THE QUEST FOR CHOPS

Ok, so you want to play faster. You've got a goal and I'm about to tell you how to go about it, but let's get a few things out of the way...

The main thing to remember is that building speed takes time. Lots of time. You may not notice marked improvement from day to day, but you will be making progress if you put in the time.

To really gauge your success, try making an audio recording of yourself playing some of the exercises in this book on your first day of playing them. You can make subsequent recordings in the weeks that follow. You'll find that your skills have been increasing all along.

It's kind of like a 'before' and 'after' shot from just about any fitness craze product- except this 'before' and 'after' will be sonic in nature and not visual.

The exercises in this book will help you develop confidence in your playing and will help make you aware of weak areas of your playing that need concentrated effort.

They are great way to start out a practice session as they help loosen your fingers and stretch your hand muscles to get you ready to practice other material.

These exercises should be part of your regular practice routine, but you don't want to practice them to the point where you may injure your hands. If you feel a little too much discomfort or cramping

in your hands, by all means cut back a little. Like at the gym, your muscles and tendons need time to recuperate in between workouts.

You should always play each exercise at a speed that you are comfortable with. If cannot play the exercises smoothly and without mistakes, then you are going too fast and you need to slow it down a little. Start out slow and slowly build speed. We're striving for good technique, not fast bad technique. Remember, speed comes with time.

I can't tell you how many students come up to me to show me how fast they've gotten only to mangle an exercise with terrible technique. You might fool some of the people, but you won't fool a musician. Just take your time and do it right. Don't worry about showing off at first.

Again, you may not see improvement overnight, but you will see improvement eventually. If you practice these exercises just 15 minutes a day for a week, at the end of the week you will have improved guaranteed. With practice you can only get better, not worse.

USING A METRONOME

An invaluable tool is what is called a metronome. It's a simple device that keeps time by creating a regular beat.

You will find using one in conjunction with the Guitar Workout exercises very beneficial. To practice with a metronome simply play one, two, or three notes per beat. When you are able to play an exercise without error at one speed, then you just speed the metronome up a little.

You can get a metronome at any music store. They come in all shapes and sizes, most notable is the traditional piano metronome with it's swinging pendulum. Prices range from about \$10 all the way to \$100+. There's no need to spend more than \$20 for one.

Guitar Workout

Illustration: The "old school", swinging pendulum metronome.

Illustration: A more modern metronome....

It's really important to use a metronome. Most of us lack the skill of keeping perfect time, so what will eventually happen is that you'll get stuck at a certain speed and then not be able to get any faster than if you don't use one.

I've got a video for those of you would like more help using a metronome with your exercises at the link below:

CHROMATIC ALTERNATE PICKING EXERCISES

ALTERNATE PICKING

For our first set of exercises we will use a picking technique called alternate picking where you pick in an down, up, down, up pattern.

It allows you to play a series of picked notes fluently and cleanly. It helps develop a good sense of rhythm because the regular picking motion helps acquire an evenness of timing that is absolutely essential.

Guitar Workout

Some important point about alternate picking to remember are...

- Everyone holds a pick a little bit differently. Most people find that holding your pick with the tips of the thumb and forefinger sufficient.
- How you hold your pick to the strings is what is important here. You don't want the top of your pick to lean too far towards the ceiling or towards the floor. You may want to position you pick at a slight angle.
- You should limit arm movement to your wrist. Your thumb, finger, elbow, or arm should not move when picking. Keep your wrist movement to a minimum to achieve maximum speed.

You're picking motion will look something like this:

Illustration: The down, up, down, up motion.

You can count along as '1 and 2 and 3 and 4 and'. You'll pick down on each beat and pick up in-between.

Watch a video demonstration of alternate picking at the link below:

<http://guitaralliance.com/guitar-exercises/exercises-1-4/>

THE CHROMATIC SCALE

For these exercises we'll be using the chromatic scale. It's a fancy term for a scale that includes every note. These exercises will not have very much musical value to them in that they'll sound like a song or anything you would normally play during a song.

The point of our exercises is to work technique, after all.

EXERCISE 1

For this exercise practice the down, up, down, up alternate picking pattern on the open high E string. Start slowly! You want the notes to be as even as possible. Once you're able to play the pattern evenly slowly increase the tempo. This may seem like a boring exercise, but it's very beneficial to build alternate picking skills.

When I first started speed training many, many moons ago, I used to practice my alternate picking (as in exercise 1) while doing common things like watching TV. It doesn't require much focus, so

The image shows a musical staff in 4/4 time with a treble clef. The staff contains a sequence of 16 eighth notes, all on the same pitch (open high E string). Below the staff is a tablature section with three lines labeled T, A, and B. The T line contains 16 zeros, and the A and B lines are empty.

Illustration: Exercise 1

you can passively practice it whenever you like.

EXERCISE 2

Now we're going to alternate pick on all 6 strings. This one isn't as easy as it looks. Remember to keep the notes even. Once you can play through the exercise without a mishap and all the notes are even, try playing it faster and faster. Don't get sloppy! Maintain a clean attack.

The illustration shows a musical exercise in a treble clef staff. The melody consists of three measures of music. The first measure contains a descending eighth-note scale: G4, F4, E4, D4, C4, B3, A3, G3. The second measure contains an ascending eighth-note scale: G3, A3, B3, C4, D4, E4, F4, G4. The third measure contains a descending eighth-note scale: G4, F4, E4, D4, C4, B3, A3, G3. Below the staff is a guitar fretboard diagram with six strings labeled T (Treble), A (Acoustic), and B (Bass) from top to bottom. The diagram shows the following fret numbers for each string across the three measures: Measure 1: T (0, 0, 0, 0), A (0, 0, 0, 0), B (0, 0, 0, 0). Measure 2: T (0, 0, 0, 0), A (0, 0, 0, 0), B (0, 0, 0, 0). Measure 3: T (0, 0, 0, 0), A (0, 0, 0, 0), B (0, 0, 0, 0).

