Occasional table

Sulla struttura leggera del tavolino Constellations è possibile combinare piani di diverse forme. Quadrati, cerchi e semi-ellissi sono omaggi alle opere di Joan Mirò e Alexander Calder. L'effetto è un'astrazione di oggetti sospesi.

Tops in different shapes can be combined with the lightweight frame of the Constellations coffee table. Squares, circles and semi-ellipses are tributes to the works of Joan Miró and Alexander Calder. The effect is an abstraction of suspended objects
