Sassi – Club chair

Design by Atelier Oi

'Sassi' owes its Italian name and its shape to pebbles, stones whose rounded shape provided its main inspiration.

The chair's back and armrests appear to float freely, barely touching each other, like perfectly smooth polished stones. Stones either laid down by hand to erect a tower or carefully placed using the time-old technique of dry-stone walls, where interlocking rocks prevent the structure from coming apart. Drawing from Italian craftsmanship, atelier oï applied the very same pursuit of balance and harmony to devise Sassi's delicate and airy design.

Elegant timeless aesthetic and durable quality are the main characteristics of this club chair, which will embrace you into a fresh oasis of comfort.

ATELIER OÏ

Atelier oï was established in 1991, in La Neuveville, Switzerland, by architects and designers Aurel Aebi, Armand Louis and Patrick Reymond. For over 20 years, atelier oï has striven to dissolve barriers between genres and foster cross-disciplinary creativity. Over the course of their achievements, architecture, design and set design have intertwined on an international scale. Cross-disciplinarity, team spirit and an intimate approach to the material are their watchwords. Therefore, experimenting is an essential aspect of atelier oï's approach: the objects often stem from an intuitive and emotional interaction with the material. In addition to experimentations, cultural exchanges and events dedicated to their work, the studio create designs for prestigious brands such as Alias, Artemide, B&B Italia, Bulgari, Breguet, Chopard, Desalto, Foscarini, Louis Vuitton, Moroso, Nespresso, Parachilna, Passoni, Pringle of Scotland, Rimowa, Röthlisberger, Swatch, USM, Victorinox, Zanotta and many more.