Illustration: Exercise 2

Once you get to the end try immediately playing the exercise backwards!

Guitar Workout

EXERCISE 3

Let's get our left hand involved now!

Concentrate on keeping this exercise clean and even. It doesn't matter if you have to go real slow at first. You'll build speed with time. If you try to rush into playing fast before you are ready it will just sound sloppy.

Notice that there are 3 notes per string on this one and some strings begin with an upstroke. We don't change the alternate picking pattern even when we switch strings.

EXERCISE 4

This is more of a challenge exercise. I don't think you'll be able to play this one very fast without a lot of practice. It's a alternate picking string switching exercise. Instead of alternate picking on one string we're going to alternate between to adjacent strings. Hard!

The image displays musical notation for Exercise 4. The top part is a treble clef staff with a chromatic scale of eighth notes, starting on G4 and ending on G5. The notes are: G4, A4, B4, C5, D5, E5, F5, G5. The bottom part is a guitar tablature with three strings labeled T (Treble), A (Middle), and B (Bass). The B string has fret numbers 0, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. The A and T strings are empty.

Visit the link below to see video demonstrations of exercises 1-4:

<http://guitaralliance.com/guitar-exercises/exercises-1-4/>

EXERCISE 5

This is simply a chromatic run up the 1st 4 frets on each string.

It's a great warm-up exercise because it warms both your left and right hand, but it's also great for building speed. Use all 4 of your fingers on your left hand.

Use your 1st finger for notes on the 1st fret, 2nd finger for notes on the 2nd, 3rd finger for notes on the 3rd fret, and 4th finger for notes on the 4th fret.

The image displays two systems of musical notation for Exercise 5. Each system consists of a treble clef staff and three guitar string staves labeled T (Treble), A (Acoustic), and B (Bass). The first system shows an ascending chromatic run: T (E2, F2, G2, A2), A (C3, D3, E3, F3), and B (G2, A2, B2, C3). The second system shows a descending chromatic run: T (A2, G2, F2, E2), A (F3, E3, D3, C3), and B (C3, B2, A2, G2). Fingerings are indicated by numbers 1-4 above or below the notes.

EXERCISE 6

This exercise is performed on a single string. It's a 4 note ascending pattern. Use the correct fingerings as illustrated below:

EXERCISE 7

This one is pretty fun to play. You'll actually see several songs with licks played that are similar to this exercise. Keep a steady picking motion during this exercise. Don't let the notes run into each other.

Illustration: Exercise 7: It's got bounce!

You should play around with variations of this exercise by changing the fretted notes, or playing a similar pattern on a different string. Be creative and see what you can come up with!

EXERCISE 8

This one is harder than it looks. It will give your left hand a good work out as well as develop your alternate picking. Play this exercise until you turn blue in the face. Repeat the same pattern over and over non-stop until your hands can't handle it any more. Take a minute to recoup and then do it again. When you can play it cleanly and evenly, try the next exercise.

The image shows a musical staff with a treble clef and a key signature of one sharp (F#). The melody consists of three measures of eighth notes. The first measure contains F#4, G4, A4, B4, C5, D5, E5, F#5. The second measure contains G#4, A4, B4, C5, D5, E5, F#5, G#5. The third measure contains A4, B4, C5, D5, E5, F#5, G#5, A5. Below the staff is a tablature section with three rows labeled T, A, and B. The fret numbers are: T: 7 4 0 7 4 0 7 4 | 0 7 4 0 7 4 0 7 | 4 0 7 4 0 7 4 0; A: empty; B: empty.

Illustration: Exercise 8: Feel the burn!

It might seem like torture, but we're building technique. Hand cramps are common, so fight through it! We're not only working our speed, but we're working our endurance. You don't want to cramp up during your big solo, do you? No one does, so you've got to train like it's a 12 round fight and be prepared.

We'll play off of the pattern presented in exercise 8 with our next exercise.

EXERCISE 9

This one is a monster, but you can do it!

It's the same pattern as the previous exercise, but we're ascending up the neck and descending down the neck.

Notice that the tablature stops at the 15th fret. If you get brave you can go all the way up to the highest fret and then back down again. In fact, you can play it any way you want. Go as high up the fretboard as you dare. Go back down again. Go back in forth between two positions. Just have fun with it, but maintain that 3 note pattern.

It gets quite challenging to play fast because it's a three note pattern being played in standard 4/4 time. A different note of the sequence is always falling on the beat.

Remember if you get frustrated while trying to play a hard exercise, take a break for a minute and then come back and try. Tension builds up in our neck, shoulders, hands, and arms. A lot of times when you come back after your break the tension will be not be as intense and you might find yourself performing the exercise 10 times better on the first try back.

EXERCISE 10

Here's a twist on the simple 1, 2, 3, 4. For each rising string we'll bump it up one fret. In the descent we'll bump it down one fret.

The first part of the exercise consists of a treble clef staff with a sequence of notes: C4, C#4, D4, D#4, E4, E#4, F4, F#4, G4, G#4, A4, A#4, B4, C5. The notes are grouped into three measures: the first measure contains C4, C#4, D4, D#4; the second measure contains E4, E#4, F4, F#4; and the third measure contains G4, G#4, A4, A#4, B4, C5. Below the staff is a guitar fretboard diagram with three strings labeled T (Treble), A (Acoustic), and B (Bass). The fret numbers are: T string (5, 6, 7, 8, 6, 7, 8, 9), A string (3, 4, 5, 6, 4, 5, 6, 7), and B string (1, 2, 3, 4, 2, 3, 4, 5).

