

Physically Spiritual or Spiritually Physical?

English Transcript | Emerson Ferrell

How many are new for the first time? This is your first time in, in our conference? The reason I ask is because I make some differences between words, and it's kind of like the difference between world and earth. How many of you know there's a difference? When the Scripture writes about future tense and past tense, it can confuse us because everything is in the present tense with Christ.

How many of you know the spirit realm has no time? How many of you believe you're flesh and not spirit? Don't lie to me now, because we act like we're spirit, but we react like we're physical. And the reason for that is because of the state of being we presently occupy. The state of being is how you think and how you feel.

That's called your **state of being**, which is also your personal reality. So, when I talk about state of being, I'm talking about how you think and how you feel. And when I talk about world, I'm talking about how your world is created from your state of being. The earth is the background or a screen in a movie theater, and you are the author of the world you live in. Even the characters you have in your world, God put them in there for you to learn what your weaknesses still are.

So, **there is nobody in your world that you didn't create**. Ooh, ooh. So that means you have no enemies. Unless your state of being separates you to believe you do. Everyone read these Emersonisms over here:

Death is not dying. It is waking tomorrow and living from yesterday again. The world is not the cause of our experience or circumstances, it is the report of those experiences from our consciousness.

Does anybody have the faintest idea what that means? We'll have to explain what consciousness means. Conscious and consciousness are two different things. Every person is born conscious, but not everyone has a consciousness.

You're walking, you're moving, you're talking, you're conscious. But when your heart and your mind are one, you have consciousness, and consciousness is how you form your world from your state of being. Now, unfortunately, this world's fabric is created from the fear of death.

So, when we're born into this world, we come in with the consciousness of sin from Adam, who was the one that created this world out of fear. We call that state of being *physically spiritual* because God is what? The Author of all spirits, correct? Yes. That's what it says in several verses. (*Hebrews 12:9, Numbers 16:22, 27:16*)

So, by nature or by origin, we all are spirit, but we adopt a physical reality because we are *physically spiritual*, just because we believe we are born into this physical dimension.

Ephesians 1:3

Blessed be the God and Father of our Lord Jesus Christ, who has blessed us with every spiritual blessing in the heavenly places in Christ, just as He chose us in Him before the foundation of the world, that we should be holy and without blame before Him in love.

So, when you read this Scripture, before the foundation of the world, it's not before the earth and creation. It's before the world of every human being that will ever walk this earth was created.

Every possible imagination that a man will ever have on this planet was created before the foundation of the world, and it sits in what's called a superposition. I'm going to talk about that more tomorrow when I start talking about quantum physics. I just want to set the stage.

So, when Jesus died for the world, did He die for the Earth, or did He die for every superposition that would ever be created? Every possible imaginative life a human being can have on this planet, Christ died for. You were never born poor. You were never born abandoned. You were born absolutely from *in Him*, complete with everything you could possibly ever need. But the *state of being* that you assumed as a child brought with it circumstances and conditions that made you believe your senses were God.

The reality of who you are is not in the mirror. It's in the verse when he says: “you were in Him before the foundation of the world”. Now, it's your state of being that creates all the division and separation, which opens the door for every possible problem you can have.

So, in Genesis, when God says He made Adam in His image, what image was that? It was the First Day Light.

Some of you are looking at me like you don't know what I'm talking about. Let's try it again.

Turn to **Genesis 1:3-5**

Then God said, “Let there be (Christ) light”, and there was light. And God saw the light, that it was good, and God divided the light from the darkness. God called that light Day, and the darkness He called Night. And the evening and the morning were the first day.

You have to distinguish between the First Day Light and fourth day light in creation. The fourth day light is the light that rules the planets, the stars, the universe that we live in, in this three-dimensional realm.

Image is different than appearance. So, when God created Adam in Their Image, it was a spiritual image, correct? He covered him in the earth to give him form, but make no mistake, he was spirit. And then he was given the task to follow the commands of his spiritual Creator. So, when he disobeyed, he lost his spiritual image, and his soul became his god because his senses made him decide to eat the fruit that gave him wisdom and looked good to eat.

God was never surprised by the choice. Nothing happened that surprised God in the whole book. It's all been set up for you. **We are here to remember who we are in Him. So, we can either be physically spiritual or spiritually physical.**

Jesus came to show that you could live *spiritually physical*, and He also came to fulfill the law. That's an amazing feat. And the reality of people who are in a religious system don't understand that they're living by the law. How many people in religious systems judge everything? Their neighbor, their dog, their spouse, whatever, they judge. That's the first sign that they're living by the law.

The reality of how Christ lived was He was connected with His Father. And the reality of who you are is you are in Him and you never left. But until you know that you will live allowing the physical world you create to dictate how you feel. That makes you all prophets. You wake up every morning, and you prophesy after you check your checkbook or the doctor's report or what somebody says and then you believe it.

You don't need more FAITH; you have perfect faith in fear and doubts and great faith in your senses. You don't need more FAITH; you need a NEW IDENTITY. Knowing is faith manifested.

Is that resonating with some people in here? When you know something, nobody can tell you that you didn't experience it. When you know it, you know it. But if you look to the physical world that you've created from your beliefs and your doubts and whatever, you forget what you knew and start to react to what you created. So, when you react and the state of being that you occupy reacts, that tells you you're the old man and you have not put off the conversations of the old man.

