

DESK FAIRY

desk cards!

WHAT IS A DESK FAIRY?

A desk fairy is a classroom fairy who comes to check if the students' desks and trays are tidy!

How to use:

- Remind students that the desk fairy might visit.
- After students have left, select 1-2 student desks to check on. If they are tidy, leave a desk fairy card. If they aren't tidy, don't leave a card. Optional: leave a small prize or pile of glitter.
- The next day, the students will come and see if the fairy has visited their desks. If you had students who didn't have a tidy desk, you might say, 'The desk fairy visited someone but his/her tray wasn't quite tidy enough! She will check on them again next week'.

Options:

- Print and laminate a door and stick it to your classroom wall.
- Attach the fairy to an upside down bulldog clip.
- Allow students to take home their fairy, or collect to use again.