The second part of the exercise consists of a treble clef staff with a sequence of notes: C#4, C#4, D#4, D#4, E#4, E#4, F#4, F#4, G#4, G#4, A#4, A#4, B#4, C5. The notes are grouped into three measures: the first measure contains C#4, C#4, D#4, D#4; the second measure contains E#4, E#4, F#4, F#4; and the third measure contains G#4, G#4, A#4, A#4, B#4, C5. Below the staff is a guitar fretboard diagram with three strings labeled T (Treble), A (Acoustic), and B (Bass). The fret numbers are: T string (9, 8, 7, 6, 8, 7, 6, 5), A string (7, 6, 5, 4, 6, 5, 4, 3), and B string (5, 4, 3, 2, 4, 3, 2, 1).

EXERCISE 12

This exercise is built off of the pentatonic scale which you'll end up using a lot for solos.

Musical notation for Exercise 12, first system. The staff shows a treble clef and a pentatonic scale in G major (G-A-B-A-G). Below the staff are three guitar strings (T, A, B) with fret numbers: T (5-5-8-8), A (5-5-7-7), and B (5-5-8-8).

Musical notation for Exercise 12, second system. The staff shows a treble clef and a pentatonic scale in G major (G-A-B-A-G). Below the staff are three guitar strings (T, A, B) with fret numbers: T (8-8-5-5), A (7-7-5-5), and B (7-7-5-5).

FINGER ISOLATION EXERCISES

EASY AS 1, 2, 3, 4

The set of exercises we'll learn in this chapter occur on the first 4 frets.

You'll use the following fingerings for each exercise:

- 1st fret = 1st finger
- 2nd fret = 2nd finger
- 3rd fret = 3rd finger
- 4th fret = 4th finger

It doesn't matter what string you're on. Just follow prescribed fingerings and you can't go wrong. It's as easy as that.

Guitar Workout

These exercises are easy in *concept*, but that does not mean they are just for beginners. Beginners can use them as well as advanced players. Everyone benefits because the playing difficulty is determined by the tempo you set.

For example, a beginner might practice the exercises at 60 beats per minute and work their way up from there. Advanced players might play them at speeds approaching 200 bpm (or more!). And if that's too easy, you can always turn the eighth notes into sixteenth notes and go for a world record.

The best part about these isolation exercises is that we can find our weak spots and work on them. You'll find that some of your fingers are faster than the others. You may find that your pinky acts as if it's not attached to your body.

EXERCISE 13

Your 1st and 2nd fingers are probably your most responsive fingers, so we'll start with an exercise that uses them.

The image shows a musical exercise for guitar. It consists of a treble clef staff with a sequence of notes: C4, D4, E4, F4, G4, A4, B4, C5, B4, A4, G4, F4, E4, D4, C4. Below the staff is a tablature with three lines labeled T, A, and B. The tablature is divided into three measures. The first measure has '1 2' on the B string. The second measure has '1 2 2 1' on the T string and '1 2' on the A string. The third measure has '2 1' on the T string, '2 1' on the A string, and '2 1' on the B string.

EXERCISE 14

Your 1st finger and 3rd finger will get a workout in this one. The 3rd finger is actually the weakest finger in the hand (I bet you thought it was the pinky). You won't feel the weakness in your 3rd finger as much in this exercise as you will in a subsequent exercise.

Musical notation for Exercise 14, showing a treble clef staff with a sequence of notes and a corresponding fingerings chart below. The chart is organized into three columns corresponding to the measures of the exercise.

EXERCISE 19

Just use your 2nd and 3rd fingers. This one is pretty tough and highlights the weakness of the 3rd finger.

Musical notation for Exercise 19. The top staff is a treble clef staff with a key signature of one sharp (F#) and a 2/4 time signature. The melody consists of 12 notes: F#4, G4, A4, B4, A4, G4, F#4, E4, D4, C4, B3, A3. Below the treble staff are three bass clef staves labeled T, A, and B. The T staff has fingerings: 2 3, 2 3 3 2, 3 2. The A staff has fingerings: 2 3, 2 3, 3 2, 3 2. The B staff has fingerings: 2 3, 2 3, 3 2, 3 2.

EXERCISE 21

This one is not so bad compared to the last 2 exercises.

Musical notation for Exercise 21. The top staff is a treble clef staff with a key signature of one sharp (F#) and a 4/4 time signature. The first three measures are: $\text{A}_4 \text{B}_4 \text{C}_5 \text{B}_4 \text{A}_4$, $\text{G}_4 \text{F}_4 \text{E}_4 \text{D}_4$, $\text{C}_4 \text{B}_3 \text{A}_3 \text{G}_3$. The bottom three staves are labeled T, A, and B. The fret numbers are: T: 2 4 4 2 ; A: 2 4 ; B: 2 4 .

EXERCISE 22

This exercises focuses on the two most common weak spots. The 3rd and 4th finger.

The illustration shows a musical exercise for guitar. It consists of a treble clef staff with a key signature of one sharp (F#) and a 3/4 time signature. The melody is: C4, D4, E4, F#4, G4, A4, B4, A4, G4, F#4, E4, D4, C4. Below the staff is a guitar fretboard diagram with three strings labeled T (Treble), A (Middle), and B (Bass). The diagram shows the following fingerings: T string has no fingering; A string has 3 4, 3 4, and 4 3; B string has 3 4, 3 4, 4 3, and 4 3.

