

Father, Glorify Your Name

English Transcript - Emerson Ferrell

Jesus has a prayer in John 17 that is between Him and His Father. And because He lives inside of us, this should be our prayer every day.

John 17:3

And this is eternal life, that they may know You, the only true God, and Jesus Christ whom You have sent.

*I have glorified You on the earth. **I have finished the work** which You have given Me to do.*

Can you say, "finished the work"? **He finished to work!**

Because in the dimensions that we just traversed, there is no work, it is the gift of the resurrection. Freedom to the spirit. Lingering in that place as long as you desire. Traveling wherever your imagination can take you.

Not all of me is back, so you will just have to wait. (Emerson said this because this message began just after a powerful time of worship)

So, when Jesus is speaking to His Father, He is speaking to Him not from earth, He is speaking to Him "heart to heart". And it is not even "Father to Son" it is "Spirit to Spirit". That is why when Jesus says, "*The words that I speak are spirit and life,*" that is what He is talking about. He said, "*The flesh profits nothing, it is the Spirit who gives life*". (See John 6:63).

And the only true life is the knowledge of the Father, which you can only have through the Words of Christ. Not through my revelation, not through anyone else's revelation, but only through your revelation. And when you come out of the "spectator" position in the bleachers and start facing it "*face to face, life to life*" that is when you experience something real.

We can't be spectators any longer. We have to *face the bull* in the physical realm and in the spiritual dimension. And as I said today, all of you have done *great things* in your life when you were outside of your image of who you think you are. **When you are away from the image of who you think you are, you are fearless.** That's how you have to live every day. That is why Jesus said, "*I finished to work*". And that was before He went to the cross.

Did you hear me?

That's before He experienced *physical death*, He **finished to work**. That's powerful.

That means He had such a command of the spiritual dimension and the ruler of this world at that time He could say "My work is done because your day is over."

How did He know that? I'm going to read it, I'm glad you asked.

Father, Glorify Your Name

English Transcript - Emerson Ferrell

John 17:24

Father, I desire that they also whom You gave Me may be with Me where I am, that they may behold My glory which You have given Me; for You loved Me before the foundation of the world.

Jesus was not talking *linear* when He was speaking, He was talking in the dimensions of something that “*is, and was, and will be*”. That is the **dimension of Love** and He knew that His Father loved Him, so when He gave Him the “chore” or the “work” to do, He could say, “*It’s already done. The only reason I need a physical body is for the people on the planet. My Spirit already knows “it is done”. I’m only doing this for your sake.*

You want me to prove it? Turn to **John 12**.

John 12:25-28

He who loves his life will lose it, and he who hates his life in this world will keep it for eternal life. If anyone serves Me, let him follow Me; and where I am, there My servant will be also. If anyone serves Me, him My Father will honor. Now My soul is troubled, and what shall I say? ‘Father, save Me from this hour’? But for this purpose I came to this hour. Father, glorify Your name.

You see, you know your spirit is engaged when you can ask the question and answer it. So, when you are feeling sorry for yourself (*how many of you feel sorry for yourself sometimes?*) and your soul is troubled, can you ask the question and answer it the way Jesus did?

Father, should You save me from this hour? Wait a minute, this is why I came here.

Now I know the key... “**Father, glorify Your Name!**”

John 12:28

“Father, glorify Your name.” Then a voice came from heaven, saying, “I have both glorified it and will glorify it again.”

John 12:30

Jesus answered and said, “This voice did not come because of Me, but for your sake.

How many of you know “we love” to have some kind of confirmation from the external dimension. You know why? Because we are raised in this “duality” dimension. We need a *cause and effect*. Every time there’s something happening, we are always looking for “why is this happening to me?”

Father, Glorify Your Name

English Transcript - Emerson Ferrell

And the reason you are looking for “why” is because you did not answer your own dilemma. I hope you are hearing me. It can help you the minute you start to sink into yourself, then that voice that comes from Heaven won’t come from Heaven, it will come from here (within you) which is the last place man looks.

