

How Many?

Author: Sudeshna Shome Ghosh

Illustrator: Sayan Mukherjee

Level 1

An illustration of two pink snails with spiral shells resting on a large green leaf. The snail on the left is facing right, and the snail on the right is facing left. They are positioned on opposite sides of a central yellow text box. The background consists of various shades of green leaves and stems.

2 snails hear a croak,

1 snail tells them a joke.

How many snails can you see?

An illustration featuring three snails on a yellow, textured background. The snails are colored in shades of pink, purple, and orange. They are surrounded by scattered green leaves and larger leafy plants at the corners. In the center, the text '1 + 2 = 3 snails' is written in a simple, black font.

1 + 2 = 3 snails

An illustration of five colorful goldfish swimming in a blue pool. The fish are in various colors: two are orange and red, and three are pink and orange. They are swimming in a blue pool with green seaweed and a pebbly bottom. The text is centered in the upper half of the image.

2 fish in the pool,
3 more fish make
it a school.

How many fish?

$2 + 3 = 5$ fish

3 pigs playing in the sun,

4 pigs join the fun!

How many pigs can you see?

$3 + 4 = 7$ pigs

4 butterflies flit and fly,

5 butterflies wave bye-bye.

How many butterflies can you see?

$4 + 5 = 9$ butterflies

5 worms slip and slide,

5 more worms join the ride.

How many worms can you see?

The image features ten colorful worms of various colors and shapes scattered on a light, textured background. The worms include: a large orange worm coiled in a spiral; a yellow worm with a segmented body; a red worm with a curved body; a purple worm with yellow stripes; a pink worm with a long, straight body; a yellow worm with a curved body; a pink worm with a long, straight body; a green worm with a curved body; a blue worm with a curved body; and a purple worm with yellow stripes. In the bottom right corner, there is a green leaf-like shape. The text "5 + 5 = 10 worms" is centered in the image.

5 + 5 = 10 worms

10 ants all in a row,

Look, here come **2** more.

How many ants can you see?

$10 + 2 = 12$ ants

How many creatures can you count?

Snail + Fish + Butterfly + Pig + Ant + Worm