EXERCISE 23

Ok, we're going to digress from our previous fingering formula. You'll use your 3rd finger for the notes on the 3rd fret and your 4th finger for the notes on the 5th fret. You'll feel a bit of a stretch.

The illustration shows a musical exercise for guitar. It consists of a treble clef staff with a key signature of one sharp (F#) and a 3/4 time signature. The melody is: C4, D4, E4, F#4, G4, A4, B4, A4, G4, F#4, E4, D4, C4. Below the staff is a guitar fretboard diagram with three strings labeled T (Treble), A (Middle), and B (Bass). EXERCISE 24

Here's the last exercise of this chapter and probably the hardest to play. It's just a variation of exercise 23. Just use your 3rd and 4th fingers!

The illustration shows a musical exercise for guitar. It consists of a treble clef staff with a key signature of one flat (B-flat) and a 3/4 time signature. LEGATO

EXERCISES

WHAT IS LEGATO?

Legato means that musical notes are to be played smoothly and connected. That is to transition from note to note with no intervening silence. On the guitar we can use hammer-ons and pull-offs to create legato. The following series of exercises uses legato throughout. That means that there will be lots of hammer-ons and pull-offs.

One of the main differences between this method and strictly picking throughout is that the hammer-ons and pull-offs require a little more strength to pull off properly. If you don't pull-off hard enough the next note will not produce much of a sound, hence you would 'lose' a note.

You'll use the same fingering structure that we outlined in the previous chapter. Remember it's as easy as 1, 2, 3, 4.

EXERCISE 25

Make sure the even notes ring out as loud as the odd notes when you hammer-on.

The illustration shows a musical exercise with a treble clef staff and a guitar tablature below. The melody consists of three measures. The first measure contains a sequence of eighth notes: G4 (1), A4 (2), B4 (1), C5 (2), D5 (1), E5 (2), F5 (1), G5 (2). The second measure contains a sequence of eighth notes: G5 (1), A5 (2), B5 (1), A5 (2), G5 (1), F5 (2), E5 (1), D5 (2). The third measure contains a sequence of eighth notes: D5 (1), C5 (2), B4 (1), A4 (2), G4 (1), F4 (2), E4 (1), D4 (2). The tablature below the staff shows the corresponding fret numbers and techniques: Measure 1: 1-2 (H), 1-2 (H), 1-2 (H), 1-2 (H), 1-2 (H), 1-2 (H), 1-2 (H), 1-2 (H). Measure 2: 1-2 (H), 1-2 (H), 2-1 (H), 2-1 (H), 2-1 (H), 2-1 (H), 2-1 (H), 2-1 (H). Measure 3: 2-1 (P), 2-1 (P), 2-1 (P), 2-1 (P), 2-1 (P), 2-1 (P), 2-1 (P), 2-1 (P).

EXERCISE 26

This will work that 1st finger 3rd finger connection.

The illustration shows a musical exercise with a treble clef staff and a guitar tablature below. The melody consists of three measures. The first measure contains a sequence of eighth notes: G4 (1), A4 (3), B4 (1), C5 (3), D5 (1), E5 (3), F5 (1), G5 (3). The second measure contains a sequence of eighth notes: G5 (1), A5 (3), B5 (1), A5 (3), G5 (1), F5 (3), E5 (1), D5 (3). The third measure contains a sequence of eighth notes: D5 (1), C5 (3), B4 (1), A4 (3), G4 (1), F4 (3), E4 (1), D4 (3). The tablature below the staff shows the corresponding fret numbers and techniques: Measure 1: 1-3 (H), 1-3 (H), 1-3 (H), 1-3 (H), 1-3 (H), 1-3 (H), 1-3 (H), 1-3 (H). Measure 2: 1-3 (H), 1-3 (H), 3-1 (H), 3-1 (H), 3-1 (H), 3-1 (H), 3-1 (H), 3-1 (H). Measure 3: 3-1 (P), 3-1 (P), 3-1 (P), 3-1 (P), 3-1 (P), 3-1 (P), 3-1 (P), 3-1 (P).

EXERCISE 27

This one can be tricky. You really have to work at it to get enough momentum going to sound the notes on the 4th fret. Keep at it, because it CAN be done.

The image shows the musical notation for Exercise 27. It consists of a treble clef staff with a melodic line and a guitar tablature below it. The tablature has three staves labeled T, A, and B. The B staff includes fret numbers (1, 4) and playing techniques (H for hammer-on, P for pull-off). The exercise is divided into three measures.

Illustration: Exercise 27

EXERCISE 28

Now we'll lead with our 2nd finger.

The image shows the musical notation for Exercise 28. It consists of a treble clef staff with a melodic line and a guitar tablature below it. The tablature has three staves labeled T, A, and B. The B staff includes fret numbers (2, 1) and playing techniques (P for pull-off, H for hammer-on). The exercise is divided into three measures.

Illustration: Exercise 28

EXERCISE 29

The pull-offs in this exercise are tough at first. Remember that the 3rd finger is the weakest and you really have to work on it to get a good sounding pull-off using it.

The illustration shows the musical notation for Exercise 29. It consists of a treble clef staff with a key signature of one flat and a 4/4 time signature. The melody is written in eighth notes. Below the staff is a guitar tablature for strings T (Treble), A (Acoustic), and B (Bass). The tablature is divided into three measures. The first measure contains notes on strings T, A, and B with fingerings 3, 1, 3, 1 and pull-off (P) markings. The second measure contains notes on strings T, A, and B with fingerings 3, 1, 3, 1, 1, 3, 1, 3 and pull-off (P) and hammer-on (H) markings. The third measure contains notes on strings T, A, and B with fingerings 1, 3, 1, 3, 1, 3, 1, 3 and pull-off (P) and hammer-on (H) markings.

