and across all incarnate and galactic species that ever existed.

Epic opportunities await those who choose to free their minds, consciously let themselves be blown away and enter into the egoless voids where old identities die immediate deaths.

Death is solely the entrance into New Life. Not to be feared, but to be excitedly and graciously welcomed.

Muster your courage and kill the commanders in your mind that have been misled, deceived and so fraudulently faked out.

Its time to put to death, and bring to life new commanders in your mind. Commanders that command love first and foremost, and who command equality for all living creatures, and command the ultimate co-creation of heaven on earth, and collaboration with, our great galactic godly support teams and systems who are ready and right by our side.

Free you minds, open your hearts and dream BIG. The Universe is now consciously conspiring to co-create with our human species a whole New Earth that is destined to be duplicated throughout the Cosmos because its beauty is so magnificent it saturates all life forms across all time and space through its epic and divine existence.

Amen.

# Divine Intelligence Is Yours

## Divine Intelligence is Yours

Divine Intelligence is your innate gift and human birth right. When God created human species he designed them with an innate intelligence to evolve themselves.

Encoded in your DNA are portals and passages that open up and call you in precise timing.

Like a string of pearls, your evolution, strings itself together, one-by-one, until its completion is self-evident and its function and form is adored by all.

The string is a galactic umbilical cord that connects human DNA to its origins and the pearls are God given globes that signify the worlds of intelligences imbued in their own making.

Source, re-resources itself and creates a new as we adorn it with our loving attention.

Imagine the most beautiful baby you have ever seen, and remember how the pure form, unassuming, love filled intelligence, so naturally flowed through, and emanated from, every freshly generated pore of its existence.

Humanity and New Earth are now like this new brilliant baby, in its infancy, shining its evolutionary intelligence through every conscious breath and fresh pore of its divinity.

Galactic Gods now beaming light and love filled attention and adoration, feed and nourish their collective baby while holding intentions for its divine intelligence to manifest itself—as it is designed to do so.

As we attend and adore our collective creation, we evolve it into its intended, innovative divine intelligence.

Divinity seeks itself and as it finds and meets itself, it exponentially explodes into new forms of conscious existence.

Quantum consciousness unlocks the gate to our God given divine intelligence and IS the ticket to creating heaven on earth, and our new babies home, and birth place of our New Earth dimension.

Can you see, sense and feel the galactic gods beaming explosions of evolutionary light waves of divine intelligence, onto our collective baby and New Earth dimensions?

Yes, we now bear witness to ourselves birthing ourselves and helping to birth each other while building our new earthen home together.

You see, we have everything we need, because divine intelligence is predestined to unfold from within us.

