I'm reminded of a story that happened to me about 25 years ago. When I started my journey, I started to do some things that changed my environment. So, I had an old answering machine, and I changed my message on my answering machine. It said, *"Thanks for the call, I'm busy doing some changes in my life, and if I don't call you back you are one of the changes."*

But how many of you know that if you don't change your environment, you will do the same things all the time. So, it is very important NOT to do the same things all the time. So, I'm glad you are not one of the changes, I'm glad you are here.

There's a scripture in John 14 that we are going to take off from today, these are the words of Jesus.

John 14:1

"Let not your heart be troubled; you believe in God, believe also in Me. In My Father's house are many (treasures) rooms; if it were not so, I would have told you. I go to prepare a place for you."

We've probably read this many times. But the more we start to understand our dimensional being the more this is going to make sense. We are born into this dimension which is "Space Time", and unlimited amount of space, and infinite amount of space in this dimension. But if we are born into this dimension, we are local in this dimension (*in other words, we have material flesh in this dimension*).

And if I'm here and I want to go to my room I have to drag my body through time to get to my room. So therefore, we think we are living in a linear dimension because we have to move to a place to get what we want. And God created this three-dimensional realm under the laws that He established so man could only "go so far" in the flesh. So, we are taught to believe there is a start and a finish. We are taught that we have to play by the rules of this dimension to get what we want. So, we spend our energy focusing on this dimension. We focus on our flesh, our bodies, because we want to protect it. We think about "Time", and we also think about the environment, because there might be a predator out there or someone who can hurt us. So, our attention and our focus are primarily in this dimension because we have this image of what we want and in order to get it we know we have to work hard or play by these rules to get it.

And there is an old motto that says, *"If you live in the past, you will die in the present."*

Because most people are thinking about something in the future, or they are thinking about something in the past. And why are we doing that? To protect our physical being. We want to be prosperous; we want to have health; we want to have all these things so we think about something in the future or something in the past that might have created our problems or help us get our wealth.

So, all that to say, if you are thinking about something in the future or something in the past your physical body “dies in the present”. So, this energy that we have as a spirit is spent.

We say all the time that we are spirit, but do we really understand it? How many have been told that your spirit is inside of you? All of us. That’s a lie. After Christ resurrected, you were born in Heaven. You are not going there; you already are there. So, you are “in the Spirit” you are not “going to the Spirit”, you are there. That is all part of the “linear thinking” that makes us focus on the material realm. When you spend all of your energy trying to protect yourself and thinking about the “time” and how to get ahead... that makes you a “materialist”. And where did the material come from? The Spirit. Your physical body is a creation from the spirit realm, and it is not who you are.

So back to the linear mentality. If you take the ***“Past, Present, and Future”***, and turn in vertically and put it in the “present”, you’ll have all the dimensions operating in the “present tense” all the time.

English Transcript - Emerson Ferrell

Imagine you are standing in a dressing room, and you have mirrors. And you can look in the mirrors and you can see the images of yourself through infinity. That is a picture of what it looks like when you turn “past, present, and future” in the present.

So, when Jesus was saying “I’m going to prepare a dwelling place, or treasures, or all of this for you,” (see *John 14:3*) He was taking care of the *dimensional* you that you find yourself in. When you see yourself in the “present”, when you are conscious of yourself in the “present”, and you’re not thinking about your body, you’re not thinking about your diet, your disease, or your friendships or anything, you are not thinking about that. You’re not thinking about “where you have to be” and the time and all your schedules, and you are not concerned about a predator that is going to rob you or harm you. Then you become what? Spirit. **When you become spirit, you are in every dimensions simultaneously because you are no longer in “Space Time” you are in “Time Space.”**

