Hello my beloved friends!

I'm so excited to come to you today, and if you'll just give me 20 to 25 minutes this can change your life.

I don't say that as a way to make you stay, I really, really believe this word is especially for you and this season.

So many people are going through so many different things in their life and most people are experiencing some disappointing times, some frustrating times, some times where they don't feel exactly full of faith; but I'm here today to let you know that this is exactly where you need to be, and exactly what you're about to hear is going to change your life forever.

God is a God of purpose, and He has put you in a specific place, a specific time to receive something especially for you.

So, today as we go into His word, His prophetic word, I want it to sink into your spirit -- I want it to just resonate with "who you are as God's perfect creation".

He created you perfectly, there's not anything wrong with you.

Did you hear me?

***There is nothing wrong with you.***

You're not sick, you're not diseased, I don't care what anyone has told you, you are perfect.

Listen to me.

Let's read this verse in revelation and I want you to just hear in your spirit what God is saying in this hour.

## **Revelation 1:1-2**

*The revelation of Jesus Christ, which God gave Him to show His servants things which must shortly take place. And He sent and signified it by His Angel to His servant John, who bore witness to the word of God and to the testimony of Jesus Christ to all things that he saw.*

Those two verses are pregnant with life for you today.

You have a special Angel, there is an Angel assigned to you from the beginning of time before you became flesh.

You have an Angel just like Jesus had an Angel when He was born into this earth.

And this Angel is there to remind you and to testify of the goodness that God has put inside of you.

Now listen to me, what is the testimony of Jesus?

Let's look at **Revelation 19:10**

*And I fell at his feet to worship him. But he said to me (this is an angel speaking), "See that you do not do that! I am your fellow servant, and of your brethren who have the testimony of Jesus."*

The testimony of Jesus.

Do you have the testimony of Jesus?

Of course you do, but you need to hear "what that testimony is" and it needs to come up from inside of you.

Look at **Revelation 12:17**

*And the dragon was enraged with the woman, and he went to make war with the rest of her offspring, who keep the commandments of God and have the testimony of Jesus Christ.*

Now these scriptures in Revelation explain what took place after Jesus resurrected and went to heaven.

This is a testimony of what Christ did through His ministry on earth "as Jesus" and "as the resurrected Christ" what He has finished and completed.

Remember on the cross when He said, "it is finished"?

In the Book of Revelation, it says "it is finished" -- "It is done", because Jesus came to produce in this atmosphere, in this physical dimension the testimony of who He was.

And we know what that "testimony" is because it is the eternal life that we have in Him.

Most people are looking for a prophetic word in their life.

Have you heard or have you been to churches where they say, “we're going to have a prophetic word tonight,” and then this man or woman of God is giving people prophetic words?

Well, I want to tell you, you don't need a prophetic word.

You need to know THE Prophetic Word, because THE Prophetic Word is the testimony of God, and it is the testimony of Jesus.

Remember when He was made flesh, the word was made flesh and became flesh on this earth so that He could release from inside His spirit THE Word throughout the earth, throughout the heavens, throughout the seas, throughout “everything physical”?

And we've spoken about this in many, many sessions before, how His Spiritual Presence in the physical form of Jesus transformed this earth through His resurrection, and He said it many times through the scriptures.

And every time He spoke things were transformed, people's lives were changed, the earth was transformed by His resurrection.

That's what the whole Book of Revelation is about.

Now we're going to see in **1 John 5**, exactly what that testimony is.

### **1 John 5:4**

*For whatever is born of God overcomes the world.*

Do you feel like the world is creating problems for you?

Do you feel like the world has got you captive by some kind of problem, or sickness, or disease?

Do you feel like the world is overcoming you?

If you're born of God, you overcome the world.

Pure and simple.

Are you born of God?

Of course you are, you are a creature of God, you are His creation, you are born of God.

# The Spirit of Prophecy

English Transcription

And do you carry the testimony of Jesus?

Here it is:

## 1 John 5:4

*For whatever is born of God overcomes the world. **And this is the victory that has overcome the world - our faith.***

## 1 John 5:5-6

*Who is he who overcomes the world, but he who believes that Jesus is the son of God? That is He who came by water and blood - Jesus the Christ; not only by water, but by water and blood. And it is the Spirit who bears witness, because the Spirit is truth."*

I remember in **John 6:63** where Jesus says:

*It is the Spirit who gives life; the flesh profits nothing. The words that I speak to you are spirit, and they are life.*

So, if you are depending on the flesh then you're not understanding what the testimony of Jesus brought you.

The testimony of Jesus brought you the "overcoming power of faith" to believe that He is the Son of God.

