THANK YOU FOR DOWNLOADING

Hi, I'm Dana
I've been a chronic doodler of cute things
since I can remember :)

I started drawing clip art for teachers and
crafters in 2005, I also create Printables,
Coloring Books and Digital Planners.

I'm a mom to 2 awesome boys, a beautiful
step daughter and a goofy loveable Golden
Retriever named Bandit.

Scrappin Doodles started as my hobby making
Digital Scrapbooking images, elements and
printables. I started adding Clip Art and let my
creativity flow.

Over the years Scrappin Doodles has grown
to be my full time business and it makes me
so happy to be able to do what I love every day.

Thanks so much for supporting my small
business. *Dana* ♥