EXERCISE 30

If you thought exercise 27 was tough, wait till you try this ...

The illustration shows the musical notation for Exercise 30. It consists of a treble clef staff with a key signature of one flat and a 4/4 time signature. The melody is written in eighth notes. Below the staff is a guitar tablature for strings T (Treble), A (Acoustic), and B (Bass). The tablature is divided into three measures. The first measure contains notes on strings T, A, and B with fingerings 4, 1, 4, 1 and pull-off (P) markings. The second measure contains notes on strings T, A, and B with fingerings 4, 1, 4, 1, 1, 4, 1, 4 and pull-off (P) and hammer-on (H) markings. The third measure contains notes on strings T, A, and B with fingerings 1, 4, 1, 4, 1, 4, 1, 4 and pull-off (P) and hammer-on (H) markings.

EXERCISE 33

Don't cheat and use your 1st and 3rd fingers. Use your 2nd and 4th fingers only!

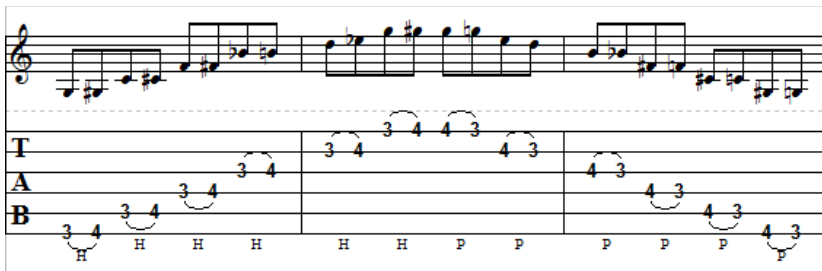

The image shows the musical notation for Exercise 33. It consists of a treble clef staff with a key signature of one sharp (F#) and a 4/4 time signature. The melody is written in eighth notes. Below the staff are three guitar strings labeled T (Treble), A (Middle), and B (Bass). Fingerings are indicated by numbers 2 and 4. The exercise is divided into three measures. The first measure contains four eighth notes on the B string (2, 4, 2, 4) and four eighth notes on the A string (2, 4, 2, 4). The second measure contains four eighth notes on the T string (2, 4, 2, 4) and four eighth notes on the A string (4, 2, 4, 2). The third measure contains four eighth notes on the B string (4, 2, 4, 2) and four eighth notes on the A string (4, 2, 4, 2). The exercise ends with a double bar line.

EXERCISE 34

Here's a workout for the two weakest fingers.

The image shows the musical notation for Exercise 34. It consists of a treble clef staff with a key signature of one sharp (F#) and a 4/4 time signature. The melody is written in eighth notes. Below the staff are three guitar strings labeled T (Treble), A (Middle), and B (Bass). Fingerings are indicated by numbers 3 and 4. The exercise is divided into three measures. The first measure contains four eighth notes on the B string (3, 4, 3, 4) and four eighth notes on the A string (3, 4, 3, 4). The second measure contains four eighth notes on the T string (3, 4, 3, 4) and four eighth notes on the A string (4, 3, 4, 3). The third measure contains four eighth notes on the B string (4, 3, 4, 3) and four eighth notes on the A string (4, 3, 4, 3). The exercise ends with a double bar line.

Illustration: Exercise 34

EXERCISE 35

Ok, now use your 3rd and 4th fingers only for this one.

The exercise consists of a treble clef staff with a melody and a three-staff tablature (T, A, B). The melody is: C4, D4, E4, F4, G4, A4, B4, C5, B4, A4, G4, F4, E4, D4, C4. The tablature shows fingerings and articulations for each string:

- T (Treble):** 3 5, 3 5 5 3, 5 3
- A (Alto):** 3 5, 3 5, 5 3, 5 3, 5 3
- B (Bass):** 3 5, 3 5, 3 5, 3 5, 3 5, 3 5, 3 5, 3 5, 3 5, 3 5, 3 5, 3 5

Articulations (H for hammer-on, P for pull-off) are indicated below the B string staff.

EXERCISE 36

And your 3rd and 4th fingers for this one as well. If you didn't already hate me enough at this point...

The exercise consists of a treble clef staff with a melody and a three-staff tablature (T, A, B). The melody is: C4, D4, E4, F4, G4, A4, B4, C5, B4, A4, G4, F4, E4, D4, C4. The tablature shows fingerings and articulations for each string:

- T (Treble):** 5 3, 5 3 3 5, 3 5
- A (Alto):** 5 3, 5 3, 3 5, 3 5, 3 5
- B (Bass):** 5 3, 5 3, 5 3, 5 3, 5 3, 5 3, 5 3, 5 3, 5 3, 5 3, 5 3, 5 3

Articulations (H for hammer-on, P for pull-off) are indicated below the B string staff.

EXERCISE 39

This exercise might sound like something you've heard in a song. Just use your 1st and 3rd fingers to play the fretted notes. The open string helps you move to the next note.

You can move it all the way up the fretboard or all the way down. Just maintain the pattern throughout.

The image displays musical notation for Exercise 39. It consists of a treble clef staff with a melodic line and a guitar tablature below it. The tablature shows fret numbers and pickup (P) markings for the strings T (Treble), A, and B. The fret numbers are: 15 12 0 14 11 0 13 10 | 0 12 9 0 11 8 0 10 | 7 0 9 6 0 8 5 0. The pickup markings are: P P P P P | P P P P | P P P P.

EXERCISE 41

Here you'll find a slight variation on the last exercise. 1st, 3rd, and 4th fingers only!