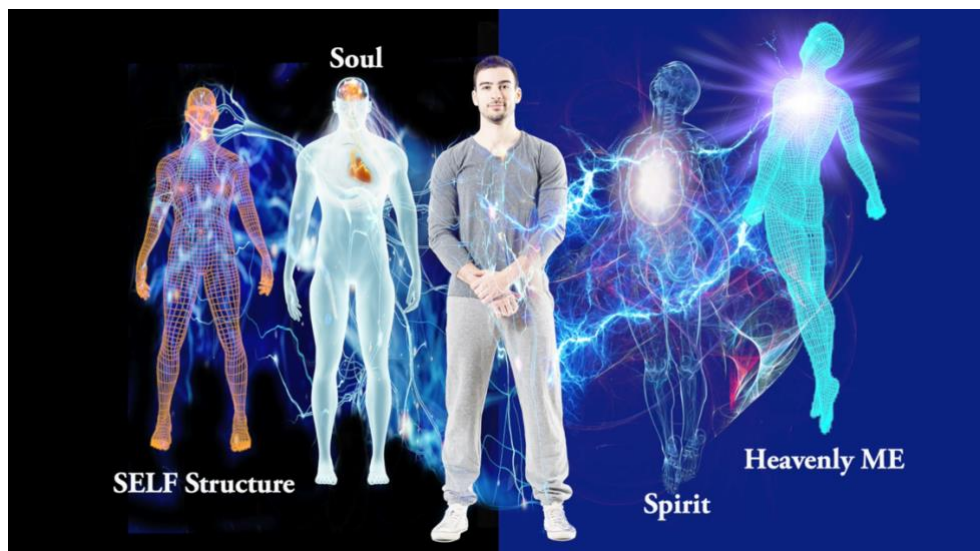

Time Space

English Transcript - Emerson Ferrell

In that “particular” position you are absolutely bound by the frequencies of God. You become a “Time-Traveler”. **You move through dimensions according to frequency. That is beyond your senses.** The minute you feel “fear”, or you feel “time” or anything like that you leave that dimension, and you go back into this dimension and have to play by these rules. But when you leave this dimension, you are now in “Time Space” where you can go to any dimension by thought alone. And what you embrace in that dimension returns with you to the 3rd dimension. And you come back like you do in this room and you come back into the same room, it looks the same, but it is not because you are carrying something back from the Spirit.

Listen, that is why God designed us as beings that could live in any dimension we want to as long as we didn't carry this “physical mentality” with us.

He made us “creators”, “co-creators” with the Heavenly Father. So, when you become spirit and change from this dimension to the multi-dimensional realm of the Spirit, you are playing by the rules of Christ because He owns every one of those dimensions. That is what He was talking to His disciples about in John 14.

John 14:2

“In My Father's house are many rooms (treasures); if it were not so, I would have told you. I go to prepare a place for you.”

And in Ephesians, Paul was talking about the powers and principalities in the heavenly places (see *Ephesians 6:12*). Well, they were in those dimensions “before” the resurrection of Christ. That's where the “aliens” were. ☺ (LOL)

So, the reality that we have as *spirit beings* is “practicing the Presence” and being conscious of that “Presence” daily. Because if you truly want to be a “Time-Traveler” you have to be in that spiritual dimension.

C’mon, how many of you are bored in this dimension anyway? It’s the same “old” stuff all the time. I mean really! I mean when you start *time traveling* and you come back and look at the TV, you can’t help but laugh at these commercials. Really folks? We can’t be living in these *primitive emotional feelings* that we have in this dimension. If we believe that our thoughts have something to do with our destiny, then we have to pay much closer attention to those thoughts.

Thoughts emanate from what is burning on the soul. The soul is the altar where you put your being. And what smoke comes off of that altar are the thoughts that you think about. So, what are you consuming that you are putting on your altar on a daily basis. But if you “stay” in the *present*, those 70,000 to 90,000 thoughts that you have daily will start to change. Science says that of those 70,000 to 90,000 thoughts we have each day, 90% of them are the same. And we do that on purpose because we don’t like to be surprised, we like to be in control. How many of you like to be in control? And the Holy Spirit keeps saying, “*What is wrong with you? Did I bring you this far to let you die? No.*” He’s got you folks. He’s got you. He’s got you. Take it to the next level, c’mon. Put that third wheel away on that tricycle. He’s got us. And when you start making those steps into the “*unknown*” as uncomfortable as they are, it expands your spiritual dimension.

