Dear Honourable Judge Master Davison,

Please excuse my forwardness, as I take this repeated liberty, to further impose, upon the most Honourable Judge's patience, in the hope, that my Scandinavian viewpoint might find favour – regarding further elaboration on ancient British Law – with reference, to my earlier letter, dated June 20th 2024, August 22nd 2024, and September 22nd 2024, sent to your office.

1. In Scandinavia, the native word for king (*konungur*, *konge*, *kung*) doesn't have a local etymological explanation, which suggests an imported concept, and, since Old English is the only language in Europe, that can explain the origin of the word 'king', as "cyn+ing", then Old English must necessarily be the source of origin.

2. Therefore, in the Middle Ages, when Snorri Sturluson is writing his sagas of the Scandinavian kings, then he is using an imported Old English political concept: "cyning" – that basically means a kinsman to clans – which, technically, is a political compromise, when leadership is chosen, by criterion of a widespread consanguinity (i.e. peerage, pedigree and privileges).

3. Ever since the 9th century BC, the quality of Scythian leadership has been based on Elijah's philosophy (i.e. Odin's runes), rather than a widespread consanguinity - whereas, contradictorily, the Vatican has been aiming, at suppressing Elijah's legacy, and therefore Snorri Sturluson was given the dubious mandate - within the Roman Catholic Church - to write a so-called 'truthful' history, as long as the word 'king' was used, instead of Odin - which was the baptised trade-off.

4. Today, when kingship, in Europe, is finally being held, to the highest standard again, by reviving Elijah's philosophy from the "memory hole" - which means, that Odin's runes are now being used, as a psychological litmus test - then criminal pretenders won't be able, to maintain a claim to any throne, because they will fail, at the simple test of "pulling a metaphorical sword [blade] from a [seed] stone" - in the abstract realm of high-flying druidry.

It is my hope, that the Honourable Judge, in Great Britain, would be so kind, as to please share his most valued wisdom, and shed light upon the matter.

Thank you. Yours sincerely,

PS. I include an image of a tiled montage of criminal pretenders, disclosing their hidden allegiances, as double agents, for international Jewish finance, on behalf of the Vatican, crusading, against Scythian heathenry of the Crimean Asgard.

## Second Coming

A sword, in a courtyard,  
placed in a stone,  
makes suitors try hard  
for the throne.

Everyone can have a try  
for winner's spoils,  
yet the cost is high  
in the toils.

I bring no peace, only sword,  
and know, that I am,  
truth before the world,  
the druid lamb.
