A FUN, BACK-TO-SCHOOL WRITING CRAFT!

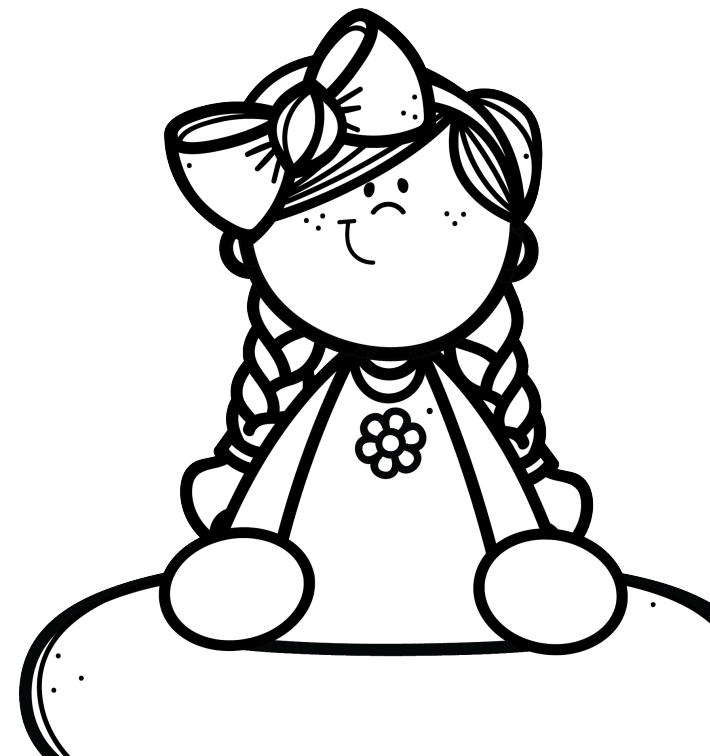

