General Information

CHECK THE TENSION

The garments in this book are worked to the exact tension given. They are closely knitted to insure a firm fabric that will wear better and keep its shape longer than a loosely knitted fabric. *Check your tension.* Before beginning your garment take the wool and needles specified. Cast on 20 stitches. Work 20 rows stocking stitch and compare with the tension given in the instructions. All given tension in Beehive instructions is measured over stocking stitch. If your tension is too loose try a size smaller needle. If your tension is too tight try a size larger needle.

Be sure to work to exact tension given if you want your garment to work to correct size.

To Make a Tassel

Cut a piece of cardboard 3 ins. wide and length of desired tassel. Wind wool the desired number of times round and round the length. Break the wool, leaving an end about 6 ins. long and thread through blunt-ended needle. Slip needle through all the loops on the cardboard and tie the wool tightly at one edge. Slip off the cardboard and wind the wool several times around the loops ½ inch from the fold. Draw the needle through the top and sew the tassel in position. Cut through the other fold and even off the ends.

To Press a Finished Garment

—for plain, smooth fabric. Place all knitted pieces on a thick pad wrong side out. Baste to shape and size desired being careful to keep the weave quite straight. Cover with a damp bath towel. Smooth EVENLY with a WARM iron. Remove towel and leave until dry.

For raised and fancy patterns. Baste into position and cover with a wet towel but *do not press.* Pat gently but firmly with the hand. Remove towel and leave until dry.

Use the Yarn the Pattern Calls For

Use only Patons and Baldwins yarns, and Beehive Knitting Needles for any of the garments in this Book.

Buy the Quantity of Yarn the Pattern Calls For

—at the time you make your initial purchase, making sure it is the one dye lot. This will prevent a disappointment later on when you might find you could not exactly match the colour.

IMPORTANT

The garments in this book have been carefully worked to the following standard measurements. To obtain the same results use the wool and needles the pattern calls for and work to exact tension given.

AGE	1st size	3 months	6 months	8 months	12 months
CHEST	17 ins.	18 ins.	19 ins.	19½ ins.	20 ins.

AVERAGE WEIGHT OF INFANT FROM BIRTH TO 12 MONTHS

Birth—7½ lbs. 3 Months—11½ lbs. 6 Months—16 lbs. 8 Months—18 lbs. 12 Months—20 lbs.

Wear Wool and Be Well

ULTRA-VIOLET TRANSMISSION THROUGH FABRIC MADE FROM WOOL—It is an established fact that the health-giving ultra-violet rays are transmitted to the body with greater power through Wool than through either Artificial Silk or Cotton.

WASHING AND DRYING WOOLLEN GARMENTS

The beauty of your hand knit woollen garments can be easily retained after many washings, provided a few simple rules are followed.

Before washing, measure the garment and note measurements carefully.

Lukewarm Water and Good Suds

1 USE GOOD MILD SOAP OR SOAP FLAKES. Dissolve sufficient quantity to make good **lukewarm** suds.

2. Squeeze the suds gently through and through the garment until clean. Never rub a woollen garment. Keep garment supported by hands when removing from water, because the weight of the wet garment may stretch the yarn.

Rinsing Twice to Remove All Soap

3. Rinse in clean, lukewarm water, gently squeezing to REMOVE ALL SOAP. Keep garment supported by hands when removing from water.

4. Rinse a second time in clean, lukewarm water making doubly sure to REMOVE ALL SOAP. Keep garment supported by hands when removing from water.

Remove All Moisture

5. Never let the garment lie wet, but remove all moisture at once by rolling in a clean, thick towel.

Dry Slowly on Flat Surface

6 Remove garment from towel, lay on a flat surface AWAY FROM HEAT. Pin to required measurements using rustless pins.

Wool and Silk Mixture

In case of woollen garments containing a thread of artificial silk, add a little vinegar to the second rinsing water.

Plain and Fancy Patterned Socks

Follow the same instructions. In the case of fancy patterns with various colours of wool add a little vinegar to the second rinsing water. Put on wooden stretchers DO NOT HANG UP—dry on a flat surface.

Non-Shrink Wools

Non-Shrink treated yarns may stretch with careless washing, therefore use especial care when washing your non-shrink garments. Follow the same instructions **most carefully** and you will avoid any trouble.

It is absolutely wrong to put woollen garments to soak: to use strong soap, soda, boiling—or even very hot—water, (or in the case of white garments especially, a dirty sud!), to let them lie in a wet state, or to hang them up to dry.

REMOVE ALL SOAP. REMOVE ALL MOISTURE AFTER WASHING DON'T HANG UP—DRY FLAT!

Abbreviations

KNITTING—K = knit plain. P = purl. p.s.s.o. = pass slip stitch over. w.r.n. = wool round needle. w.o.n. = wool over needle. wl. fwd. = wool forward. tog. = together. ins. = inches. dec. = decrease. inc. = increase. t.b.l. = through back of loops.
