Breeze – Chair
Design by Sebastian Herkner

Caressed by a gentle breeze, the chair is delicately shaped in its design. The backrest curves gracefully, warmly embracing the person with comfort.

The simplicity of the design emphasizes the story. It is not a demonstration, but rather a gesture.

The **Breeze** chair is available with a metal base with four legs.

SEBASTIAN HERKNER

The German designer Sebastian Herkner, born 1981, studied Product Design at HfG Offenbach University of Art and Design. Designing objects and furniture, he honed his keen sense for materials, colors and textures. After working for Stella McCartney in London, Sebastian Herkner founded his own studio in 2006 and he has designed furniture, lamps and smaller items for manufacturers.

An unconditional love for traditional craftsmanship paired with a good feel for new technologies, a true flair for color, authentic materials and textures, an unadulterated curiosity for different cultures, these are the characteristics of Sebastian Herkner's work, from objects and furniture creation to interior architecture projects.

His works have won numerous prizes.

Maison&Objet Paris has also elected him 2019 "Designer of the Year".