I mean, if I was God, I would hide Myself in man because that is the “last place” he looks for Me. (Ouch... 😊)

John 12:31

Now is the judgment of this world; now the ruler of this world will be cast out.

Up until the time of Christ the soul of man was tormented because of the authority given to him through the disobedience. There was the perfect right for satan to torment anybody he wanted to. And you can imagine while Jesus’ soul was tormented and troubled. He was hearing all kinds of things, but He wasn’t hearing them here (inside Himself).

So where are you hearing your voices?

Because **the reality we create is because of the voices we hear. The *personal reality* that we create is because of the story we tell ourselves.**

What story are you listening to?

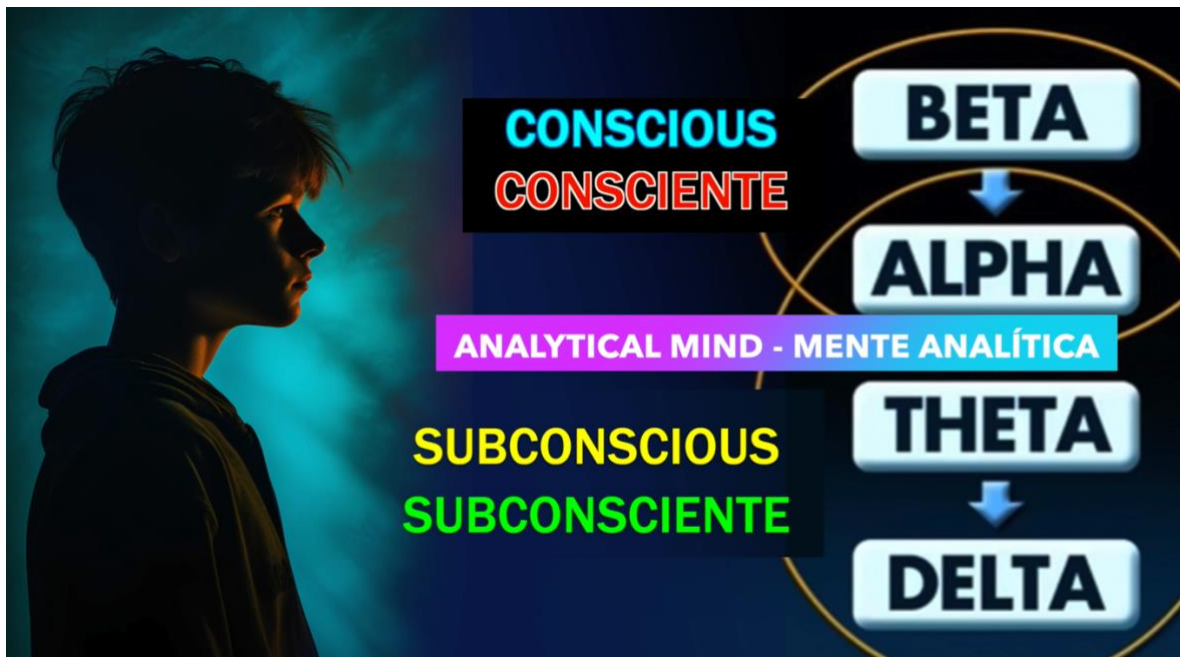

Father, Glorify Your Name

English Transcript - Emerson Ferrell

It is very important to identify that, because *that story* has authority over you until you can hear the voice of the Holy Spirit inside of you and that will stop you looking for validation in the physical dimension and it will make it very fast for you to enter into the dimensions of the Spirit, because ***the frequencies spoken on your inside is the frequency you ride to the dimensions of the Spirit.*** And as you *observe yourself* in those dimensions you don't make a judgment "right or wrong, good or bad". And the greater your attention is to how you are behaving and how you are responding, the greater elevation you have in that dimension. *Until the observer becomes the observed.* That is a concept until you experience it.

