

Avenue System

Avenue is a modular system for contemporary living, a multifunctional design solution that can be arranged according to the type of space and current needs. Base and wall units can be placed side by side to create floor-standing, base support or suspended compositions. They are available in various dimensions and with a choice of 3 opening systems: Gola, Profilo and Simple for base units, push-pull for wall units with a 45° edge. The selection of materials allows furniture to be customised according to tastes, choosing the warm appeal of wood or the elegant etched mirror, the softness of lacquer or the innovative touch of ceramic tiles.

Avenue è un sistema modulare per il living contemporaneo, una soluzione dal design multifunzionale da comporre in base alle caratteristiche dello spazio e alle esigenze del momento. Basi e pensili si affiancano tra loro per creare composizioni a terra, su basamento o sospese. Sono disponibili in diverse dimensioni e con tre sistemi di apertura: gola, prolo e simple per le basi, push-pull per i pensili con costruzione a 45°. La selezione di materiali consente di personalizzare l'arredo in base al proprio gusto, scegliendo tra il calore del legno o l'eleganza dello specchio acidato, la morbidezza del laccato o il tocco innovativo delle ceramiche.
