

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

I want us to see that what Christ has done is so much greater than what we are expecting. All of us have been in the habit of waiting for something to come to take us out of our condition. That hypnotism began early in our childhood.

You see, when you were a little child, you spent most of your time on *the inside* thinking about the “*make-believe*” world. You'd grab the broom and ride it and say, “*It's a horse.*” And to you, that was real.

And that's why Jesus keeps saying, “*Unless you're a child, you can't even understand what I'm talking about, much less enter the Kingdom of God.*”
(read Matthew 18:3)

Somewhere along the age seven to twelve, we developed this **analytical mind**. And it's that **analytical mind** that's the voice in your head that keeps saying, “*You can't do it. It's your wife's fault. It's your mother-in-law's fault.*”

That's why worship is so wonderful. How many of you know you were outside of your analytical mind; you were just free in the Spirit? That's where we have to be all the time. You have to practice *being present* every waking moment. Otherwise, the *analytical mind* will be that voice that keeps telling you and reminding you of the past and all your failures. It's the critic in our heads that keep telling us that we can't.

That's why when you repent, you change the way you think.

You all know that when Adam disobeyed, it was actually “unbelief”, and he lost that mentality of the kingdom of God in Christ.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

So, you either have the *mind of Adam*, which is the analytical, critical mind, or you have the **mind of Christ**.

Now that is a cliché in all of the Christian churches I grew up in. But it is a reality when you are in the *present moment*. And the reason that it is, is because you don't have anything to connect with the past. Your mind is out of the equation, you are just spirit. And the minute you try to think about the past, you go into the mind of Adam. And the more you become aware of that transition each time during your daily walk, you'll recognize the “quality of thoughts” change according to the mind you are possessing.

We have this magnificent machine called *this body*, with all of the intricate mechanisms and organs and *autonomic nervous systems* and so forth.

The reason God designed the autonomic nervous system is because He can't trust man with his thoughts. If He had to depend on man to keep his heart beating and to keep his kidneys clean and the blood purified, we'd be dead in a matter of seconds.

So, the autonomic nervous system does the major work inside our body to keep us balanced. But inside the brain you have this little organ called the *hypothalamus*. It is close to the *pituitary gland*. It is the chemistry factory inside of your body. It's greater than any pharmaceutical company.

In fact, the pharmaceutical companies are trying to make some of the chemistry that your hypothalamus does. Your *hypothalamus* has a chemistry for sadness, for joy, for victimization, betrayal. Any kind of emotion you can have it can make a chemical for.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

That's why your thoughts are so important, because if your thoughts can make you sick, they can also make you well. And that's the design of God.

And the reason we are such a magnificent machine is because originally, we were made in His image and likeness. But something happened in the garden that changed that dynamic.

I'm going to show you an image of what that looks like, when unbelief created the separation between man and God, man lost his connection with the Father, and that's what created this separation. So, we lost that image.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

Perhaps you've heard me talk about the difference between the First Day Light and the fourth day light.

In the Genesis 1, you see that when God spoke, it was the first day.

Genesis 1:4-5

*And God saw the light, that it was good. And God divided the light from the darkness. God called the light day and the darkness He called night. So the evening and the morning were the **first day**.*

Genesis 1:14

*God said, "Let there be lights in the firmament of heaven to divide the day from the night and let them be for signs and seasons and for days and years. Then God made two great lights. The greater light to rule the day and the lesser light to rule the night. He made the stars also the evening and the morning were the **fourth day**.*

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

So, you have the First Day light, which is the light that God spoke. And then you have the fourth day light which God created to rule this dimension called earth.

We live in this dimension; this three-dimensional realm called the fourth day dimension. This dimension is ruled by certain laws that govern this dimension, which they call it in science, “space time”.

There's an infinite amount of space. And you, which is local, are in this space. And when you have thoughts in this dimension, your brain goes to work.

Say you have a goal somewhere out in the future. So immediately I'm here, and what I want is way out there in the future. And why is it out in the future? Because my senses tell me I don't have what I want “now”.

So, the brain automatically calculates how long it's going to take for you to get to what you want. So, if I'm here and what I want is out there, it's going to take me time to get to it. And as we know in this dimension “time” is the great equalizer of all things material.

Can you say botox? That's what time does, right? It puts wrinkles on you. Material in this dimension is subject to the laws of time, and what happens to us in this dimension means we have to play by the laws of this dimension. The mind of Adam functions in this dimension, it's also called *the fruit that Adam ate*, which is *duality* (Good, Bad, Right, Wrong). This is the *dimension of duality*.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

Man through to his unbelief had fallen into this dimension because he lost his spiritual mind. The Bible records all through history what happens to kingdoms and men that live in this dimension. Because God knew the condition of man, He needed to find a way to bring man back into the kingdom mentality.

Therefore, we see in this image the First Day and we see “the Law” which was the instrument God used to bring man back into the image of God.

