- TIME-EFFICIENT WAY TO COVER CONTENT

TERM BUZZING...

Directions: Each player uses a different color counter. Take turns rolling the dice and adding the numbers together to get a final number. Then check the table below to see what term matches your number. You will then find the definition to your term on the board to the right and cover it with your counter. The first player to cover four in a row, column, or diagonally wins. The bees are free spaces.

If your roll adds up to:	Cover the definition for:
2	GYMNOSPERM
3	ANGIOSPERM
4	XYLEM
5	PHLOEM
6	VASCULAR PLANT
7	NONVASCULAR PLANT
8	TRANSPIRATION
9	CELLULAR RESPIRATION
10	SPORE
11	PHOTOSYNTHESIS
12	GLUCOSE

WHAT'S INCLUDED?

-BUMP-

Directions: Roll two dice and add the numbers together. Then, use the table to determine the term you will need to find the definition for. Next, cover this definition with your counter. If another player has covered this definition, you can "bump" it off and put one of your own counters on it. If it already has one of your counters on it, you can add another counter on it and you will have officially won that space. Players cannot "bump" counters off spaces with two counters, spaces that have been won. The first player to win four spaces is the winner.

If your roll adds up to:	Cover the definition for:
2	stomata
3	root hair
4	root cap
5	epidermis
6	cortex
7	aerial roots
8	fibrous roots
9	tap roots
10	prop roots
11	xylem
12	phloem