The first system of musical notation for Exercise 41 consists of a treble clef staff and three bass staves labeled T, A, and B. The treble staff contains a melodic line with various accidentals and slurs. The bass staves show fingerings: T has slurs over groups of notes; A has slurs over groups of notes; B has slurs over groups of notes and is marked with 'H H' and 'P P' below the notes.

The second system of musical notation for Exercise 41 consists of a treble clef staff and three bass staves labeled T, A, and B. The treble staff contains a melodic line with various accidentals and slurs. The bass staves show fingerings: T has slurs over groups of notes; A has slurs over groups of notes; B has slurs over groups of notes and is marked with 'P P' below the notes.

Guitar Workout

EXERCISE 42

Here's a tough one. Use your 1st, 3rd, and 4th fingers. It's going to hurt going up, but it will hurt more going down.

Musical notation for Exercise 42, first system. The notation includes a treble clef staff with a melodic line and a guitar staff with tablature. The tablature shows fret numbers 1, 3, and 5 on strings T, A, and B. Fingerings are indicated by numbers 1, 3, 5. The rhythm is marked with 'H' for half notes and 'P' for palm mutes.

Musical notation for Exercise 42, second system. The notation includes a treble clef staff with a melodic line and a guitar staff with tablature. The tablature shows fret numbers 5, 3, and 1 on strings T, A, and B. Fingerings are indicated by numbers 5, 3, 1. The rhythm is marked with 'P' for palm mutes.

EXERCISE 43

You'll use all four fingers for this exercise. Try to play so that each note rings out clearly.

The musical score for Exercise 43 is presented in two systems. Each system consists of a treble staff and three bass staves labeled T, A, and B. The key signature is one sharp (F#) and the time signature is 4/4.

System 1 (Measures 1-2):

- Treble Staff:** Measure 1: C4, D4, E4, F#4, G4, A4, B4, C5. Measure 2: B4, A4, G4, F#4, E4, D4, C4, B3.
- Bass Staff T:** Measure 1: (empty). Measure 2: (empty).
- Bass Staff A:** Measure 1: (empty). Measure 2: (empty).
- Bass Staff B:** Measure 1: C4, D4, E4, F#4 (fingerings 1, 2, 3, 4; articulation H H H). Measure 2: G4, A4, B4, C5 (fingerings 1, 2, 3, 4; articulation H H H).

System 2 (Measures 3-4):

- Treble Staff:** Measure 3: B4, A4, G4, F#4, E4, D4, C4, B3. Measure 4: A3, G3, F#3, E3, D3, C3, B2, A2.
- Bass Staff T:** Measure 3: (empty). Measure 4: (empty).
- Bass Staff A:** Measure 3: (empty). Measure 4: (empty).
- Bass Staff B:** Measure 3: B4, A4, G4, F#4 (fingerings 4, 3, 2, 1; articulation P P P). Measure 4: E4, D4, C4, B3 (fingerings 4, 3, 2, 1; articulation P P P).

EXERCISE 44

This variation on exercise 43 will throw a little bit of finger confusion in the mix.

The image displays two systems of guitar tablature for Exercise 44. Each system consists of a treble clef staff with a melodic line and a three-line tablature staff with fingerings and picking directions.

System 1:

- Staff 1 (Melody):** A sequence of notes: C4, D4, E4, F4, G4, A4, B4, C5, B4, A4, G4, F4, E4, D4, C4.
- Staff 2 (Tablature):**
 - Measure 1: 1 4 3 2 (H P P)
 - Measure 2: 1 4 3 2 (H P P)
 - Measure 3: 1 4 3 2 (H P P)
 - Measure 4: 1 4 3 2 (H P P)
 - Measure 5: 1 4 3 2 (H P P)
 - Measure 6: 1 4 3 2 (H P P)

System 2:

- Staff 1 (Melody):** A sequence of notes: C4, D4, E4, F4, G4, A4, B4, C5, B4, A4, G4, F4, E4, D4, C4.
- Staff 2 (Tablature):**
 - Measure 1: 4 1 2 3 (P H H)
 - Measure 2: 4 1 2 3 (P H H)
 - Measure 3: 4 1 2 3 (P H H)
 - Measure 4: 4 1 2 3 (P H H)
 - Measure 5: 4 1 2 3 (P H H)
 - Measure 6: 4 1 2 3 (P H H)

EXERCISE 45

This one is a monster! It's quite a stretch for you poor fingers, so if you're don't feel agile enough to tackle it, please don't trouble yourself just yet. We don't want you to damage your hand.

I'm just give you fair warning, because you're using your 1st finger for the notes on the 1st fret, 2nd finger for notes on the 3rd fret, 3rd finger for notes on the 4th fret, and your 4th finger for the notes on the 6th fret.

The image displays two systems of musical notation for Exercise 45. Each system consists of a treble clef staff with a key signature of one sharp (F#) and a 2/4 time signature. The first system covers the first two measures of the exercise, and the second system covers the next two measures. Below each staff is a guitar tablature with three lines labeled T (Treble), A (Acoustic), and B (Bass). The tablature uses numbers 1-6 to indicate fret positions and 'H' for hammer-ons. The first system's tablature shows: Measure 1: T (1 3 4 6), A (1 3 4 6), B (1 3 4 6); Measure 2: T (1 3 4 6), A (1 3 4 6), B (1 3 4 6). The second system's tablature shows: Measure 3: T (6 4 3 1), A (6 4 3 1), B (6 4 3 1); Measure 4: T (6 4 3 1), A (6 4 3 1), B (6 4 3 1). The tablature for the second system includes 'P' (pull-off) markings under the notes.

