- pnpm
- Nx
- Webpack
- Figma
- Google Analytics
- Cloudflare CDN
- OpenAI
- Xendit
- Brevo
- ngrok
- cloudflared

Results-driven Web Developer with 3+ years of experience specializing in frontend and full-stack development using Next.js, TypeScript, React, and modern JavaScript frameworks. Proven track record of building scalable web applications, optimizing Core Web Vitals and Lighthouse performance, and developing responsive, user-centric interfaces for eCommerce and enterprise platforms. Brings strong expertise in API integration, UI/UX implementation, and performance optimization.

WORK EXPERIENCE

FULL STACK DEVELOPER

ScaleForge | January 2026 – Present

- Develops scalable frontend and backend features using Next.js, TypeScript, and NestJS, collaborates with cross-functional teams, and implements testing strategies to ensure application reliability and product quality.

FRONTEND DEVELOPER

ScaleForge | May 2023 – Present

- Built responsive web applications using Next.js, TypeScript, and SvelteKit, developed reusable UI components, optimized Core Web Vitals, integrated APIs, and translated Figma designs into responsive interfaces.

FRONTEND DEVELOPER

High Output Ventures | March 2022 – May 2023 (1 Year, 3 Months)

- Maintained and enhanced Next.js websites, implemented new frontend features, and collaborated with designers and backend developers for API integrations.

FRONTEND DEVELOPER INTERN

High Output Ventures | March 2022 – April 2022 (2 Months)

- Assisted with frontend development tasks and contributed to web application projects as part of the development team.