When you are in *the present*, and your observing how you respond to your external environment without any kind of judgment, without saying "*That's right, that's good, that's bad*"... you are just seeing your physical body respond, pretty soon *the observer becomes the observed.* And **when you are the observed, you are no longer that image.**

In science they talk about the brain waves move in a high frequency of beta. When you are a child, you have very low brain waves. And the reason for that is because children are not in the analytical mind yet. They are asleep with their eyes open. But when you get to age 7 you start developing the analytical mind and making judgments. And the higher frequency in "beta" the more focused you are on the material dimension. Even your respiratory (breathing) changes, you take shallow breaths because your mind is darting *here and there*, all over the place. The brain waves look like lightning in clouds it's moving so much. But when you step *out of that program* and start to observe your response you start changing the way you breathe, and your brain waves start to decrease in frequency.

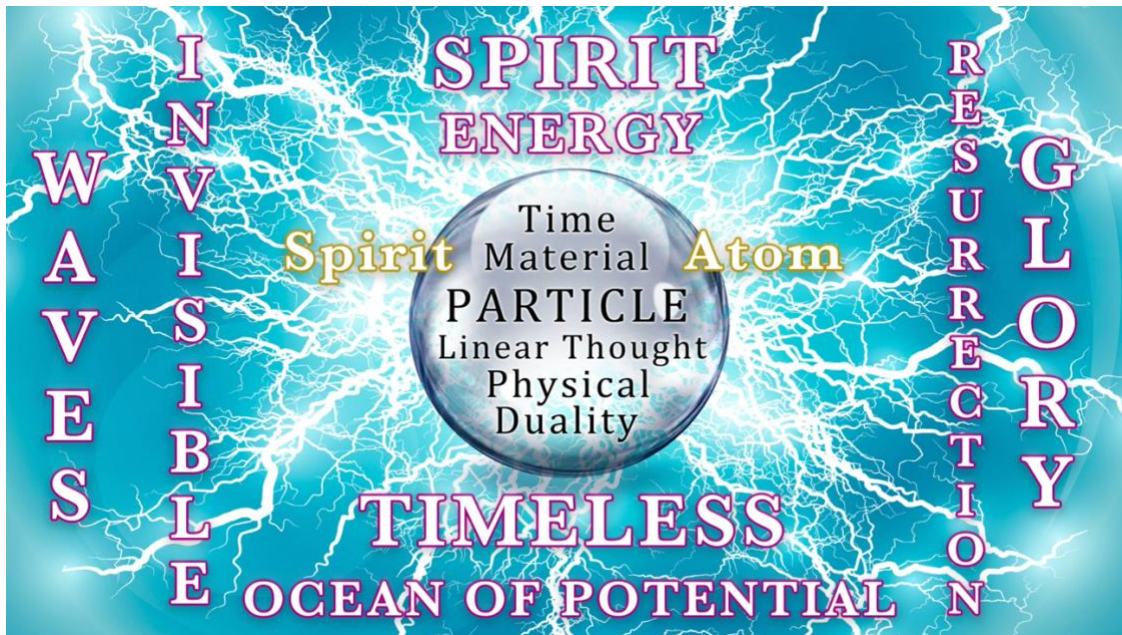

Father, Glorify Your Name

English Transcript - Emerson Ferrell

And then as you go from “beta” to “alpha” your brain, which is an archive of everything you have experienced and stored becomes more organized. Both hemispheres (sides) of the brain and the occipital lobe start to communicate with each other and your breathing gets deeper, and your brain waves get slower. And the more you observe what’s going on around you and the voices you are listening to, the quieter you become “inside”. And then if you get quiet enough and you do this “enough”, you enter into what they call “theta”. And that is when the *lights go out* in your memory, and you are wide open for the things of the Spirit in that dimension. Your eyes are open, but you are not in this *physical dimension*. And that is when the voices go silent inside of your mind and that is when the Spirit of God says, “*Ok, he’s out of here, now We can fix him.