EXERCISE 46

Here's an exercise that doubles as a cool lick. It's an ascending pattern I've seen many players, such as Randy Rhoads, use. You can continue to play it all the way up the fretboard if you wish.

The illustration shows a musical exercise in a treble clef. The first staff is a standard musical staff with a treble clef, showing an ascending melodic line. The second staff is a guitar tablature with three measures. The fret numbers are: Measure 1: 2 4 3 5; Measure 2: 4 6 5 7; Measure 3: 6 8 7 9. Below the fret numbers are 'H' markings indicating hammer-ons. The first measure has four 'H' markings under each fret number. The second and third measures have four 'H' markings under each fret number.

EXERCISE 47

Once you go up as in exercise 46, you've got to come down...

The illustration shows a musical exercise in a treble clef. The first staff is a standard musical staff with a treble clef, showing a descending melodic line. The second staff is a guitar tablature with three measures. The fret numbers are: Measure 1: 9 7 8 6; Measure 2: 7 5 6 4; Measure 3: 5 3 4 2. Below the fret numbers are 'P' markings indicating pull-offs. The first measure has four 'P' markings under each fret number. The second and third measures have four 'P' markings under each fret number.

PENTATONIC EXERCISES

THE PENTATONIC SCALE

The word pentatonic gets its name from the Greek word “penta” which means 5 and tonic which stands for tone. That’s what pentatonic scales are: 5 tone scales.

The pentatonic scales are widely used for guitar leads and solos. Practicing the pentatonic scale patterns is a great exercise that provides technical training as well as helps you memorize practical scales that have a use in the real world.

You won't find much in the way of variation in this chapter. Just 12 pentatonic scale patterns, so let's get started...

EXERCISE 50

The musical notation for Exercise 50 shows a sequence of notes on a treble clef staff: A2, B2, C3, D3, E3, F#3, G#3, A3, B3, C4, D4, E4, F#4, G#4, A4. The notes are grouped into three measures: the first measure contains A2, B2, C3, D3, E3; the second measure contains F#3, G#3, A3, B3, C4; and the third measure contains D4, E4, F#4, G#4, A4. Below the staff is a guitar fretboard diagram with strings T (Treble), A (A), and B (Bass). The first measure shows fret numbers 2, 5, 2, 4, 2, 4 on strings B, A, G, F, E, D. The second measure shows fret numbers 2, 5, 2, 5 on strings B, A, G, F.

EXERCISE 51

The musical notation for Exercise 51 shows a sequence of notes on a treble clef staff: A2, B2, C3, D3, E3, F#3, G#3, A3, B3, C4, D4, E4, F#4, G#4, A4. The notes are grouped into three measures: the first measure contains A2, B2, C3, D3, E3; the second measure contains F#3, G#3, A3, B3, C4; and the third measure contains D4, E4, F#4, G#4, A4. Below the staff is a guitar fretboard diagram with strings T (Treble), A (A), and B (Bass). The first measure shows fret numbers 3, 6, 3, 5, 3, 5 on strings B, A, G, F, E, D. The second measure shows fret numbers 3, 6, 3, 6 on strings B, A, G, F.

EXERCISE 60

The image shows a musical exercise for guitar. At the top is a treble clef staff with a melodic line consisting of three measures. The first measure contains five eighth notes: G4, A4, B4, C5, and D5. The second measure contains five eighth notes: D5, E5, F5, G5, and A5. The third measure contains five eighth notes: A5, B5, C6, D6, and E6. Below the staff is a guitar tablature with three lines labeled T (Treble), A (Acoustic), and B (Bass). The tablature is divided into two measures. The first measure shows fret numbers: T (12, 14), A (12, 14), and B (12, 14). The second measure shows fret numbers: T (12, 15), A (12, 15), and B (12, 15).

ENDURANCE

EXERCISES

FEEL THE BURN

The exercises in this chapter are designed to bring the pain. You're hands will be cramping! The purpose is to develop stamina. Fingers and hands get tired quickly, so you've got to train the muscles for endurance.

These exercises are meant to be played for as long as you can. Each contains a repeating pattern. Just repeat the pattern over and over until you just can't stand it anymore.

Also, keep in mind that you can only pick the very first note. Each note after that must be executed with hammer-ons and pull-offs only.

EXERCISE 61

Keep the trill going for as long as you can. Eventually you'll start missing notes and hand cramps will invade. Use your 1st and 4th fingers for fretting purposes.

Musical notation for Exercise 63. The top staff is a treble clef with a key signature of one sharp (F#) and a 4/4 time signature. The melody consists of three measures of eighth notes: F#4-G4-A4-B4, F#4-G4-A4-B4, and F#4-G4-A4-B4. Below the staff are three empty staves labeled T, A, and B. The A and B staves contain fingerings and bowing directions: A: 2 4 2 4 2 4 2 4 | 2 4 2 4 2 4 2 4 | 2 4 2 4 2 4 2 4; B: H P H P H P H P | H P H P H P H P | H P H P H P H P.

EXERCISE 65

Here's you'll use your 1st and 4th fingers. This one is also hard to keep going for very long.

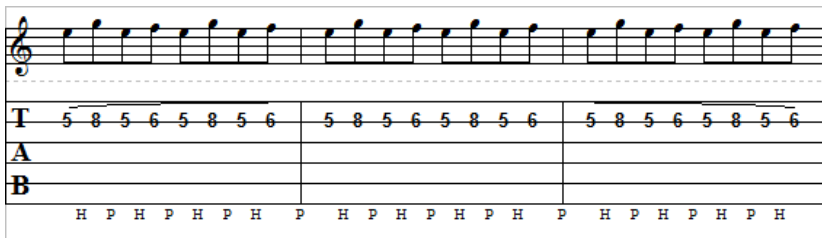

Musical notation for Exercise 65, showing a treble clef staff with a sequence of eighth notes and a guitar tablature below. The tablature includes fingerings (1, 4) and picking directions (H, P).

