

BRANDS BOOKLET
2023

As a lifelong entrepreneur and having privately owned the second largest volume independent liquor store chain in the country for 32-years, I have over 52-years' experience in the beer, wine, and alcohol sector in the United States. This background has enabled me to understand branding and how it works developing a successful brand. I saw an opportunity to create brands in a creative way to fit current market trends and to develop a history and a heritage to be proud of. When I started SRI Brands, and then acquired Good Spirits Distilling 4-years ago the company was in 2,000 square feet, and had one manual bottling line, and two small tanks. Today, we occupy over 90,000 sq. ft, and just added our 11th high-speed bottling line. We also have 2 canning lines for carbonated and still products, and 6 freeze pop lines. Our multi-million-dollar investment allows us to not only bottle our own brands but also contract bottle and can for some of the largest retailers and wholesalers in the country.

Our brands portfolio represents great products that stand for quality and distinguish themselves with a history and a heritage that will appeal to the consumer. My objective has always to deliver outstanding value, continuous innovation, and a great tasting product, at a competitive price. As a brand owner, spirits producer, and bottler, we can support our customers with a range of award-winning brands that can be sold collaboratively in the domestic USA market, International markets, and worldwide duty-free.

When we create a brand, we start the project with the consumer in mind. Product differentiation, a clearly superior taste, and innovative bottle and package designs define our craft. Our brands naturally resonate with the Premium Retail, On-trade, and Off-trade channels. Our in-house design team allows us to start each project from the bottle design through to the packaging and point of sale material. Our in-house bottling facility in Kansas allows us to maintain control of our liquid, bottling and production.

INTRODUCING AMERICAN BULL & BEAR. SMALL BATCH KENTUCKY BOURBON WHISKEY.

Kentucky straight bourbon whiskey distilled in Kentucky and produced at the Good Spirits Distillery in Olathe. It is characterized by a high rye content for a bourbon, and has a unique and compelling branding with custom-made embossed glassware.

Barrel aged in Kentucky for a minimum of 23 months, and exceptionally well balanced without the burn associated with most. Hints of charred oak and tobacco gives way to slightly sweet fresh corn at mid-pallet, and finishes with toasted black pepper.

WITH A HISTORY AND A HERITAGE TO BE PROUD OF.

Whether you're looking for a reliable bourbon to order at the bar or you are looking to order a bourbon for your own home bar, American Bull & Bear is the way to go. It's a classic American Kentucky Bourbon Whiskey, barrel aged for a minimum of 23-months, and goes down smooth. This makes it perfect for sipping solo or in a premium cocktail like an Old Fashioned. But best of all the price, and availability can't be beaten for the complexity of the spirit's flavor.

Making its entrance into the beverage market in 2012, Dizzy Three captured a Gold Medal from The Fifty Best list for flavored vodkas in its first year. INTRODUCING A COLLECTION OF EXCEPTIONAL AWARD WINNING AGED RUMS.

Taste the spirit of the Caribbean with our award-winning craft and cask aged rums available in 8, 12, and 18-years old. Our story began in 1836, when the three-mast schooner, the "Barracuda" hit the reef off a remote uncharted Caribbean Island, whilst carrying a cargo of spices, tropical fruits, and rums back to England. Being stranded, Captain Abraham Anderson took the crew and the cargo onto the island and set up camp. Realizing he was going to be there for some time, he renamed the Island "Barracuda Cay". In the proceeding years, Captain Anderson began experimenting by using the different aged casks from the ship to create a range of unique, and individual rums. The result was a range of exceptionally smooth rums layered with elegant flavors. The rum in these bottles is a recreation of the recipe created from the original BC Rum.

OUR HISTORY AND HERITAGE

Caribbean aged rums are synonymous with old stories of heritage, mystery, and revelry, and Caribbean rum producers have spent the past two centuries perfecting the art of distillation, aging, and blending. Our rums have been created as an accolade to this history and Caribbean heritage.

INTRODUCING OUR COLLECTION OF EXCEPTIONAL AND AUTHENTIC CARIBBEAN RUMS

Taste the spirit of the caribbean with our exceptional and authentic caribbean rums. Our story began in 1836, when the three-mast schooner, the "crooked eye" hit the reef off a remote uncharted caribbean island, whilst carrying a cargo of spices, tropical fruits, and rums back to england. Being stranded, captain abraham anderson took the crew and the cargo onto the island and set up camp. Realizing he was going to be there for some time, he renamed the island "crooked island". In the proceeding years, captain anderson began experimenting by using the different rums from the ship to create a range of unique, and individual rums. the result was a range of exceptionally smooth rums layered with elegant flavors. The rum in these bottles are a recreation of the recipe created from the original rums from crooked island.

OUR HISTORY AND HERITAGE.

Caribbean aged rums are synonymous with old stories of heritage, mystery and revelry, and caribbean rum producers have spent the past two centuries perfecting the art of distillation, aging, and blending. Our rums have been created as an accolade to this history and caribbean heritage.

INTRODUCING A COLLECTION OF EXCEPTIONAL AWARD-WINNING COGNACS.

The Dobbé Family Estate includes a vineyard, a distillery, and ageing cellars with a large stock of exceptional award-winning cognacs. The DOBBÉ cognacs are produced entirely on the estate for authenticity, and overall quality. The best grapes are selected to be pressed, and after a natural fermentation phase, the wine is double-distilled on light-tees in two 25-hectolitre Charente stills. The selected and assembled eaux-de-vie is then used to produce prestigious cognacs, which are then aged and bottled on the estate.

VOTED WORLD'S BEST VS COGNAC

DOBBÉ Cognac VS (Very Special) is the first cognac in the range and will appeal to those who love pure flavors, which arouse the senses. Its rich golden hues reveal a well-developed character containing both floral, and fruity notes. It has a wonderful aroma of vanilla oak, hazelnuts, and dried figs, and is accompanied by the fragrance of tea. You will be amazed by its warm intense finish. This young fresh cognac can be enjoyed as an aperitif or as a long drink.
