

# No Tariffs on TCB Products. Just Exceptional Quality & Service.

Our premium headwear, apparel, and bags are manufactured in **Vietnam**.

The new tariffs imposed on imports from **China, Mexico, and Canada** will significantly drive up costs on apparel, headwear, and promotional products—the very items that you and your clients rely on to promote your brand. With many suppliers sourcing from these regions, businesses will soon see noticeable price increases and supply chain disruptions.
