FUELING YOUR PASSION

1.0 CST

COMPACT SURGE TANK

BIG PERFORMANCE. SMALL FOOTPRINT.

The DeatschWerks 1.0L Compact Surge Tank delivers stable fuel flow in a compact package designed for vehicles where space is limited. Multiple mounting configurations and a pass-through port layout provide flexible installation and clean inline plumbing, while compatibility with 38mm brushed and brushless pumps delivers the performance needed for street, race, and off-road applications.

- Compact 1.0L design for tight installations
- Multiple upright, hanging, and sideways mounting options
- Pass-through port design for simplified inline plumbing
- Compatible with 38mm compact pumps
- Brushed and brushless pump capability
- -8AN ORB ports throughout
- Supports 50-750 BHP