Most people will tell you, "Yes I know the Bible says that Jesus is the son of God," but do you know it?

Is it inside of you?

Does it resonate with that overcoming power to believe for what you can't see?

What you can't see is the faith that overcomes the world.

What you can't see is what changes what you believe.

If you depend on what you see, what you feel, what you taste, what you smell --- to determine your reality, then you are captured by this world, you are not overcoming it.

You're living inside the design of the people who want to operate in this world's system.

Look at a verse here in Matthew.

This is very, very important and I think this what our springboard is going to be into this session today.

## Matthew 8:11-12

*And I say to you that many will come from East and West, and sit down with Abraham, Isaac, and Jacob in the Kingdom of Heaven. But the sons of the kingdom will be cast out into outer darkness. There will be weeping and gnashing of teeth.*

What is Jesus saying?

We know that the patriarchs: Abraham, Isaac, and Jacob established what God called the "Kingdom of Heaven" in the old covenant, and before there was a covenant there was Abraham.

Before Moses had "a law" there was Abraham, and God rested that Kingdom in Abraham.

It was the "bosom of Abraham" that produced "the promise" and that promise is what produced the children, which produced the promise which is "Jesus" -- who brought us the testimony of Jesus.

It all started with Abraham's faith.

You see that?

But before there was Abraham, there were "sons of the kingdom" in the earth.

The sons of the kingdom are the ones that understand and operate on the "kingdom of this world".

They are the ones that control the kingdom of this world through fear, through darkness, through evil, through adultery, through fornication, through all the things that He says (*in Revelation*) that are in abomination to Him.

## Revelation 21:5-6

*Then He who sat on the throne said, "Behold, I make all things new." And He said to me "Write, for these words are true and faithful." And He said to me (now this is the angel speaking to John), "It is done!"*

## The Spirit of Prophecy

Emerson Ferrell

The same words that Jesus was saying on the cross, "It is done, it is finished."

### Revelation 21:6

*"I am the Alpha and the Omega, the Beginning and the End. I will give of the fountain of the water of life freely to him who thirsts."*

"He who overcomes, he who overcomes," we just said he who overcomes the world are born of God, right?

### Revelation 21:7

*"He who overcomes shall inherit all things,"*

You have inherited "all things", as long as you're an overcomer.

Who are the overcomers?

The ones who have the testimony of Jesus.

You have the testimony of Jesus? You are an overcomer!

### Revelation 21:7

*"...and I will be his God and he shall be My son."*

### Revelation 21:8

*"But the cowardly, unbelieving, abominable, murderers, sexually immoral, sorcerers, idolaters, and all liars shall have their part in the lake which burns with fire and brimstone, which is the second death."*

These are the sons of the kingdom Jesus is speaking about in Matthew 8.

These are the ones that control the world's system.

This is Jesus judging them while He was walking the earth, and Matthew was writing about it.

Read it again.

## Matthew 8:11-12

*But the sons of the kingdom will be cast out into outer darkness. There will be weeping and gnashing of teeth.*

Those who want to partake of the kingdom of this world, the sons of this kingdom, and there are rulers in this kingdom, they will partake of the fire that burns forever.

That's the second death.

But the overcomers, those who have the "testimony of Jesus", and these are the ones I'm speaking to, that's you -- point to yourself, say, *"That's me! I'm the overcomer, I do not belong to the system of this world."*

The system of this world is what has people in captivity because they believe that their senses are their reality.

They don't have the faith, which is the spirit of prophecy.

Now, we all believe that prophecy is talking about something in the future.

We all believe that prophecy is the same thing that was "being spoken" when Jesus was walking the earth.

IT'S NOT!

Everything prophetically has been fulfilled.

Everything in this scripture has been fulfilled.

The Prophetic Word walked the earth and fulfilled everything that was spoken in what they called the "Old Covenant".

Did you know every word that Jesus was speaking was a reverberation and an affirmation of the prophets in the Old Testament?

He quoted verses from Genesis, He quoted verses from Exodus, He quoted verses from Micah, Jonah, Hosea, Jeremiah, Zechariah.

All of these verses that Jesus was quoting in Matthew were from Isaiah.

## The Spirit of Prophecy

Emerson Ferrell

English Transcription

He quoted Psalms more than He quoted any other book in the Bible.

So, when Jesus was walking the earth, that wasn't "Jesus the New Testament".

That was "Jesus fulfilling the Old Covenant".

That was Jesus becoming the Living Word that was spoken from the beginning when God created all things, because His Word became flesh.

