WORK EXPERIENCE

LEAD ENGINEER

Advice Revolution | Feb. 2023-Dec. 2024 (1 Year, 11 Months)

- Led a team to ensure product quality and successful implementation, collaborating with product managers and scrum masters on feature roadmaps, managing 5 major deployments, optimizing performance (reducing page load times by 90%), integrating third-party APIs, proposing new features, and implementing security measures to pass penetration testing.

PYTHON BACKEND ENGINEER

Elemnta | May-Dec. 2024 (7 Months)

- Led QA, Frontend, and Backend teams for a smooth product launch, built RESTful APIs for seamless integration with third-party CRMs, implemented AWS cloud resources for optimal performance and cost, and applied Domain-Driven Design and Clean Architecture for scalable, maintainable solutions.

SENIOR WORDPRESS DEVELOPER

AffluentSolution | Feb. 2021-Mar. 2022 (1 Year, 1 Month)

- Troubleshoot and maintained web applications, developed responsive designs, ensured visual consistency, collaborated with teams, and translated client requirements into effective application and system designs.

WORDPRESS DEVELOPER

Freelance | Apr. 2014 - Feb. 2021 (4 Years, 2 Months)

- Ensured a positive customer experience by providing effective troubleshooting and remediation for WordPress.
