- Hour 10 – Chiropractic and the thoracic spine.

### **Learning Objectives:**

- Attendees will understand the evidence-based review of our lecture topics.
- Attendees will enhance their ability to order and interpret spinal MRI studies.
- Attendees will better understand current concepts related to facet syndrome and the thoracic spine.
- **Prerequisites:** None
- **Actual lessons:** Live Interactive “Zoom” Webinar – for “In-Person” NC requirements.
- **Technology needed to take the class:**
  - Courses may be viewed on appropriate computers, tablets, and smartphones.
  - Course handouts and certificates of completion are available to print.
- **Means to Monitor and assure Attendance:**
  - Attendees must maintain visual continuity throughout the lecture. Our administrative staff will monitor their presence.
  - Intermittent survey/quiz questions will be offered throughout the lecture. Attendees must answer those questions for credit.
  - At the end of the lecture, Zoom provides a report that verifies that attendees have answered all questions to assure attendance compliance.