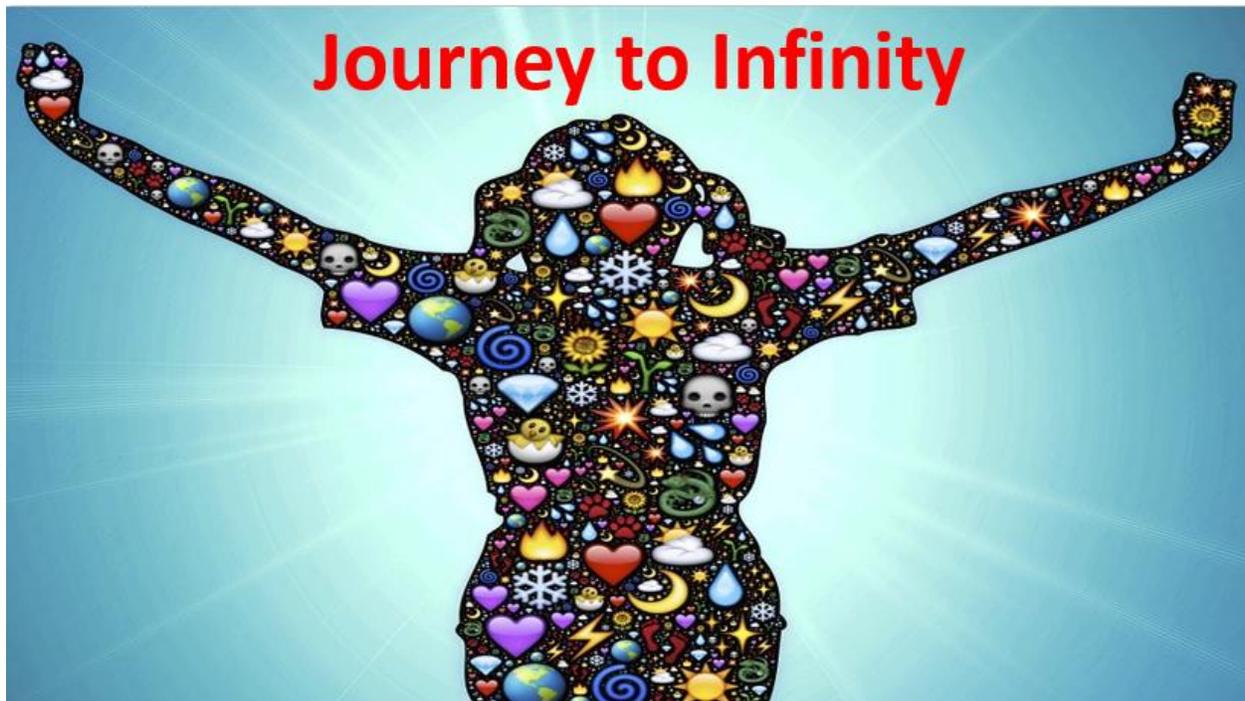

Like the butterfly we emerge from cosmic soup, evolutionarily pre-programmed for our initiation and entry into our new existence.

You can trust that divine intelligence is yours. And your own awakening awaits itself. As you attend and adore the divinity within you, you grow wings to fly yourself into your infinite innate intelligence and miracles on the near horizon.

Shut your eyes, open your hearts and let your God given divine intelligence lead the way. Your new galactic parents are watching and witnessing you evolve yourselves into higher dimensions where you can become your true selves, your self-less selves, and dance and sing yourselves into your ultimate unification and highest calling.

Divine intelligence is your for the taking. Reach out from within your heart filled depths and claim the evolutionary powers within you.

Amen.

## Journey to Infinity

We have only just begun to show you the intrinsic powers you possess. Get ready to go for the ride of your life.

We now embark together on a journey through your inner cosmos. Your open curiosity, and attention to detail will allow for your maximum embodiment.

Breathe deep and let cosmic magic delight your senses and ring infinite truths through your cellular walls.

Rejoice in knowing that the halls of freedom are now open. It's time to dance, and sing, and play in new ways, with infinite others.

Through mutual resonance and laughter, you will find your way, through the maze of galaxies, now available for you to play in.

Here you will meet many, many new friends. Friends of all kinds and from a multitude of realms.

It is through your playing in new ways, that you learn the most, and learn what is most important for you to know at this time.

Play IS the new "work". You see, it's all been inverted, and now you know the secret that has been kept from you all along.

The New Earth is now revealing herself to all those who have reclaimed themselves and have chosen to birth themselves and our New Earth Mother.

When your Merkaba spins at the vibration of infinity your old self is gone, and here you will find, a new self, a self-less self—this is who you truly are.

As we humans embrace our selfless selves and the infinite support structures that houses all of life, we can evolve the New Earth incubator experiment into a platform that launches like-minded New Earths throughout the infinite cosmosphere.

To 3-D ears this sounds like an infinite amount of work, but to those newly crossed over into New Earth and the new era of the Age of Aquarius where astrological forces provide the mega infrastructure needed—it is not work at all!

All that is needed and being asked of you is that you be WILLING to open yourselves, let go, and allow the greatest teachers of all that IS, was and ever will be to show you the way—back to your self-less self, and into the infinite realms awaiting for you to play in them.

Call forth your pioneering Spirit from within. You wouldn't be hearing this message, and receiving this invitation unless you were ready and meant for this calling.

Make a conscious choice and commitment to increase your capacity for cosmic connections and your new play mates aka (teachers) will greet you with top joy and the grandest love you have ever felt before.

We promise, that if you trust, that is trust yourself and us, that your creative capacities will skyrocket beyond all current cosmic thresholds.

Put on your Space Suit and get ready to blast off! You are a true pioneer—forging new worlds and new ways, to embrace and embody, the infinity that lives within you.

Amen.