HOW-TO ASSEMBLE

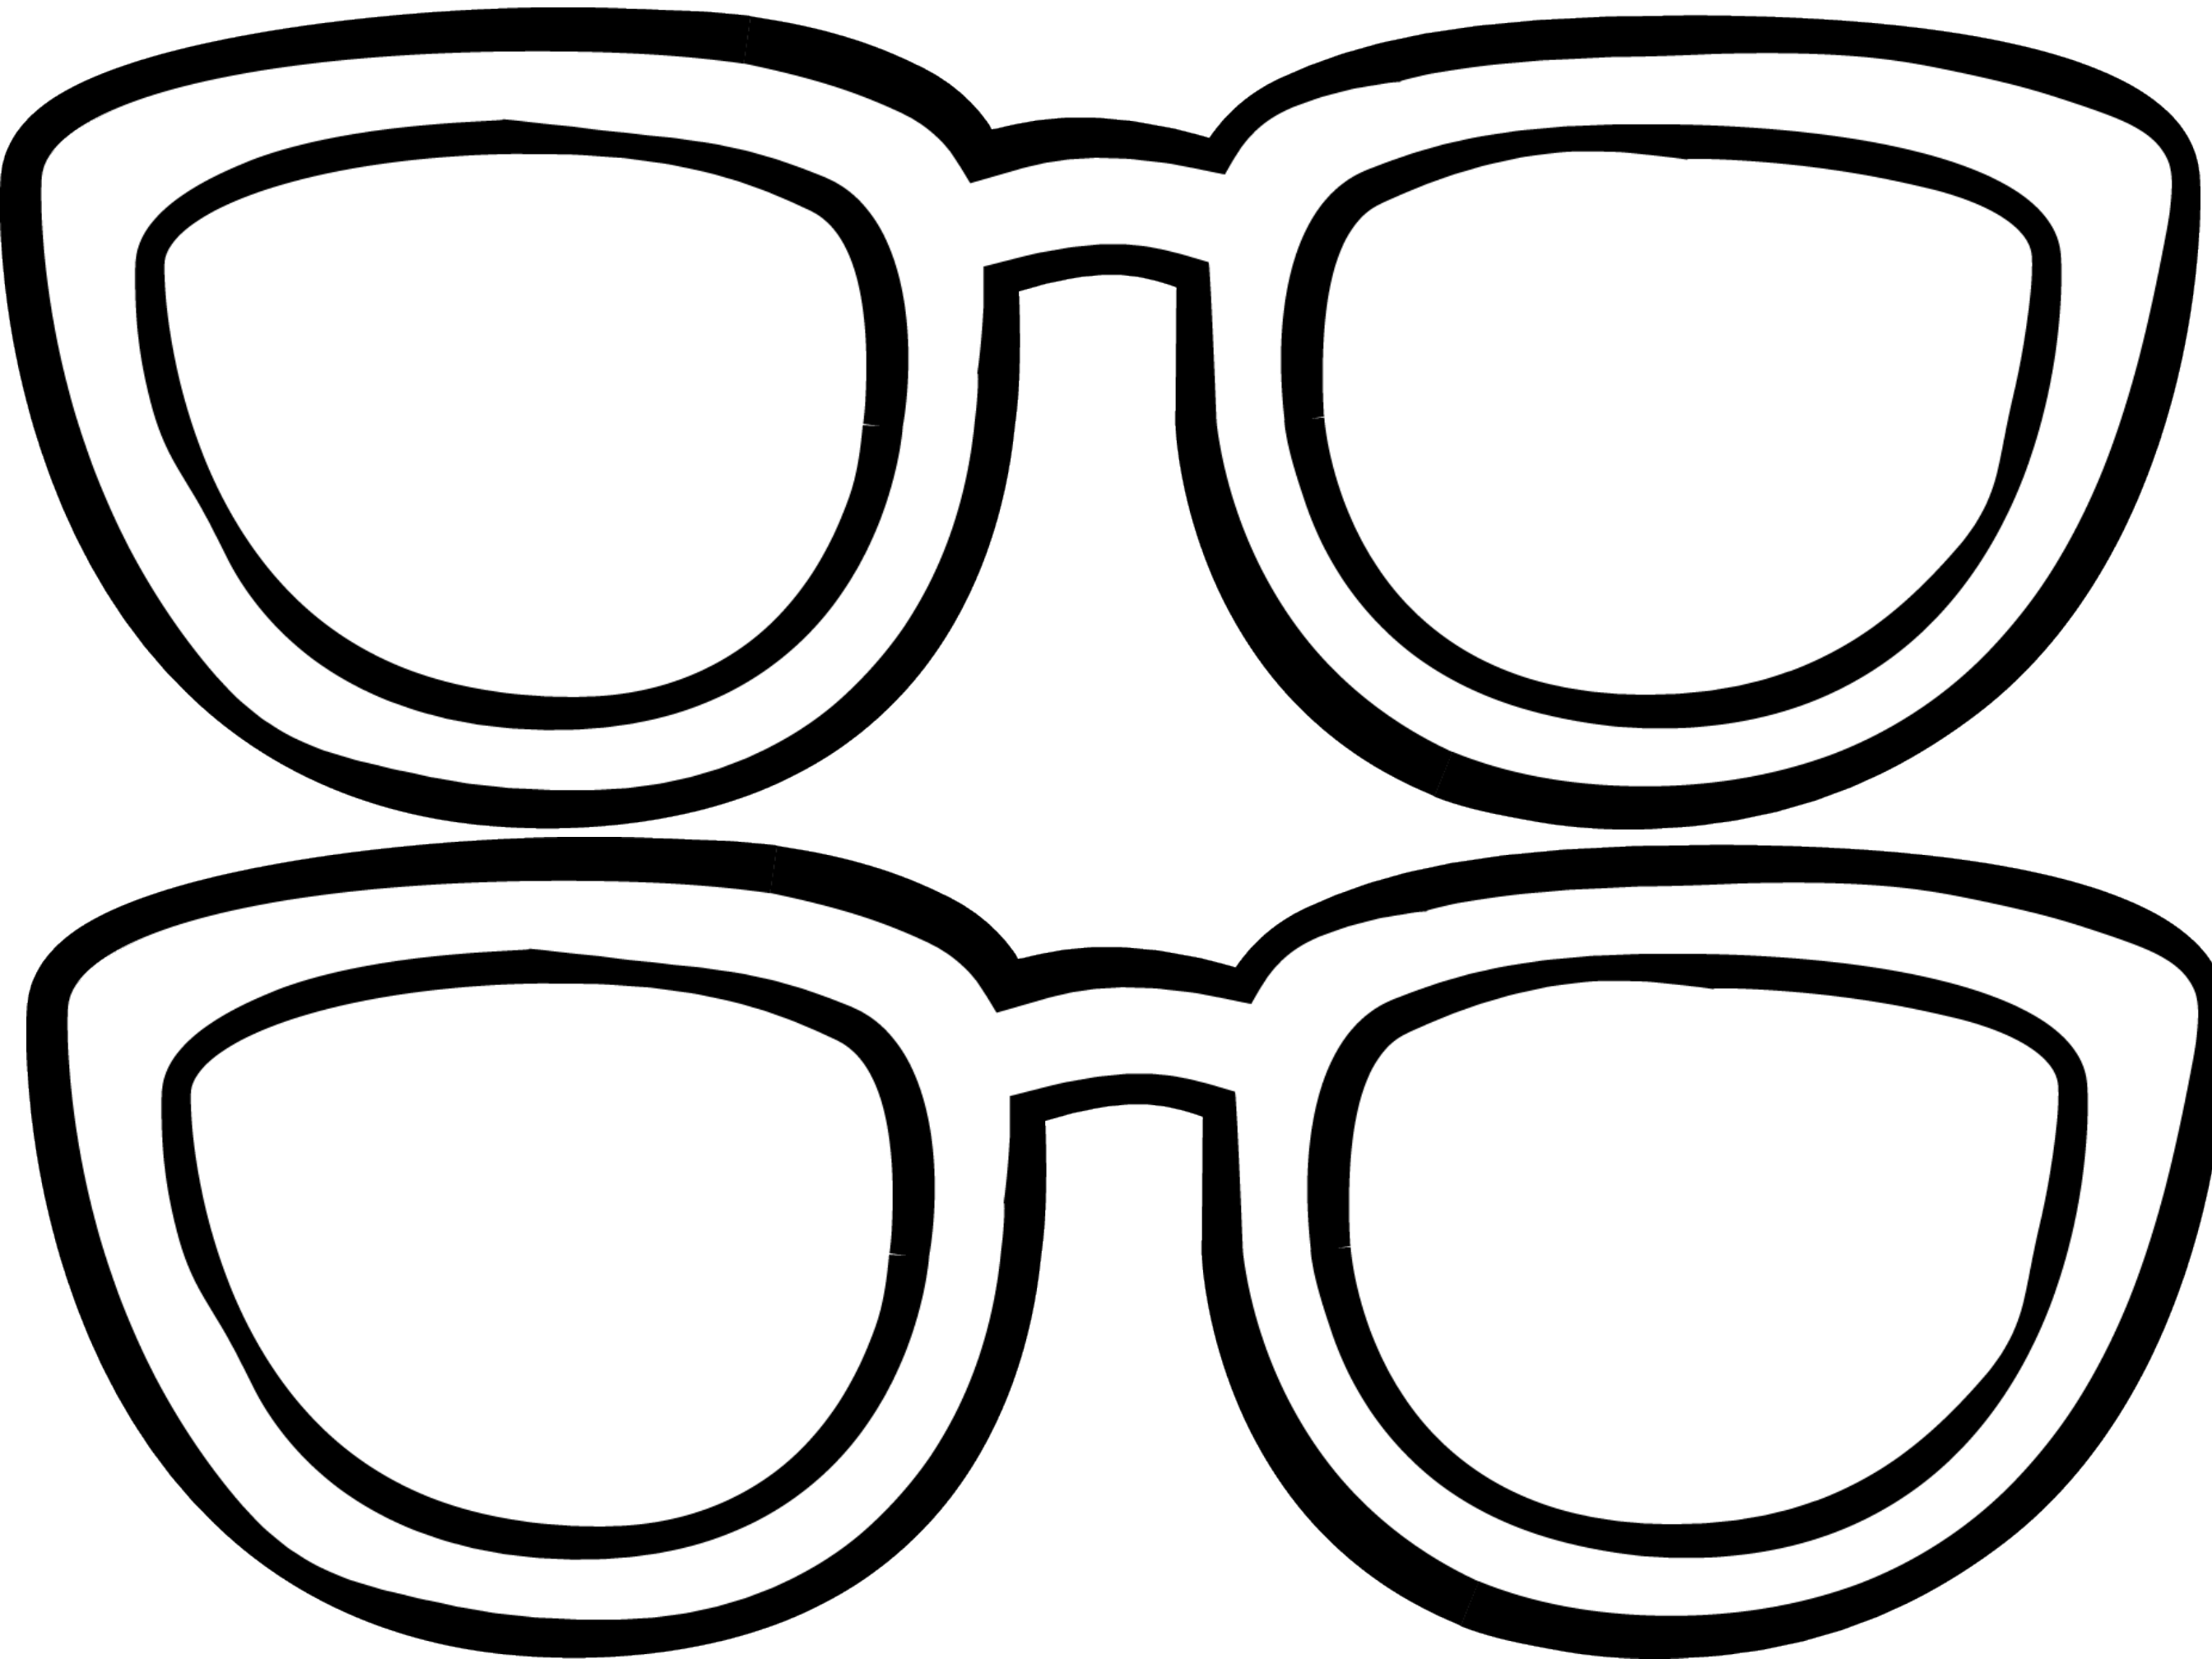

This fun writing craft is designed to be printed on A3 paper. There are multiple options included, depending on the needs of your students:

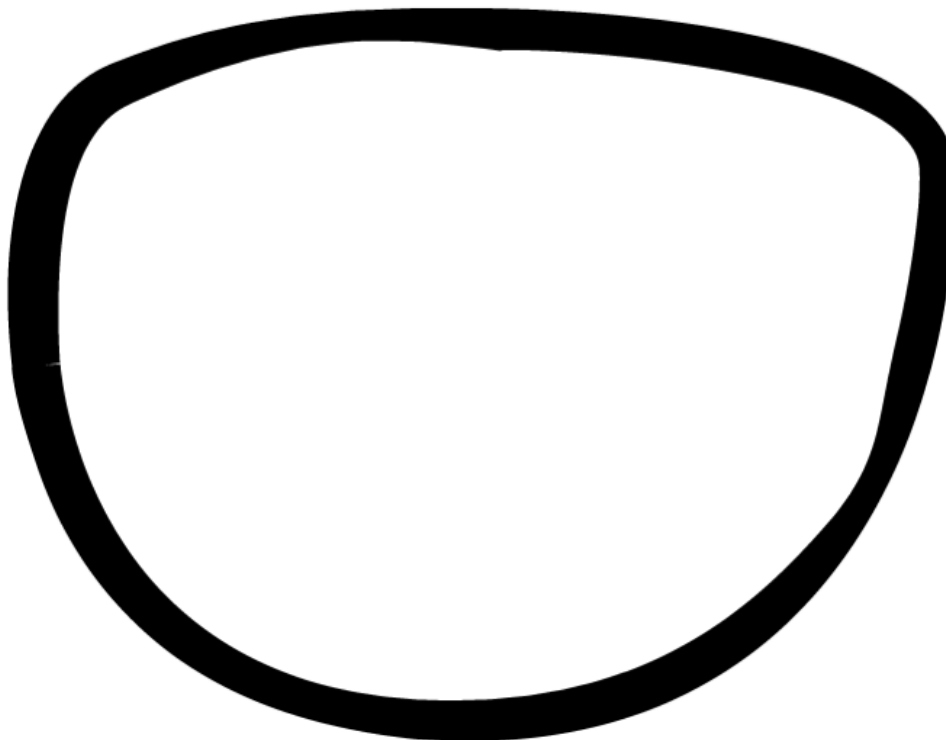

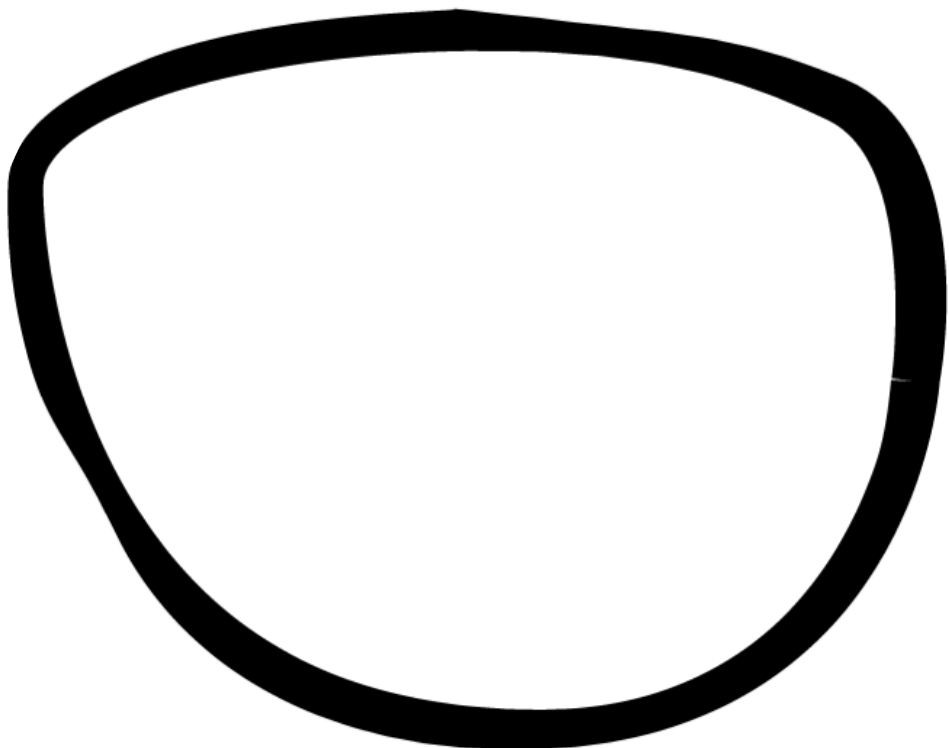

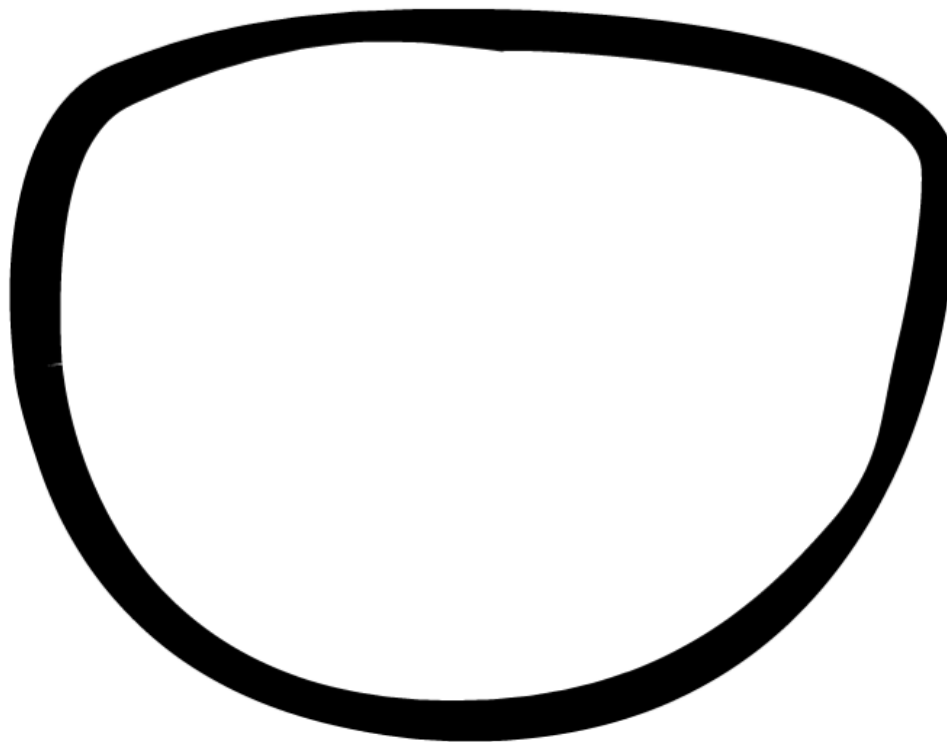

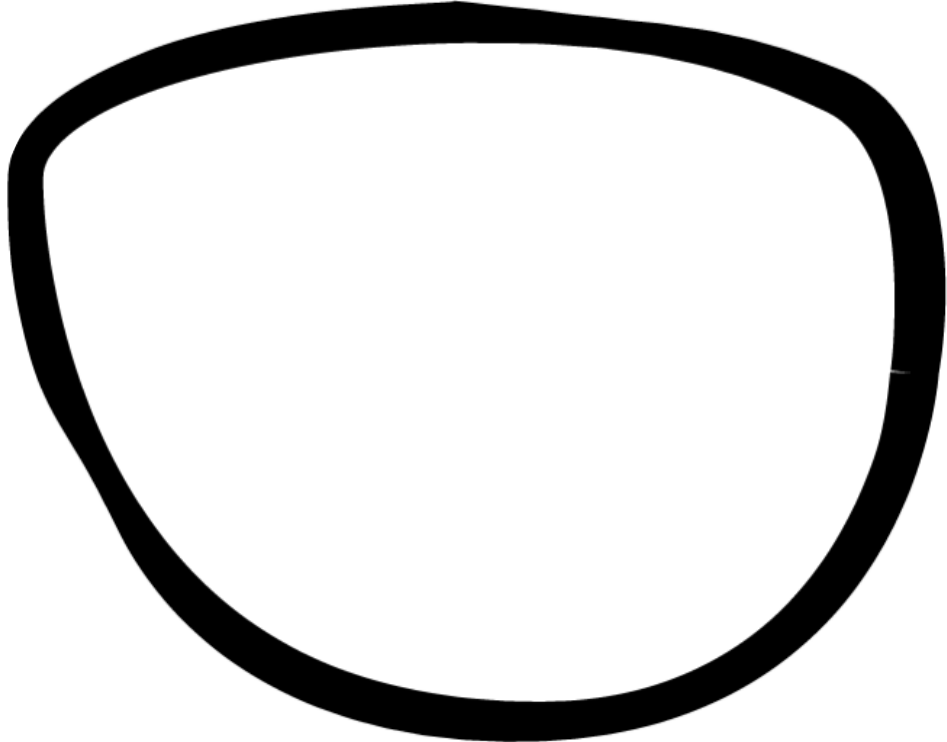

- Blank sunglasses set. Students can write/draw as needed.
- Optional blank sunglasses lens. Attach to the top of the sunglasses, if you want students to add more writing.
- Lined sunglasses set. Students can write as needed.
- Optional lined sunglasses lens. Attach to the top of the sunglasses, if you want students to add more writing. You can also layer these with the blank lenses, to create pictures in between.

Display this craft by attaching it on the top of student photos. Alternatively, print directly onto card stock and cut out, or mount to coloured card.

A huge thank you to these designers...

Blank lenses