Your spirit can go out to 9 meters if you are not thinking about “time, your body and the environment”.

All that energy you have been using to focus on the material realm can go into changing your physical body and increasing the longevity of your physical body. So, when we are thinking about “Time Space” we are talking about a position in Christ that is the Spirit realm. Doesn’t it say in Ephesians that we were “*in Him before the foundations of the world.*” I want you to read it yourself.

Ephesians 1:3-4

*Blessed be the God and Father of our Lord Jesus Christ, who has blessed us with every spiritual blessing in the heavenly places in Christ, just as **He chose us in Him before the foundation of the world**, that we should be holy and without blame before Him in love,*

Paul says that “as a matter of fact” **just as He chose us...** it is almost like it was an afterthought to Paul that everyone should know that.

So, if we were *in Him before the foundation of the world*, who told you that you left? I guess you did. Maybe you like drama, I don't know 😊. Maybe you want to feel something, experience something (we think to ourselves): “Let's have an experience so I can have a different feeling.”

If you are spirit, there are not any feelings you haven't had.

The more you exercise your senses the more grounded you are to this dimension.

“Oh, I want to feel sad”, or “I want to feel happy.”

Feel it all the time because when you get in this dimension, and you must play by the *laws of this dimension*” you want to wait for your healing to feel gratitude. You want to wait for your success to feel empowered. You want to wait for your new relationship to feel love. You want to wait for your wealth to feel rich. If that is what you want to do, it's fine, God gave you *free will* but don't pay any attention to what Jesus said when He said, *“I have come to give you life and give it more abundantly.”* (See John 10:10) So what are you waiting on?

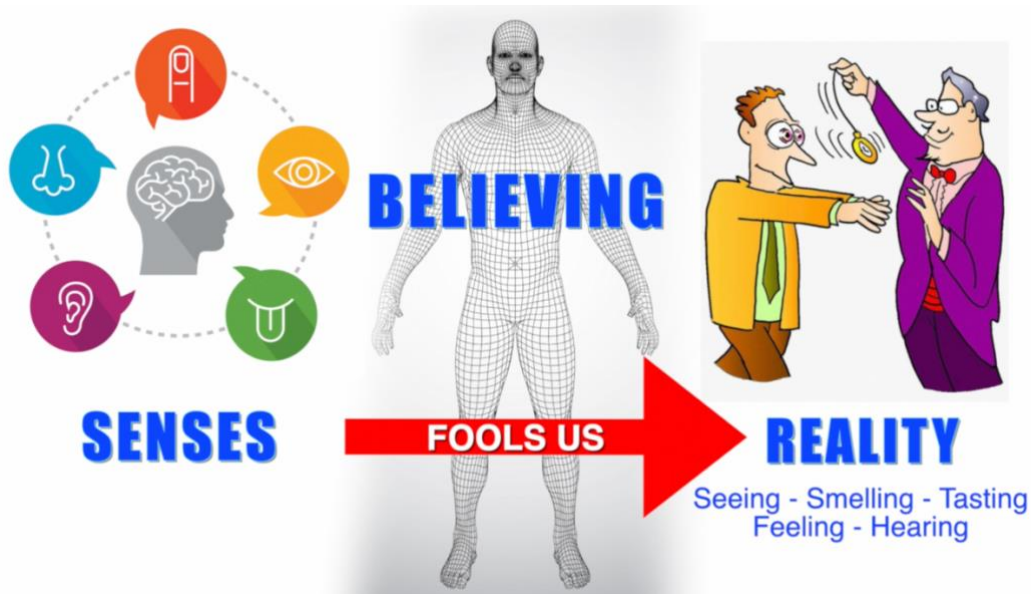

“*Oh, but that feeling is going to be different this time because I had to work so hard to get it.*” And if you don't get it you will cheat, you will lie and you will steal. That is what the jails are filled with, people that did not get their dreams. Don't shout me down, I'm just telling you the truth.

