THE PAINTED TURTLE

OUTPOST

DELIVERING THE MAGIC OF CAMP!

Outpost is endowed by the
Margie & Robert E. Petersen Foundation

Hello!

At Camp we do all sorts of amazing activities, and in this book you'll find some fun activities to do as well.

Go for it!

Fun and Games!

Similar to tic-tac-toe, the object is to create the sequence S-O-S either diagonally, horizontally, or vertically, as much as possible. Take turns writing either an S or an O. If you succeed in creating an SOS, take another turn, and continue until no SOS can be created on your turn. The person with the most SOS's is the winner. Try the bigger grid for more fun!

The Box Game

To play, grab a friend and take turns drawing horizontal or vertical lines between dots that are right next to each other.

The object of the game is to create more squares than your opponent. Once you have completed a square write your initial inside of it. Once you make a box, you get to go again.

Origami Fox

Cut out the box below to fold into a fox! Instructions are continued on the next page.

- 1: Create a diagonal crease by folding one corner towards the other. Unfold it.
- 2: Fold the paper diagonally again, this time bringing the other two corners together.
- 3: Fold the corners on the longest side of your triangle to the top corner
- 4: Fold your square in half so that the flaps are on the outside.

Origami Fox page 2

- 5: Fold the side with the most layers of paper about a third of the way into the rest of the triangle.
 - 6: Split the layers of paper in half then flatten them.
 - 7: Fold the center tip down to form the face
 - 8: Add a face and other details to personalize your fox!
- And that's it! Your fox is complete :)

Sudoku

The objective of the game is to fill all the blank squares in a game with the correct numbers. There are three very simple constraints to follow. In a 9 by 9 square Sudoku game:

- Every row of 9 numbers must include all digits 1 through 9 in any order
- Every column of 9 numbers must include all digits 1 through 9 in any order
- Every 3 by 3 subsection of the 9 by 9 square must include all digits 1 through 9

Turtle Maze

See if you can find your way from one side of the turtle to the other...

Friendship Bracelet Fun

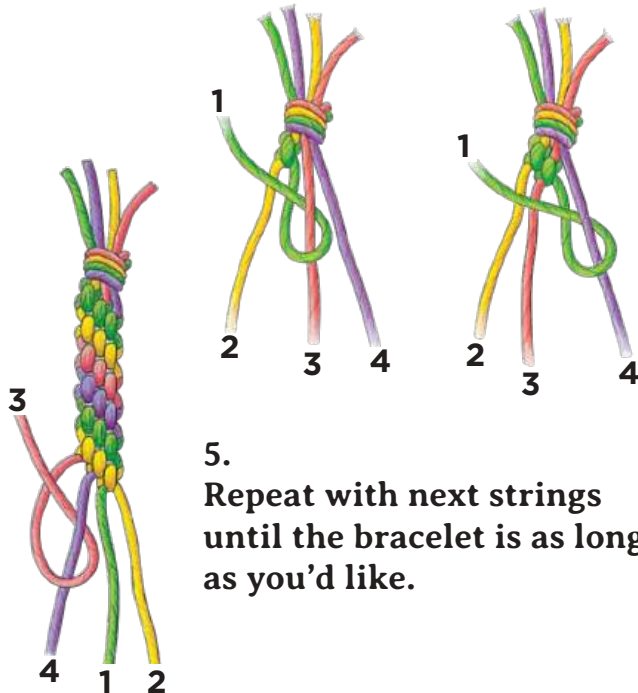

1. Start with String 1 and loop it over and then under String 2. Hold String 2 straight (important!) and pull the knot snug.

2. Repeat Step 1 with String 1 again, creating a double knot.

3. Take String 1 and make double knots around the remaining strings (3 and 4), left to right.

4. Repeat Steps 1-3 using String 2, creating double knots along the remaining Strings from left to right.

Follow these steps and prepare to be amazed!

Up, Up, and Away!!!

1. Fold a sheet of paper in half vertically.

2. Next, fold both upper corners to the center.

3. Fold the top right edge to the center line.

4. Repeat on the other side.

5. Fold the top peak down as shown.

6. Fold the plane in half.

7. Next, fold down one wing.

8. Repeat with the other side.

9. Finally, fold the back ends in opposite directions.

...And you're ready for takeoff!