Now, *the Law* was a *shadow*.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

Hebrews 10:1-2

For the law, having a shadow of the good things to come, and not the very image of the things, can never with these same sacrifices, which they offer continually year by year, make those who approach perfect. For then would they not have ceased to be offered for the worshippers, once purified, would have no more consciousness of sin.

That's pretty important, wouldn't you say?

The *consciousness of sin* is what keeps you in the *mind of Adam*. And it also keeps you in the past. The only place where there is **eternal** is **in the present**. There's no past, there's no future, there's just now. And the more time you spend there, the more you see “*space time*” flip to “*time space*”.

Time is eternal, which in the three-dimensional realm it's not eternal because you're material and you're going to die physically. But in the spirit dimension, it flips, and you have **eternal time**. That means “*present, past and future*” are all stacked on top of one another.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

Remember in the book of **Revelation 1:8**, where Jesus said,

“I am the Alpha and the Omega, the Beginning and the End,” says the Lord, “who is and who was and who is to come the Almighty.”

He was speaking from that dimension. So, if you had eternity to do what your goal was, how much could you get done? You wouldn't be limited by time. Everything you could want in this dimension has already happened in the Spirit. So, when you live in that dimension, you're not looking for something out there, you become what you're looking for in that dimension.

I say, “You become what you're looking for,” because this dimension is all about separation. The *spirit dimension* is all about *wholeness*.

You're one with Him. I said you're one with Him!

And when you are in the *present moment*, you can have everything you want by believing you're not separate from Him. That's how Jesus taught people to pray.

I hear people talking about, “Well, I'm interceding for this and that.” Well, that's because you don't understand the “dimension” you're trying to pray in. That kind of intercession with the *mind of Adam* produces nothing. You're waiting for something to happen that's already happened in the spirit dimension, you just have to be there to see it.

We will talk more about that. Let's keep to this where God had to come in and bring *the Law*, which was a *shadow of Christ*, to bring man back to the mind of Christ. Okay, so the fourth day light produces **the shadows**.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

And it says in **John 3:19**, that Jesus was coming but men loved what? They loved darkness more than they loved the Light.

“And this is the condemnation, that the light has come into the world, and men loved darkness rather than light, because their deeds were evil.”

So, we see in **Acts 5:15**

*They brought the sick out into the streets and laid them on beds and couches, that at least the **shadow of Peter** passing by might fall on some of them.*

You remember when they were bringing the sick out so Peter’s shadow could be passed across them?

It doesn't say his shadow healed them, but it's interesting that they would just put the sick people there so that the shadow of Peter could pass across them.

So, we see now that there's the First Day Light and the fourth day light, and we call the first day light the spiritual dimension, and the fourth day light is the dimension where Adam's unbelief rules. Each one of us has the responsibility to see which mind is operating inside of this body, because your mind is not your brain.

You know that, right? Your mind has all of these thoughts coming in all the time. And when you are “present”, you can **observe the thoughts** that are trying to take your attention. Because where your attention is, is where all of your spiritual wealth is.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

Your attention and your energy is drawn to what you're looking at and focusing on. And if you could see yourself with an electronic microscope, you could see this electromagnetic field around you. **This electromagnetic field is what keeps the body in harmony.**

And when you measure the electronic energy that's coming out of your heart and your brain, you'll see the difference between the two. **Your heart has this electromagnetic magnetic pull, and your thoughts have this electrical charge that produces this electrical energy into the field that's "pushed out". So, *what you think sends the messages out into this realm (the dimension that we're living in), and those electrical charges are the thoughts that you have, and your heart is what pulls those thoughts back to your body.***

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

So, if you're walking around every day feeling sad or feeling sick, your **feelings and emotions** are part of these thoughts that are going out into that field. Your heart is that *magnetic pull* that will pull it back to you whatever you're thinking about.

This is the part that keeps us in the likeness of God. This is what makes you a creator. All of us were born to be creators. This is the mechanism God put inside of us to be creators. But it depends what dimension you're trying to create from.

If you're trying to create from this "limited dimension" called the *mind of Adam*, then you're going to have restrictions that are built into this law. And that's the reason most people have memories of failures. They have failures in their physical experience. When you have an action in this dimension, it produces an experience. So those experiences produce this emotion which is what is trapped inside of our body.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

That's why so many people believe that they're having some kind of problems from outside them. That's why so many people believe they need deliverance because of the traumas that are trapped inside of their body. Something bad happened and that trauma from that elevated emotion gets trapped inside of our bodies. So, the ***body becomes this unconscious mind.*** And it sends out these signals of sadness, betrayal, fear, anxiety, and all of the stress hormones.

The hypothalamus makes the chemistry to match your thinking.