Turn over to Ephesians.

Ephesians 4:22-24

*that you put off, concerning your former conduct, **the old man** which grows corrupt according to the deceitful lusts (— that word lust means desire—), and **be renewed in the spirit of your mind**, and that you put on **the new man**, which was created according to God. In true righteousness and holiness.*

The *state of being* that we adopt when we're born and conditioned into this planet comes complete with a radio inside your brain and your mind that plays night and day all of the frequencies associated with that *state of being*. It's usually on the station of fear, and it's broadcasting all of the stuff that *the collective unconscious* has portrayed as reality in the physical realm. Now, there are people that weren't in Him before the foundation of the world. And they're conscious and they're frightened. And they read all the papers and hear all the reports and all they project is fear, death, chaos, conflict. And those people are what you see in the physical world.

So, if you get up in the morning and you turn on a station that's broadcasting all the chaos and the wars and all of the conditions around, you have tuned in to the frequencies of fear, and that's what you will vibrate at. And we are an electromagnetic field with thoughts in our brain and feelings in our heart. And what we do is attract all of the stuff that we continually listen to and vibrate at. And we grow up craving drama. And the drama is playing 24/7 on that radio station. And pretty soon, you will be *more matter than spirit*, making you *physically spiritual*.

Now, I'm talking about people that believe they are in this dimension. I'm not talking about people that are sitting in the Heavenly places with Christ. See, if you know that you know that you never left that place in Him, whatever drama is going on here has no attention or reaction from you. The mentality that you adopt through this state of being is exactly what you've been attracting.

So, you want to change your state of being, it's like changing a garment of clothes. You have to observe where you're at and what you react to and assume another position. Now, when I say *assume*, the definition of assume is *take for fact without proof*. Most people in their state of being presently have assumed their condition was real. So, you see how close assume is to faith? They're the same. They have faith in the condition they're in and they don't believe they can change. So, they pray to God for something He's already given them. It's like a man that's knocking on the outside of the door and from the inside at the same time.

Ephesians 1:3

...who has blessed us with **every spiritual blessing** in the heavenly places in Christ.

Before you took your *state of being*, you had *all the blessings in Christ*. The reality is when man stays in the conditions he's in, it's because he believes his experiences (in this physical dimension) are greater than what he had (in Christ before the foundation of the world).

So, man basically is trying to satiate his appetite in every aspect of the physical dimension. How many like to fast now?

So, the state of being that we desire can be changed because it's the Father's pleasure to give us His kingdom. In that closet where you change *states of being* is everything a man can imagine in this physical dimension, and it is yours. You want health, you want wealth, you want position— it's all in the state of being you choose. God is not telling you not to have desire. When Jesus walked the earth, how many times did He ask the man, *“what do you desire?”*

If you're **born in Him** and you feel like you are here because of your *state of being*, choose whatever state of being you want to live in, in this dimension. He died for the world, folks. Do you believe Christ is the Son of God? Do you believe He died for the world? Do you see yourself in this world? Then choose how you want to live. He's not going to condemn you. Why do you condemn you?

The reality of who you are is spirit. And the reality is you can never satiate the flesh, but until you know that you won't desire to know where you were in the origin.

Don't live by the Law. The reason man had to live by the Law is because God had to give man the reality of the Law. And that's why He had to create the Law with the Image of the One to come. Because where man gets confused in this dimension, he thinks the image in the mirror is who he is. No, it's the one behind the image in the mirror.

Hebrews 10:1

For the law, having a shadow of the good things to come, and not the very image of the things, can never with these same sacrifices, which they offer continually year by year, make those who approach perfect.

So, when man believed he was who he sees in the mirror and not the image of God, he believed he had to work his way back to God. So, God creates the Law so man can have the Image save him from his false image. And at the same time, create a channel for the One who would come to take care of all the problems man did in the garden. So, He had to send the Spirit of Prophecy.

Revelation 19:10

"...I am your fellow servant, and of your brethren who have the testimony of Jesus. Worship God! For the testimony of Jesus is the spirit of prophecy."

Now listen closely.

Genesis 3:14

[God is prophesying here, right? This is the first place I remember where God prophesied]

So the Lord God said to the serpent: "Because you have done this, you are cursed more than all cattle, and more than every beast of the field; on your belly you shall go, and you shall eat dust all the days of your life. And I will put enmity between you and the woman, and between your seed and her Seed; He shall bruise your head, and you shall bruise His heel."

That's what that verse in **Revelation 19:10** is talking about. Jesus fulfilled the spirit of His Father's prophecy in Genesis. Creation is finished. Everything was done. Nothing new is coming. When Jesus said, *"I am the Alpha and Omega"*, (Revelation 1:11) what does Omega mean? The end. So, everything you're living out in your life as a result of the *state of being* you possess will continue to happen in your life unless you realize some very basic principles:

- Everything in your physical world you create.
- There is nothing "coming" to help you or change you.
- You created the movie that you're watching. Every character, every person playing a part is there so that you recognize who you are.
- And if you want to live in the end of your movie, you could already see everything that has already happened.
- Live in the end. And whatever you want, see it already happened (done).
- **You are the creator. You were in Him before the foundation of the world. That makes you spirit, co-creators with God.**

He's not mad at you. You're not going to hell. You were in Him. Where are you? Who are you? Who are you? Are you physically spiritual or spiritually physical?