So, His Word was always in the earth, but then it carried a "physical form in Jesus" and He became the testimony of the Father.

When you study the word "testimony", it means "martyr".

***The testimony of the Father was bringing His martyred Son into the earth to bring back all of those who were in Him before the foundation of the world.***

Those are the ones who overcome this world system.

It's really that simple.

You don't need a word to tell you what's going to happen to you in the future, you just need to be conscious of what Christ has already done in you.

You see, the prophetic word is for those who are unconscious.

The prophetic word is for those who don't believe that Jesus finished His work.

They're for those who are looking for something to give them validation for their belief, which may or may not be correct.

The prophetic word is in you, and "seeing is knowing".

When you "see the Kingdom", you know the truth.

Remember in **Revelation 19:10**, when the angel said:

*"Worship God! For the testimony of Jesus is the spirit of prophecy."*

The testimony of Jesus is the spirit of prophecy, and we know that "testimony" is the Greek word for "martyr".

## The Spirit of Prophecy

Emerson Ferrell

English Transcription

So, when someone is telling you a prophecy or giving you a prophecy, if it doesn't have anything to do with your "physical and mental images dying", and you "becoming a martyr in your physical image", then he's not giving you a prophetic word of Jesus.

Jesus in the flesh came as a martyr for eternal life for all those who are in Him before the foundation of the world.

The people that are having problems in the physical earth, Christians, people who love the Lord and really want to serve Him but have been misled or misunderstood the scriptures, and they believe that the system of this world can help them, are trapped because they believe that they can use something from this world's system to help them understand their position as Christians.

This is not the testimony of Jesus.

When you no longer depend on your physical image or your memory of the past then you're living in the "prophetic testimony of Christ", because when He resurrected, when He became the "Living Christ", all things were made new.

There was no past, there was no future.

He says, *"I'm the Alpha and the Omega, I'm the Beginning and the End."*

There's nothing else.

So, if you're looking for something else, it's because you have not martyred (which is the definition of the testimony of Jesus), you have not "martyred the image" of who you think you are.

You have not gone to the cross when Jesus went to the cross (*see Galatians 2:20*), because that's the only place your life can begin; once it has died, once it has been finished with trying to reconcile this world's system with your belief in Jesus.

It doesn't work, it cannot happen!

You cannot take "some of this" and "some of that" from this world's system and try to mix it in the spiritual dimension, it doesn't work. (*i.e., like the tower of babel*)

And this is where the prophetic becomes very harmful for people because they're looking for something to prolong their life (*their physical image*) instead of martyring their life (*their physical image and perception*).

## The Spirit of Prophecy

*Emerson Ferrell*

English Transcription

They want someone to tell them, *"You're going to get riches in the future", "you're going to have this, you're going to get that, you're going to get this..."*.

That's not the prophetic of Jesus.

The prophetic of Jesus says, *"in your life so that I can resurrect you into the fullness of the life everlasting."*

But you can't hang on to the *"mentality of this world's system"* and think that you can have a spiritual inheritance that's spoken of in Revelation.

*"The inheritance of all things."*

You don't need to chase things if you have all things.

You're not looking for something if you have it, are you?

If you've got it, then you're not looking for something.

So, you're not out there *"looking for a prophetic word"* because you've already *"inherited all things"*.

So many people are confused.

So many people are *"running to and fro"*, trying to get something that's going to validate their condition, when all you need is the testimony of Jesus, which is the eternal promise that you've *"inherited all things"* as long as you have died with Him and resurrected in the fullness of Christ.

It's really that simple.

We make it very complicated because we try to interpret things that aren't there in the scripture, and we try to use the physical realm to give us some kind of *"understanding of our position and condition"*.

That's not the prophetic.

The prophetic word lives in you, so when you speak you can change the physical.

The physical doesn't change you unless you don't know Who is in you.

If you have the Spirit of God in you, which you do, then you don't need anything *"out there"* to try to change your condition, because everything you need is already there.

## The Spirit of Prophecy

Emerson Ferrell

English Transcription

All you need is the understanding that what you've been looking for, what you've been longing for: that health, that wealth, that fullness and peace is there.

And you don't need validation from the outside, you just need the faith to believe it and then you change it by your perception.

I know so many people that just have a hard time understanding this because they think this (the material world) is real and they think this (body) is who they are, this flesh.

That's not who you are.

It's an opportunity for you to transform who you are because the One who created you is on the inside, and He can change who you are.

But that requires "constant consciousness of who He is".

The prophetic that people are looking for is because they are "unconscious" of who they are.

