

Viewer Guide Session 3

Discussion Questions:

1. What decision are you facing that requires a step of faith?
2. Which of the six questions in the lesson outline is the most pressing for you right now? Explain.
3. At what point in the decision-making process do you usually ask God for his direction?
4. Why do you think God lets you decide how to live your life rather than making those decisions for you?

Prayer Direction

If you are in the decision phase, call on the Lord as your Counselor (see Isaiah 9:6). Ask him for wisdom and discernment and to help you make the right decision. Pray for each other's requests.

Putting It into Practice

What will you do between now and your next group meeting that will move you forward in the decision phase of faith?

Do something great with your life for Jesus' sake. Don't live a life of mediocrity. Don't drift through life. Don't just exist. Make the decision that you're going to follow hard after Christ. That will determine your destiny not just on earth, but also for all eternity.