So, you get trapped in this loop of *feeling and thinking* and your body is the unconscious mind that's producing it. So, *what you think* and *what you believe* become your **state of being**. And *how you feel* starts to become your personality. How many are following me here? So, when you're sending these signals out into this dimension, your heart is going to draw back exactly what you're thinking about.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

In other words, you're creating your condition continually through your thought. Most people don't want to hear that because they've been trained early to believe, *"It's got to be something out there that's causing me to feel the way I feel."* And they can give you 100 reasons why it's that way. And eventually you start attracting people from that thinking (and your heart "pulling it back"), that think like you. So, you get the people that help you suffer, and that becomes a culture. It happens throughout the planet, in every place. That's because people don't understand how great they were created.

Your *thinking* and *feeling* are attracting exactly what you are thinking about. You become your own prophet of doom. That's because we've been trained to live in this dimension with the *mind of Adam*, and we have not gone through the transition necessary. Let's look at somebody that went through that transition.

Genesis 32:24-28

Then Jacob was left alone; and a Man wrestled with him until the breaking of day. Now, when He saw that He did not prevail against him, He touched the socket of his hip, and the socket of Jacob's hip was out of joint as He wrestled with him. And He said, "Let Me go, for the day breaks." But he said, "I will not let you go unless you bless me!"

So He said to him, "What is your name?" And he said, "Jacob."

And He said, "Your name shall no longer be called Jacob, but Israel, for you have struggled with God and with men and have prevailed."

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

Okay, now let's look over in **Exodus 33:11, 13, 17, 20**

So the Lord spoke to Moses face to face, as a man speaks to his friend. And he would return to the camp, but his servant Joshua the son of Nun, a young man, did not depart from the tabernacle.

"Now therefore, I pray, if I have found grace in Your sight, show me now Your way, that I may know You and that I may find grace in Your sight. And consider that this nation is Your people."

So the Lord said to Moses, "I will also do this thing that you have spoken; for you have found grace in My sight, and I know you by name."

But He said, "You cannot see My face; for no man shall see Me, and live."

We see two separate men who had two separate covenants with God. We know that Jacob, if we have read that story, know that he was the son of Isaac, and he was known as a liar and a thief. The Bible called Jacob, "a supplanter". He was a conniver. He was a mama's boy.

So, here's the important thing to know, that Jacob wrestled with God *face to face*. He saw God *face to face*, the same way Moses did.

The angel had to ask Jacob what his name was. But God knew Moses by name. But He chose to change the name of Jacob to Israel, but Moses, He did not change his name. And Moses became the *figure of the Law*.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

Jacob's name was changed to Israel, and in essence, when God said, "You can't see My face and live," Jacob died **that day**.

Jacob became a **new man** that day. That is the condition we find ourselves in, "in this dimension".

We all grow up being Jacob *in this dimension*, and if you *see God face to face*, you have to die. You can no longer protect the image that you are protecting. Are you seeing this?

This was the first example of a *new birth*.

And this is exactly the formula we need to follow if we want a *new image in Christ*.

If you want to *change the way you think and the way you feel*, you have to leave the image you're protecting and validating every day and leave the **space time** dimension and move into that **time space** dimension. Because if you don't, you'll need the Law; you'll live by the law in this dimension.

Most of our thoughts have been filtered through that conditioning we've had in the church, through the Law:

- We try to live "perfect"
- We judge everything that's sin because we're in this "Duality Dimension"

Instead of living in the dimension where there is no such thing as good, bad, wrong; you're in Christ, everything is Him.

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

And what happens to this energy that's around you, this electromagnetic field? It expands and you become ***more spirit and less matter***.

The *new birth* is a real thing. It's a transition from this physical connection that you've made with *this image*.

And the way I explain “miracles” is people “lost their image” and they moved into the image of Christ.

The diseases were in that *old body*.

When you transition into the *new birth*, you're no longer in this physical mentality that protects this body.

This physical body that we call, “Me, you, I, this physical body,” has spent so many years validating the conditions that we reverence.

You see, your brain wants to “keep you alive” all the time. It's the ***survival mechanism***. So, the addiction to the chemistry that we've created in our body *through our feelings and our thoughts* validates this physical being.

But the minute you make the transition in a new birth, you're no longer playing by the rules of this dimension. Like Jacob, you've died, and so has that chemical addiction to this physical body. *The addiction to emotional trauma is real, and it keeps us trapped in this belief that this is who we are.* **But that's the likeness and the image of God that you're transitioning into again. And that's where the miracles you're looking for take place. Amen. Amen.**

The Miracle You Have Been Waiting For

English Transcript – Emerson Ferrell

So, start to train yourself to observe the thoughts you have. Don't judge the thoughts. Observe them. And the more you observe them, the less frequent they appear. And then you'll be able to pray the way Jesus was teaching.

“Father, I thank you that You have given me all things that pertain to life and godliness. I thank You, Lord, that I'm not separate from You, but I am one with You. I thank you Father, that I have no enemies because I am in You. And I thank You that all things are working together for my good. And I thank You Lord, that I don't live in lack. I live in abundance, I live in abundance, I live in abundance.” Amen.
