18 VAC 41-50-170. Notice of Renewal.

The Department of Professional and Occupational Regulation will mail a renewal notice to the licensee outlining the procedures for renewal. Failure to receive this notice, however, shall not relieve the licensee of the obligation to renew. If the licensee fails to receive the renewal notice, a copy of the old license may be submitted as evidence of intent to renew, along with the required fee.

Historical Notes

Derived from [Volume 22, Issue 25](#), eff. October 1, 2006.

18 VAC 41-50-180. Failure to Renew.

A. When a licensed or certified individual or business entity fails to renew its license within 30 days following the expiration date of the license, the licensee shall meet the renewal requirements as prescribed in [18VAC41-50-170](#) and apply for reinstatement of the license by submitting to the Department of Professional and Occupational Regulation a reinstatement application along with the required renewal and reinstatement fees.

B. When a licensed or certified individual or business entity fails to renew its license within two years following the expiration date, reinstatement is no longer possible. To resume practice:

1. The former licensee shall apply for licensure as a new applicant, shall meet all current application requirements, shall pass the board's current examination, and shall receive a new license.

2. An individual initially granted licensure under an examination exemption, known as grandfathering, pursuant to [18VAC41-50-20 A 6](#), shall submit a new application showing the individual met the requirements of the applicable examination waiver provision, demonstrate five years of licensed experience, and pass the required examination.

C. The application for reinstatement for a school license shall provide (i) the reasons for failing to renew prior to the expiration date, and (ii) a notarized statement that all students currently enrolled or seeking to enroll at the school have been notified in writing that the school's license has expired. All of these materials shall be called the application package. Reinstatement will be considered by the board if the school consents to and satisfactorily passes an inspection of the school and if the school's records are maintained in accordance with [18VAC41-50-250](#) and [18VAC41-50-330](#). Pursuant to [18VAC41-50-100](#), [18VAC41-50-230](#), and [18VAC41-50-310](#) upon receipt of the reinstatement fee, application package, and inspection results, the board may reinstate the school's license or require requalification or both. If the reinstatement application package and reinstatement fee are not received by the board within six months following the expiration date of the school's license, the board will notify the testing service that prospective graduates of the unlicensed school are not acceptable candidates for the examination. Such notification will be sent to the school and must be displayed in a conspicuous manner by the school in an area that is accessible to the public. No student shall be disqualified from taking the examination because the school was not licensed for a portion of the time the student attended if the school license is reinstated by the board.

D. The date a renewal fee is received by the Department of Professional and Occupational Regulation, or its agent, will be used to determine whether the requirement for reinstatement of a license is applicable and an additional fee is required.

E. When a license is reinstated, the licensee shall have the same license number and shall be assigned an expiration date two years from the date of the last day of the month of reinstatement.

F. A licensee that reinstates its license shall be regarded as having been continuously licensed without interruption. Therefore, a licensee shall be subject to the authority of the board for activities performed prior to reinstatement.

G. A licensee that fails to reinstate its license shall be regarded as unlicensed from the expiration date of the license forward. Nothing in this chapter shall divest the board of its authority to discipline a licensee for a violation of the law or regulations during the period of time for which the individual was licensed.
