

101 Best Digital Marketing Service Tools: A Complete Guide for 2019

Softscript Solutions

With the start of the new year, all the digital marketers and all those who are in the digital marketing would be eager to know about the latest and best digital marketing tools, which will give the best services. People want to know all those digital marketing tools which they can get free, or can ease their work and will be helpful in all the way possible.

To make your work easy and straightforward, we present you all the tools related to digital marketing. We even include all those digital marketing tools which are free and also all those which have a price tag on them. To know all the digital marketing tools read the complete article.

All the Top Digital marketing tools for 2019 are:

- Survey scratching sites.
- Graphic Design.
- Email Outreach.
- CRM tools.
- Keyword Rank Tracking.
- Stock Photography.
- Visitor Analytics.
- Social media management.
- Marketing Automation.
- Keyword Research tool.
- Landing page and Funnel builder.

Survey scratching sites

Survey scratching or the survey development sites are significant for any of the Digital marketing business. All these digital marketing tools that we are going to mention will deliver you the best and proper survey information.

Survey Monkey

Survey monkey is Online based survey development software; you have to log in to the Survey Monkey, after registering you will get an option that will say "Let's create your first survey." There you can find two opportunities in a single form, you have to give the Survey name, and in the second option, you have to choose the category. Then you have to go to create a survey that's it you are ready with the study required.

It provides a seven days free trial period after which you have to subscribe to Survey Monkey for more Data survey.

Survey Gizzmo

The another Data survey tool which we mostly prefer is the Survey Gizzmo, it also a paid data collecting digital marketing tools, however, it is giving a trial period for the three surveys only. You have to log in, and that's it you very good to go.

Question Pro

It is also one of the top used digital marketing tools which is used for the Surveying the data. However, it is an excellent and moreover a free digital marketing tools. You have to go to the Question pro link and register it and voila you can start.

Get Feedback

It is also one of the best digital marketing tools for the data scratching and getting the surveys. You have to go to the link of Get Feedback and log in with the details that are it; you are good to go you can use the best digital marketing tools now with ease. It is also not free it has some price it is just for free for seven days.

Survey Sparrow

This is one of the best Survey and data findings digital marketing tools; it is good to go for any digital marketer. Similar to other digital marketing tools you have to log in to Survey Sparrow and enter all the details mentioned and you will get your desired data. However it is giving three trial period, and later, you have to subscribe.

Graphic Design

For the Graphic designer or web designers, the new trends in web designing are significant. There are new and the latest digital marketing tools available which are best for the web designers.

Canva

This digital marketing tools is used by most of the graphic designers and people are using this a lot. Canva is one of the best digital marketing tools for the graphic designers; you have to log in and start using this best digital marketing tools it is best because you can use some of the templates for free and for the pro digital marketing tools you have to upgrade the tool.

Easel

Regarded to be the best digital marketing tools for the designers, with new templates. Easel digital marketing tools is also not free it is also having a price tag however don't be sad because it is giving some of the templates for free. Templates are essential for any of the designers you can find new and useful templates for the work.

Piktochart

This is the best digital marketing tools for designers, available in the market.

Piktochart contains a lot of templates for free, and you can utilize it all the way you want with full access. But you may be disappointed with one thing that only some of the templates will be free for you for the rest templates you have to upgrade the version or subscribe to Piktochart.

Snappa

Snappa as the name is trendy and catchy so does the software, you can log in here for free. If you are free users, you can get access to 5000 new templates with 600,000 plus new HD images and the graphics. However, for the higher version, you can upgrade to more new features by subscribing.

Pixelmator

You can make infographics, videos, edit images get all the best images and the templates here. Pixelmator is perfect for video creations. However, this fantastic application cost USD 39.99. But will fall in love if you start using it, while you can even avail the free trial of this software.

Pixlr

Our last but not the least, but most preferred digital marketing tool for the graphic designers is the Pixlr. It is best with all the fantastic templates and giving access to the natural process of login and start using. While this free to use with new fonts and all new graphics and the latest changing web designs.

Email Outreach

Reaching the customers is a crucial thing, email marketing strategies, and email marketing are the best way to reach everyone. Personalizing the emails and sending to the customers draws you more customers.

Milkshake

This is one of the best email outreach software available in the market; Milkshake gives you access to unlimited alias, you can send as many emails as you want, you can use personalization, you have to open the email click on the reply and start tracking the users. Voila, you have new customers daily who will receive your emails. Unfortunately, this email sending and email marketing software is not for free it costs some price but is one of the best software.

Anyleads

You get a seven days free trial for the Anyleads email outreach or the email marketing software. After the usage of 7 days, you have to subscribe which is \$99 per month. But! \$99 a month you get unlimited facilities, you can do unlimited campaigns, drip campaigns, universal senders, infinite teammates and all. All worth for just \$99 buck.

Reply Up

It is also the best digital marketing tools you can use for planning your email marketing strategies. I personally like Reply Up tool a lot, you can have a Google extension and start using it whenever you want, but before adding you have to know that it is also a paid digital marketing tools while you will get a 14 day free trial period. After that, you can subscribe a use this digital marketing tool and get unlimited access to your emails.

