

Kalfire E-65" with Media Wall and LED-strips

# Kalfire E-series

The plug-and-play **electric fireplace** that adds warmth and ambiance to any interior.

Kalfire E-65" with Design Frame

Electric fires have never looked so realistic. The Kalfire E-series features dancing flames, and glowing logs, all enhanced by integrated ambient lighting for an ultra-realistic fire display. With the remote control or the Kalfire Connected app, you can easily tailor the fire to your personal preferences, your interior, or the time of day.

- Ultra-realistic fire image
- Integrated ambient lighting
- Fully customizable fire experience
- Control via remote or app
- Adjustable heating (750W - 1500W)
- Simple and flexible installation

Kalfire E-65" with Design Frame

## Models and options

Kalfire E-55"

The Kalfire E-series is available in two models: the **Kalfire E-55"** and the **Kalfire E-65"**. These models align perfectly with 55" and 65" TVs, measuring 1250 mm and 1466 mm in width and 509 mm in height, respectively. With a slim depth of just 275 mm, these fireplaces can be easily installed on a wall unit or TV cabinet.

Each model can be optionally enhanced with a **Design Frame** or **Media Wall**, both of which can incorporate additional Kalfire LED strips. These strips are integrated into the fireplace's lighting programs, adding a new dimension of atmosphere to any room.

Curious how the Kalfire E-series fits into your interior? Discover it with our AR tool.