EXERCISE 66

Here's a slight variation using three fingers.

Musical notation for Exercise 66, showing a treble clef staff with a sequence of eighth notes and a guitar tablature below. The tablature includes fingerings (5, 8, 5, 6) and picking directions (H, P).

EXERCISE 67

This one is similar to the last. Only in this one we'll ascend the fretboard. Go as high or as low as you want.

EXERCISE 68

Keep repeating the three measures below. See how long you can last. You can also play it going up or even add your own variations.

STRENGTH BUILDING EXERCISES

LET'S GET PUMPED!

I've just got a trio of exercises in this chapter. They are extremely challenging, so proceed with caution!

EXERCISE 69

This is probably the weirdest exercise in this book. You'll play the 3rd fret with your 1st finger, the 5th fret with your 3rd, and use your 4th finger to slide from the 7th fret to the 9th. Use similar fingerings throughout the exercise and you'll have it made!

The illustration shows a musical exercise for guitar. It consists of a treble clef staff with a melodic line and a guitar tablature below it. The tablature is divided into four measures, with fingerings and slurs indicated for the bass strings.

T								
A	7-9 7 5		5 7-9		7 5		9 7 5-3	
B	3	5	9	7	5	3	5	9 7 5-3
	sl.		sl.		sl.		sl.

EXERCISE 70

This is the exercise I like most. You cross the string quickly and it sounds real cool. It's tricky to play at first. You'll end up playing on the wrong strings and hitting the wrong notes, but it's worth the effort as I have noticed how it's improved my playing, and other's playing, throughout the years.

The image shows two systems of musical notation for Exercise 70. Each system consists of a treble clef staff with notes and a guitar tablature below it. The tablature is divided into two systems, each with three measures. The strings are labeled T (Treble), A (Acoustic), and B (Bass).

System 1 (Measures 1-3):

- Measure 1:** T: G4, A4, B4, C5; A: E4, F4, G4, A4; B: D3, E3, F3, G3
- Measure 2:** T: G4, A4, B4, C5; A: E4, F4, G4, A4; B: D3, E3, F3, G3
- Measure 3:** T: G4, A4, B4, C5; A: E4, F4, G4, A4; B: D3, E3, F3, G3

System 2 (Measures 4-6):

- Measure 4:** T: G4, A4, B4, C5; A: E4, F4, G4, A4; B: D3, E3, F3, G3
- Measure 5:** T: G4, A4, B4, C5; A: E4, F4, G4, A4; B: D3, E3, F3, G3
- Measure 6:** T: G4, A4, B4, C5; A: E4, F4, G4, A4; B: D3, E3, F3, G3

FINGER CONFUSION EXERCISES

WHO? WHAT? WHERE?

Your fingers sometime seem like they have a brain of their own, but it's the brain in your head that is getting confused. These exercises challenge you by playing weird finger combinations. They will stress your concentration, but don't let it get to you!

EXERCISE 72

Play through this one slowly at first to determine if you're actually playing it right. I've had several students look at it and assume things about it and then go on to play something totally different.

Just use the old 1, 2, 3, 4 fingerings, but pay attention to where the hammer-ons and pull offs are and what notes you're actually using.

The image displays two systems of musical notation for Exercise 72. Each system consists of a treble clef staff with a key signature of one sharp (F#) and a 12-measure piece of music. Below the staff are three lines representing guitar strings: Treble (T), Middle (A), and Bass (B). Fingerings are indicated by numbers 1-4 above notes. Techniques like hammer-ons (H) and pull-offs (P) are marked with arcs and letters. The first system uses 1-3-2-4 fingerings and hammer-ons. The second system uses 4-2-3-1 fingerings and pull-offs.

System	Measure	T	A	B
System 1	1			1 3 2 4
	2			1 3 2 4
	3			H H

EXERCISE 73

Our last few exercises use a lot of hammer-ons and pull-offs. You can also play a variation of it by just picking the notes.

Use the same fingerings as before and concentrate on clearly sounding each note.

EXERCISE 74

Musical notation for Exercise 74, featuring a treble clef staff with a key signature of one sharp (F#) and a 4/4 time signature. The melody consists of eighth notes across three measures. The first measure contains notes G4, A4, B4, C5, B4, A4, G4. The second measure contains notes G4, A4, B4, C5, B4, A4, G4. The third measure contains notes G4, A4, B4, C5, B4, A4, G4. Below the staff, a tablature line shows fret numbers: 3 1 3 1 4 2 4 2 | 4 3 4 3 4 2 4 2 | 3 4 3 4 2 4 2 4. Below the tablature are three empty staves labeled T, A, and B. At the bottom, a sequence of letters indicates picking: P H P P H P | P H P P H P | H P H H P H.

EXERCISE 75

Musical notation for Exercise 75, featuring a treble clef staff with a key signature of one sharp (F#) and a 4/4 time signature. The melody consists of eighth notes across three measures. The first measure contains notes G4, A4, B4, C5, B4, A4, G4. The second measure contains notes G4, A4, B4, C5, B4, A4, G4. The third measure contains notes G4, A4, B4, C5, B4, A4, G4. Below the staff, a tablature line shows fret numbers: 2 1 2 1 3 1 3 1 | 4 1 4 1 3 1 3 1 | 2 1 2 1 0 1 0 1. Below the tablature are three empty staves labeled T, A, and B. At the bottom, a sequence of letters indicates picking: P H P P H P | P H P P H P | P H P H P H.
