

CAN'T BELIEVE IT'S NOT COTTON

COTTON LOOK AND FEEL. NO COTTON.

“My customer wanted a soft cotton-like similar to a Bella Canvas shirt. After getting a sample sent out, they really liked it and are sharing with other stakeholders!”

“No one has been able to match your Slate’s quality! We have used Gildan in the past for years and have been told the quality is not great. That being said, we only want our t-shirts to come from you!”

Crafted from 95% PE, 5% Spandex.

buttery feel | performance quality | next-level comfort

Our cotton-like Slates are revolutionizing the t-shirt industry with their unparalleled fit and comfort. Customers can't seem to get enough of these tees.
