Thank you to these designers!

ABOUT

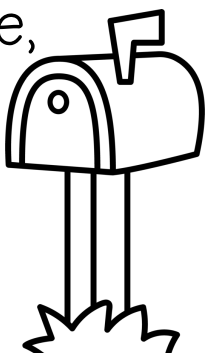

This resource was designed as a fun activity and display after returning to school!

Step 1:

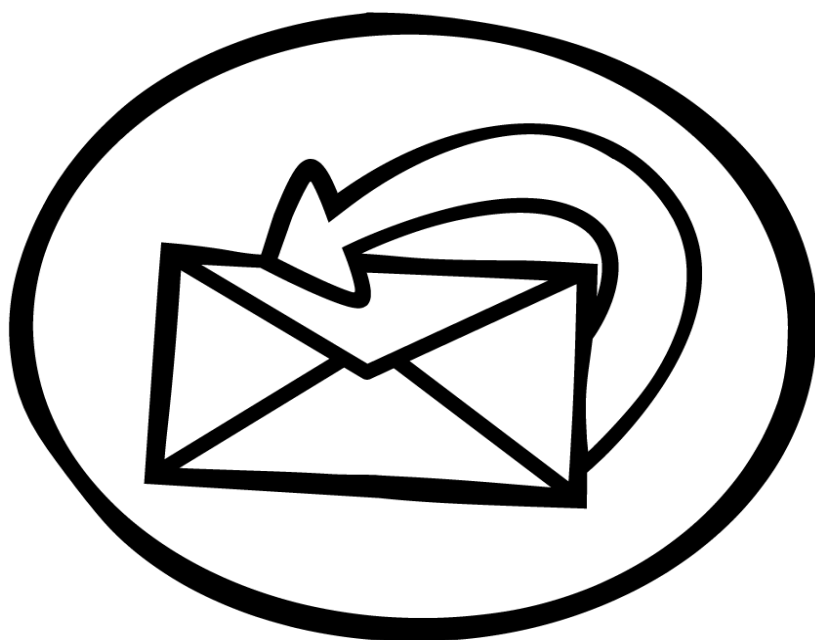

- Pick your postcards (there's some standard options as well as a few 'quirky' prompts). You can print as is or copy 4 to a page.
- Copy your post cards and post box.

To make:

- Cut around the outline of the post box and glue it onto card. Placing glue behind the dotted tabs gives it a little more room to open. Remind your students to use the glue as close to the edges as possible and to not glue the back of the post box flat, otherwise it won't open!
- Glue the top of the post box flat.
- Complete the postcards and insert them into the post box.
- Note: It's always good to give your students the chance to write about an 'imaginary' experience, just in case they are anxious about sharing their holidays.