Look, if you are spirit, and you are, and you want something you don't have “physically” you already know what the *feeling is like* from the spirit: *so begin to feel the joy for your healing, begin to feel your wealth for your riches, be thankful for your healing*, because that is what you are waiting on in this dimension, so why don't you just “short-cut” it and **live in the “multi-dimensional realm”**? Go in the dimension where your healing is, go in the dimension where your wealth is; embrace it and bring it into this dimension with you. **You are spirit, there is nothing impossible for the spirit.**

We've been hypnotized to believe that we have to wait for that thing to materialize to have the feeling of it. Go like this (snap your fingers in front of your eyes). Now you are awake from that hypnotism. No longer hypnotized. I have what I want right now, I don't care if it is in my bank account, I've got it. I don't care if my body doesn't feel great, I'm healed because I have the promises of what Jesus said.

Religion wants you to believe that you are a material being, and you need someone to tell you how to suffer in this dimension. That's why they made "pastors" ☺ I'm just kidding. (LOL). I was one of those pastors. The point is, we already have what we believe, we just don't believe it. And the reason I know you know this is because you are spirit. **And unlike this dimension, no one has a higher rank in the spiritual realm because we are in Christ.** Tap your neighbor and say, "I am in Christ."

So now we understand if we were *in Him before the foundation of the world*, we need to understand what that *foundation of the world* is. So, *before the foundation of the world* is really important to understand because if we think that it is *the earth*, we miss out on the spiritual meaning of "world". God created everything physical from the spirit realm. Even man. And He made man's body from the dust of the earth because that is where his dominion is. It doesn't limit him to this dimension, but it gives him dominion in this dimension because when He made man, He made him in His image and likeness. And everything He created "physically" was under the dominion of Adam. So now that was "earth". Now, the "world" comes in after Adam disobeys God. Now, you remember that God brought all the creatures to Adam, and he named them. Adam saw their spiritual character and he named them according to that (example: dog...). Because Adam understood the character of the animals that God brought to him. So, what came out of Adam's mouth had power, total authority. When God took the woman from Adam, Adam and Eve (she wasn't called "Eve" at that time) were both co-creators at that point. They had power and authority. Wherever they went, the animals understood who was boss. In Genesis chapter 3 we see something interesting. This the chapter where Adam and the woman disobey God.

English Transcript - Emerson Ferrell

Genesis 3:1-2

Now the serpent was more cunning than any beast of the field which the Lord God had made. And he said to the woman, "Has God indeed said, 'You shall not eat of every tree of the garden'?"

And the woman said to the serpent, "We may eat the fruit of the trees of the garden;"

You have to understand this was not a "physical" communication that was going on, these guys are spirit beings. They were speaking by "thought", which is the most important part of everything you do in life.

Genesis 3:3-4

"but of the fruit of the tree which is in the midst of the garden, God has said, 'You shall not eat it, nor shall you touch it, lest you die.'

Then the serpent said to the woman, "You will not surely die."

Now wait a minute, where did "die" come into the vocabulary of these two spiritual beings? Don't you find that interesting? There was no "death". There was no reason to even have that thought, yet in the woman's mind she believed God was going to punish them with "death" if they disobeyed Him. That's a message for another time. So, the "death" entered into this dimension by the words of this woman.

Genesis 3:6

*So when the woman saw that the tree was good for food, that it was pleasant to the eyes (**the senses**), and a tree desirable to make one wise, she took of its fruit and ate. She also gave to her husband with her, and he ate.*

So, they both ate and then their spiritual eyes were closed and their physical eyes were opened. And now they had to play by the laws of this dimension because they were no longer living in "Time Space" they had dropped into "Space Time" and the *physical decay clock* started to tick on their bodies.

So, we see in the following verses:

Genesis 3:9

Then the LORD God called to Adam and said to him, "Where are you?"