GMass

Gmail mail merge or GMass, with the help of this digital marketing tools you can send all the mails to your customers inside or using the Gmail account. You can avail auto followup, and include GMass in the footer and have an unlimited usage to it only if you subscribe to this mindblowing digital marketing tools.

CRM Tools

Customer Relationship Manager or CRM is a requirement of all the digital marketing agencies. We can we say that it is one of the future scopes of digital marketing.

ZOHO

If you think of one the leading and top-rated Customer Relationship Management with advancements the first name that pops up in ZOHO. This digital marketing tools or the software is providing the fantastic customer relationship management services. That will help you a lot in your work.

Salesforce

If you search for the CRM services then the top company name that the Google Show is the Salesforce. It is a large platform, and a lot of services are available here, you have to chose which one fits better for your work and opt it.

Contactually

This is the best CRM service provider for real estate people. Contactually is based mainly for the real estate people because the real estate people explore less, so it gives them the chance to get this digital marketing tools and use for their Customer Relationship Management. Not the CRM, the real estate people, require a lot more for their business such as digital marketing, content marketing in the real estate sector, so on.

Keyword Rank Tracking

Knowing the rank of the keyword is very important. To know which position you can make up to and what is the ranking of the keywords go through the all the SEO keywords tools.

Accu Ranker

This digital marketing tools is recommended by a lot of top digital marketing companies and content developers. You get access to competitors list, can have unlimited users, can get domain ranking, can know you rankings at different times, SERP history and all the advanced keywords. Nevertheless, Accu Ranker tool is not free it is just giving a 14 trial period after which you have to buy the digital marketing tools.

Rank Tracker

This is a very excellent tool for Digital marketing companies. Rank Tracker gives all those features which a standard and primary Keyword tracker should contain. While the Trial period in case of this digital marketing tools is ten days, after which you can find various other packages that you can take according to your requirement, and it includes API checking, white label, sub-users and all. Try according to your need because a lot of options are available.

Agency Analytics

Just like the all other Keyword ranking tools Agency Analytics also offers you 14 day trial period,

but you can see this as a digital marketing tools which includes all smaller digital marketing tools inside it for various purposes such as brand reports, keywords, access to integration, unlimited log in for the staff and the clients.

Moz

The best and the most utilized and recommended keyword tracker is the Moz Rank tracker. Eventually, the good news here is only one that you get a free trial period of one whole month. After which you have to subscribe to Moz to access the digital marketing tools further.

Rank Watch

Rank tracking, competitive analysis, site auditing, monitoring backlinks and so on all these types of required services are provided nicely by this digital marketing tools Rank watch. It is providing all these services at a certain price, so we don't get all these fantastic services for free.

Authority Labs

Get a free trial for this and know about this digital marketing tools much deeper. By using the Authority lab tool, you can get access to keywords, Local tracking, unlimited domains, Daily updates, and reports. You can avail any of your choicest packages and can enjoy this digital marketing tools and all the digital marketing services.

Microsite Masters

With a total of 30 days, free trial period this digital marketing tools is called as one of the smart Rank trackers. Microsite Masters tool provides you all the keyword, access to unlimited URLs, ROI tracking, daily ranking and so on. Isn't it the best? Then go and grab it.

Wordtail

If you are searching for simple SEO software, then this is it, with a 30 day trial period where you didn't require to provide your card details. Wordtail gives you one the most required rank effortlessly tracking information with the best SEO techniques.

SERP

Search Engine Ranking Page is normally knowns as SERP, but here it is a digital marketing tools. In Serp tool you can know the daily ranking data, mobile, desktop and tablet ranking, search results until 250th position and lots more. But everything has a price tag which you have to fulfill to avail it.

Stock Photography

Free photographs are best to use when you are working on an online platform. Not like the earlier days nowadays all the free stock images are of very high definition and these days the new form of image formats have come to the Webp images. For more free stock follow the below digital marketing tools.

Shutterstock

This tool is the most used tool by all the content creators, email marketers, digital marketers out there. Shutterstock is the most genuine place to find all the stock images or free images in any topic that you want. Here comes a "But!" that this Photography tool is not at all for free you have to subscribe to get access to all the images.

Adobe Stock

All the fantastic images related to everything that you are looking for that too with the best and most excellent images quality is the Adobe Stock. However, unfortunately, you have to subscribe to Adobe Stock to get all these images.

iStock

This site is stocked with all the beautiful pictures taken by the experienced and top photographers. Models are available for free but only sure for rest images you have to subscribe as a member to iStock.

Bigstock Photo

One of the Photography tool where you get a 7-day trial to check all the images. Bigstock Photos is enormous because it also contains the Bigstock Videos. Yaa! You heard it right free video in the seven day trial period. After which you have to subscribe to it, I hope you will love it a lot.

Pixabay

I love this tool because it is free. Yaa! Pixabay is the free tool which will offer you all the images that you want for free and that too all are the high quality and high-resolution images. Best for anyone in the digital marketing field which requires models on a daily basis.

Pexels

Yet! Another my favorite and free image stock tool is Pexels. Here, the best thing is you get all the right images with the photographers' name, and you can even upload your images in this medium.

Unsplash

Here, comes the third free stock images tool in the online or the digital media that is the Unsplash. It is such a kind of tool where you can find all the images related to anything that you are looking for all the images are in this one site.