*” And that is when all kinds of miraculous things start happening to that person. They get revelation of why they have some kind of pain in their body, why there is some kind of distance between you and a friend, all of that stuff just starts to come to you without you trying to learn about it. All of the prayers you made while you were in *beta* are stored up and start to be answered in that “*theta*” dimension. Because people are always saying, “God didn’t hear my prayers.” Oh, He heard them. But you didn’t get out of the way so that He could answer them. You are always trying to figure it out yourself. ***You can’t get answers in the spiritual dimension when you are trying to solve the problem in the third dimension.***

We talk about “matter” and “spirit”. Science calls that “Particle” and “Wave” They talk about that in the way of quantum physics when they’re trying to understand how something in the spirit becomes physical.

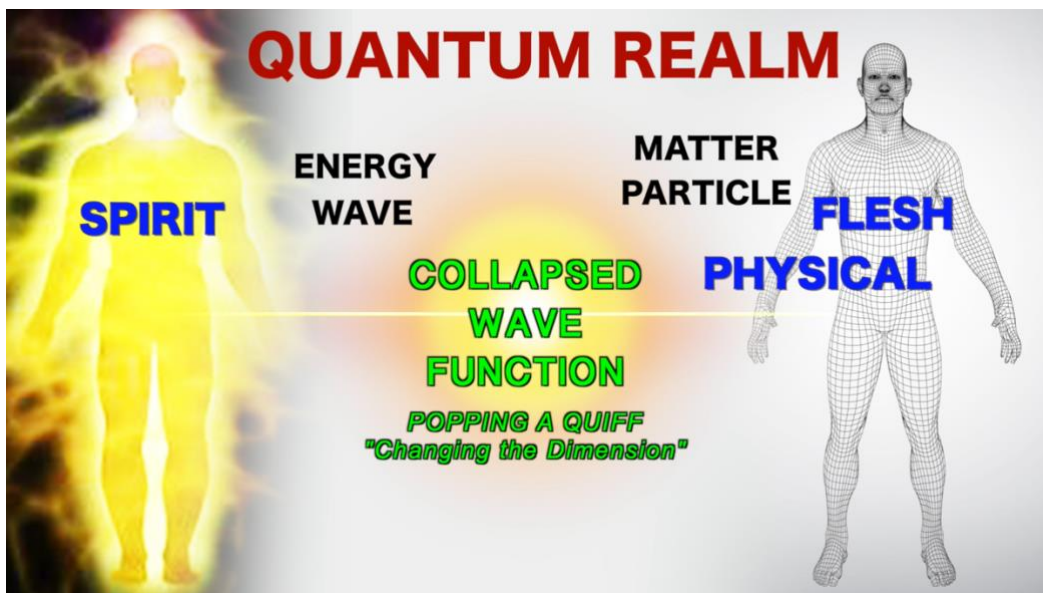

Father, Glorify Your Name

English Transcript - Emerson Ferrell

So, they say energy is both “particle” and “wave”, and when they are looking at atoms, the atom is the foundational block inside of the physical dimension and it has all of these electrons spinning around at a billion times per second, and all of these electrons that are running around these atoms never run into each other. But when they get close to one another, they send out a wave that looks like a “half-shell”. Now that is a wave in the spirit realm.

Our physical body and “everything” is constructed of atoms in the material dimension. And we can be both “particle” and “matter” in the physical. In the spirit you are “wave”. So, when a wave becomes a particle, it is called “*popping a quiff*” or “*changing the dimension*”.

So, every science is trying to discover what makes something solid from the invisible. How can a “wave” become “particle”? They never studied the life of Christ, obviously. Because when they put His physical body in a grave and He resurrected, He went from *particle to wave back to wave*. And that is the only thing in the physical dimension that we should be conscious of.