If you're conscious of who you are, then you're not living in the past and you're not looking for a future, you're living in the "present eternity" of the testimony of Christ, and I can say that so many different ways, but if you can "hear it" and if it "resonates inside of you" that Spirit of the living Christ that is in you will start to transform the way you think, the way you see, the way you hear, the way you feel.

Because if you leave it to the senses that you were born with, all they are "tuned to" is this physical dimension, which has a frequency that's not from the spiritual dimension.

The One in you has that frequency of love and everlasting life (*that's a frequency outside of this dimension and outside of time*) and that's where the prophetic is, and that's where your life is, that's where your freedom is.

You don't have to be frightened if you don't live in "time".

Time is the only way people can be restricted in "what they have" and "what they want" because you have to live in a bubble that constricts the "way you think and the way you feel".

It's like a constant pressure that you "have to perform", that you "have to move", that you "can't be still" because time is closing in on you; but if you live in the "eternal present", time is your slave, you're not a slave to time; money is your slave, peace is your friend, and the presence of God is your prophetic life.

## The Spirit of Prophecy

Emerson Ferrell

English Transcription

When you don't know what to do, you're in the perfect position to be led by the Spirit.

When you “try to control” everything around you, when you “want to know what's going to happen so that you can take control of it” you're not living in the Spirit dimension, you're living as a slave “in this time”.

So, many people cannot “be still”, they cannot “be at rest”, because they want to be in control.

If you “feel that” inside of your body, if your mind starts to move like that, you have to “stop, come back to the present moment and be still”.

Just like when Jesus spoke, He spoke all the words that were already written in the Old Covenant.

His prophetic words were validations that the prophecies that were spoken thousands of years before He was on the earth, we're being fulfilled. (*i.e. Mount of Transfiguration*)

That was the prophetic!

That was Him being the prophetic word alive in the earth, and that validation of who He was (the Word of God), was all the way back in Genesis when God told satan that, “He was going to bring someone that was going to bruise his head”.

He fulfilled everything from that beginning to that end (*see Genesis 3:15*).

So, everything in the scriptures were a fulfillment in Jesus, that's why He is a Spirit of Prophecy.

So, if He's living in you and you understand the transformation is in here (inside you) and not out there (outside of you), every time you speak the angel will validate your word, because it doesn't come from your mental connection with this world's system, but your spiritual connection with the living God.

Then your words start to change the atmosphere around you, and you don't have to see it before you speak it, you speak it and then you see it.

Knowing doesn't come from learning from this world's system, knowing comes from in here (in you) and speaking it and then it changes.

I've said many times, “**you know without learning**” and that is the prophetic because that is being led by the Spirit.

## **The Spirit of Prophecy**

*Emerson Ferrell*

English Transcription

Most people “think and feel, feel and think”, that's what keeps them in this circular life that they “live in” on this planet -- feeling and thinking, thinking and feeling.

You see, we have some kind of trauma, and that emotional trauma connects with a thought that builds an image and this image starts to invade our everyday life because we don't want to feel pain anymore.

So, that emotional scar that comes from that experience starts to be what we protect ourselves from in the future.

So, we're “not living in the present”, we're living thinking about what happened in the past, so we don't have to experience it again.

I'm telling you that can change overnight if you “let go” of that experience and remember the testimony of Jesus.

What's the testimony of Jesus?

Martyr, martyr your mentality, die to everything you think you have to be in control of, die to this physical connection you have with this world's system.

Martyr your “self-image”!

Don't live in this world's system connected by the emotional thoughts and traumas that you have gathered over the years.

Die to it, then let the Spirit of God rise-up on the inside of you, and speak the words of life into the earth, into your atmosphere and then see it change.

Don't try to look for an experience, “live in the present moment”.

You become the experience other people will interact with.

You're here to change lives, but you can't change lives if you're like everybody else.

You have to live in the present moment while everyone else is running around frightened and trying to be in control.

You don't see “that”, you only see the “present moment”.

If you will start practicing this and practicing that present moment, you will live in the testimony of Jesus, and that is the spirit of prophecy.

## **The Spirit of Prophecy**

*Emerson Ferrell*

English Transcription

That is the spirit of faith, that is the connection with the living God; and everything that you have been or will be changes.

Nothing is permanent in the physical dimension.

Everything is changing, everything is evolving into the present connection with the living God.

I prophesy right now that every person under the voice of this word will be transformed by the living God.

Your life will no longer be the same.

You will no longer be frightened by the ways and the thoughts of others.

You will live in the present moment, and you will begin to take control of your thoughts and they will no longer be scattered "to and fro" to make you feel like you don't have connection with the living God.

Until next time, I send you, my love.