Time Space

English Transcript - Emerson Ferrell

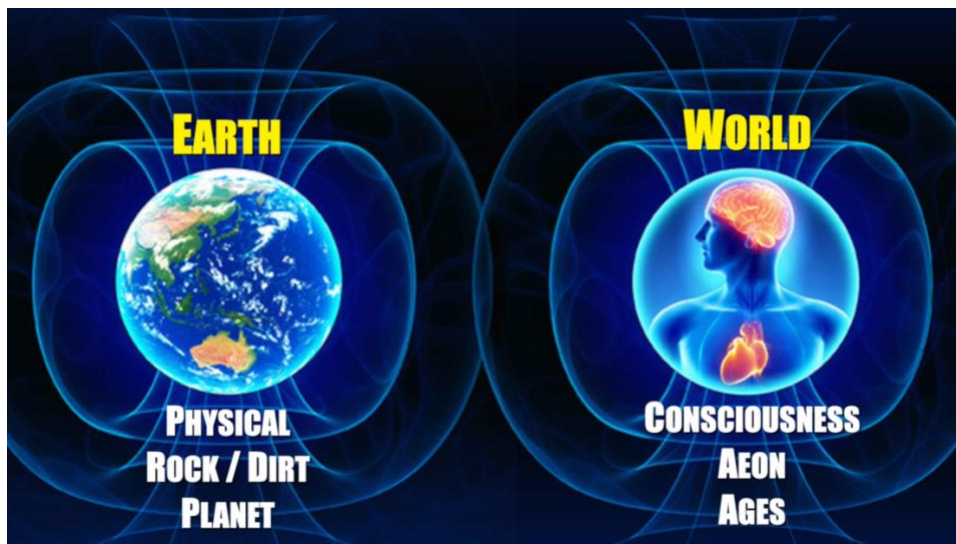

Genesis 3:10

So he said, "I heard Your voice in the garden, and I was afraid because I was naked; and I hid myself."

So now we hear the voice of "fear", the words of "fear", coming out of the man. And now we see where the foundation of this world is built.

The one God put in charge of this *physical dimension* had just created the foundation by their words. Because *the world* is what you create by what you "think, believe and behave". So, the foundation of the world is built on the "fear of death". So, when you hear the word "World" it is not synonymous with the word "Earth."

Time Space

English Transcript - Emerson Ferrell

The Earth will remain for as long as God wants it to remain. The “world” disappears every time a person’s body decays and goes. Because **“how you think, how you act, and what you believe,” is how you make up your personality.** And those thoughts, actions and beliefs form an image that you see in a mirror every day. So, your *personality* needs to live in its “*personal reality*”. So, the personality that you create from your thoughts starts to generate a personal reality that will validate what you “think, believe, and act”.

And obviously we are comfortable in our *personal reality* because it validates all our feelings, emotions and thoughts. So those 70,000 to 90,000 thoughts per day you have 90% of the time are validations of that *personality* that you’ve created. So, the personality sitting out here listening to me today has to know that they have created the world that they are living in. Not your mother, not your wife, not your ex, you have created it. ***If you want to change your personal reality, you must change the way you think, act, and believe.***

And most people are aware of that. What they are not aware of is “*you can’t change it from the same position.*” The personality that you’ve created will always try to salvage and save the personality. That is what they call in science “matter trying to change matter”. The only way a substantial change can come in a person’s life without changing dimensions is in some type of crisis. When they reach the end of themselves, they start asking the “bigger questions”. Most people when they reach the *end of themselves* start to say, “there’s got to be a better way.” Many times, they will try the church, they will go try a new drug, a new diet or whatever, but at the end of all those things, and they still have the same “health condition” as an example, then what? Then they have to **ask the real BIG question**, “*Why am I putting myself through this condition?*”

And when they reach through those dark places where they can’t go for help, they experience a feeling they usually have never had and that is the Living Christ. When they come to the end of themselves and they have tried everything possible in this known dimension, the spirit realm is able to enter in. And that is when you start to recognize, “this is the only feeling that I haven’t had in this dimension, and I want it all the time.”

How can I know this Presence all the time? And that is when the *real journey* begins. And no one can do that for you. But that is okay, because *you knew it before the foundation of the world.* You just forgot. So now look to your neighbor and explain the difference between the Earth and the World. Explain it. Ok, everyone is clear now.

So, when the Bible says, **“For God so loved the world”** (John 3:16), He wasn’t talking about the Earth. Now it makes better sense, right?