Do you understand? There was nothing else that changed physical lives than the resurrection. It was very difficult for people during the time of Christ for people to understand what Jesus was doing. All of the Jews saw the miracles and supernatural events throughout history. They saw all of those amazing, amazing events. It trained every generation to look for God to do something in the material dimension. Therefore, it was critical for God to bring the “Law” into this dimension so they could “work” for their salvation. So, when Jesus came to “fulfill the Law”, and that is what He did throughout the gospels of Matthew, Mark, Luke, and John; it is important to note that these gospels are not the New Testament. That is Jesus “fulfilling the Law”.

Father, Glorify Your Name

English Transcript - Emerson Ferrell

So, the worst thing you could do was to believe that was the New Testament. It was very difficult for the people of Jesus' time to understand the transition that He was bringing. It was very difficult because they were trained to look to the outside for the supernatural, the power of God and the fact that you were a Christian or a saved person were all of the supernatural things you could witness.

And that is what just transitioned into the Church today. Focus on the outside power of God and all of the wonderful things in this environment because that is where God is. And while you are at it, judge those people who don't think like you. Make sure you judge those heathens.

You see how *the Law* is in everything *religion* is? And they think they are totally New Testament.

Paul had a horrible time understanding this.

Look in the book of Acts. Our buddy Paul, we love him 😊. Paul was chosen by Jesus after He ascended to do a specific work. In this chapter and verse we see something that Paul says that shows you that the Law was still in him.

Acts 20:22-23

And see, now I go bound in the spirit to Jerusalem, not knowing the things that will happen to me there, except that the Holy Spirit testifies in every city, saying that chains and tribulations await me.

The chains in the spirit signify he was still bound by the Law. So, when he was speaking, many times it was coming through that filter of that "legal" pharisee that he grew up as. That is why Jesus could give him a specific ministry that would minister to specific people.

Acts 20:24

But none of these things move me; nor do I count my life dear to myself, so that I may finish my race with joy, and the ministry which I received from the Lord Jesus, to testify to the gospel of the grace of God.

There's lots of gospels that you can find in the Scriptures. Jesus gave him a specific "call" because He knew Paul's weaknesses. How many of you love the gospel of Grace? Hallelujah.

But how many of you know there is a *gospel of Resurrection!* And that takes away everything that hinders you from finishing your "call". All of us have done great things in our physical up to this point, but now we are about to enter into a new dimension in our life. We have awakened from the hypnotic trance that says, "we must wait to have before we can praise."

Father, Glorify Your Name

English Transcript - Emerson Ferrell

We are not waiting for our healing to give thanks! We are not waiting for our riches to give thanks! We are not waiting for our abundance to give thanks! You don't need a manifestation in the physical to give thanks! Amen!! And Jesus knew that.

That is why Jesus could say in John 17:4, *"I have finished the work which You have given Me to do."*

And that is the prayer we have to have every day:

I have finished the work You've given me.

I have finished the work You've given me.

I have finished the work You've given me.

I'm not waiting for the world to change. I'm not waiting for a cloud to appear. *I have finished the work You've given me. "And the fruit is Mine," says the Lord. Hallelujah!*

So, back in **John 12:31**, Jesus says:

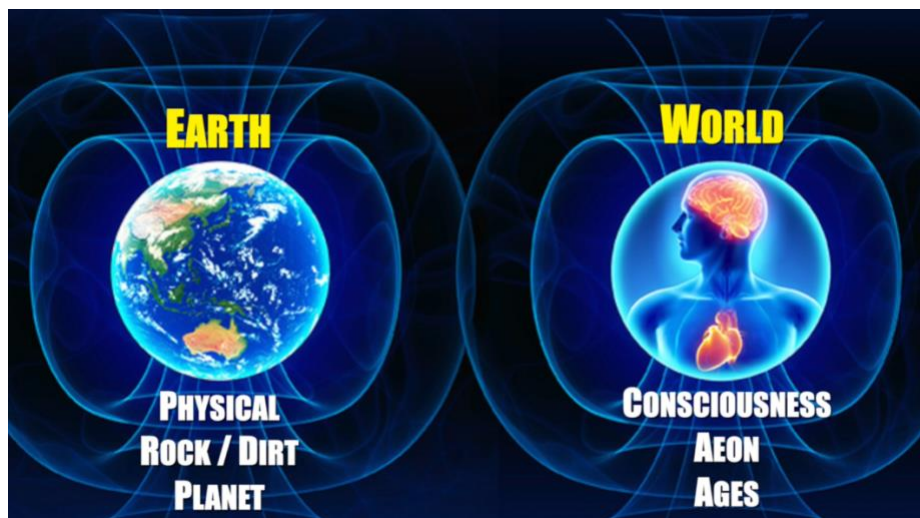

Now is the judgment of this world; now the ruler of this world will be cast out.

Who was the ruler of this world? That would be satan. Is he cast out? Is he? (YES) So, the devil didn't make you do it? Now the ruler of this world will be cast out.

And Jesus continued to say in **John 12:32**

And I, if I am lifted up from the earth, will draw all peoples to Myself.

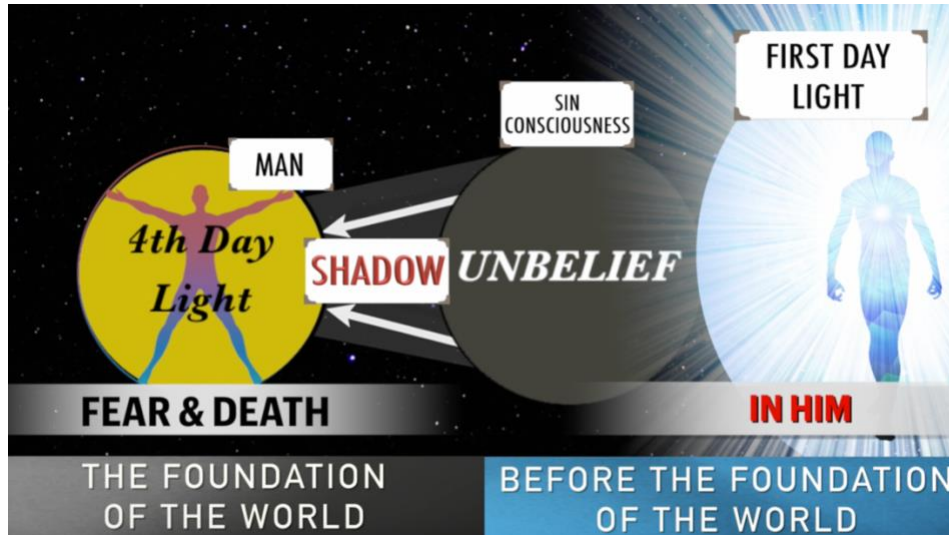

Did He say He was lifted up from the "world" or the "earth"? From the "earth". Look to your neighbor and explain the difference between "world" and "earth".

Father, Glorify Your Name

English Transcript - Emerson Ferrell

What's the difference between "world" and "earth"? The sin consciousness of Adam is the mentality of this world. But you have the Christ consciousness, because you are *in Him before the foundation of the world*.

And as long as you are there you have finished the work you've been given to do. The work is to be conscious that you are "In Him" not "in the world". By the way, that is when you are baptized in the water and the Spirit. What do they call that? Being **born again!** Hallelujah!

So tomorrow, I'm going to ask you to preach this message 😊 . So that is enough for today.

PRAYER:

Father thank You; we give You thanks Father because we have finished the work You've given us to do. We are done listening to the voices that have condemned us and kept us in this dimension. We no longer believe that there is something that has not been finished. The physical dimension is not the display to validate who we are. Amen!

Say that with me. **The physical dimension is not to validate who you are!**

Who I am is "in Him before the foundation of the world".

And when I say, "I am", I'm the observed watching the observer. That is Next Level Observation.
