

The Elevate Mentorship Program

A Private Invitation

We will install a strategy that consistently attracts five leads every month, securing at least one high-value client, every single month and unlock more profit in your business, all on your terms, with the positioning and visibility you deserve and without becoming stuck in the frustration of being the best kept secret.

Elevate, is a mentorship program designed to transform your business. I will show you exactly how I've done it, give you my tools to use and help you implement them.

In the first six weeks, we'll dive deep to install three pivotal systems that will revolutionise your approach:

In the first six weeks, we will install The Success Code™ and The Authority Builder™:

It includes...

1. Your **Client Roadmap™** so you are laser-focused on who you work with and more importantly why they will want to work with you. This roadmap is the very system that helped me streamline my marketing efforts and as a result my retention rate averages 7+ years. Plus I have a regular flow of ideal clients – private and corporate – approaching me every week. Time to eliminate the stress of unpredictable revenue and bring you consistent, reliable income.

2. We install your **Product Roadmap™** - let's get clear on what you are selling and at what price so you can become easier to buy. Many of my clients experience a penny-drop moment at this stage as they realise they are underpricing for the work they do given their level of expertise. They also identify that they are overcomplicating their proposals and pitches and can see the opportunity that exists with building a simple business.

3. Then we lock in your unique positioning by spinning up your **Authority Builder™** and the **Content Strategy**. This is your ticket to solidifying your positioning. With this system, I built a LinkedIn following of over 23,000 and a consistent 7-figure income. We'll create a content strategy that locks in your authority and attracts the right audience.

4. Measuring what matters is key to growth. During the first 6 weeks, I'll give you the **Success Dashboard** I use, so you can track your progress in an effortless and simple way.

Beyond the initial six weeks, if you choose to continue with Elevate, we'll implement our **Client Attraction System™** to keep the momentum going, generating more leads and boosting your revenue for the next 12 months and beyond.

Kickstart Your Journey

Your journey begins with a **60-minute private call** with me to map out **Your Game Plan™**. We'll gain crystal-clear clarity about your business model and the path to success. We'll fine-tune your ideal customer profiles and design offers that are not only easy to sell but also enjoyable to deliver. And then have another private mentoring call with me approx. 4 weeks later.

Phase Two

Approximately six weeks in, we'll craft and leverage a proposition using the **Client Attraction Strategy™**, positioning you as an authority in your space. This phase is designed to help you consistently attract high-value prospects and secure one to two clients each month.

Continuous Support

Throughout the first six weeks and beyond, we'll engage in **group mentoring sessions every Tuesday, morning at 8:30am (AEST)**.

Every Month we will Live Workshop together and I'll show you exactly what's working for me and help you implement it. I'll introduce new concepts and models to keep your business at the cutting edge of innovation.

You will also be able to access our **LinkedIn Clinics** and **Digital Clinics** where our experts will ensure you are always doing the right thing and operating ahead of the competition.

You understand you are getting direct help in structuring offers and campaigns, retaining customers and clients, campaign triage (when things don't go as planned) and other aspects of running your leveraged business.

You also understand you will never get 'stuck' as you have a community around you.

Investment

Your investment in ELEVATE follows a Pay As You Profit model, making it incredibly easy to get started.

The initial investment is AUD**\$250**, followed by weekly payments of AUD\$250.

This rate will be locked in for life and will not be subject to future price increases.

Satisfaction Guarantee

This is a mentorship community of like-minded women, not a hostage situation. I show you what's working for me and others in real time and help you implement it.

You can leave at any time; we don't have contracts. We only ask for 30 days' notice.

However, at the 6-week mark, we will make sure you are on track and then agree that you should move to **Phase 2**. You can leave without notice as you will have The Success Code™ and Authority Code™ to go out and secure clients. Of course, we'd love for you to stay and move into Phase 2 to master the leveraged models.
