Parents & community members learn facts about the benefits of music education

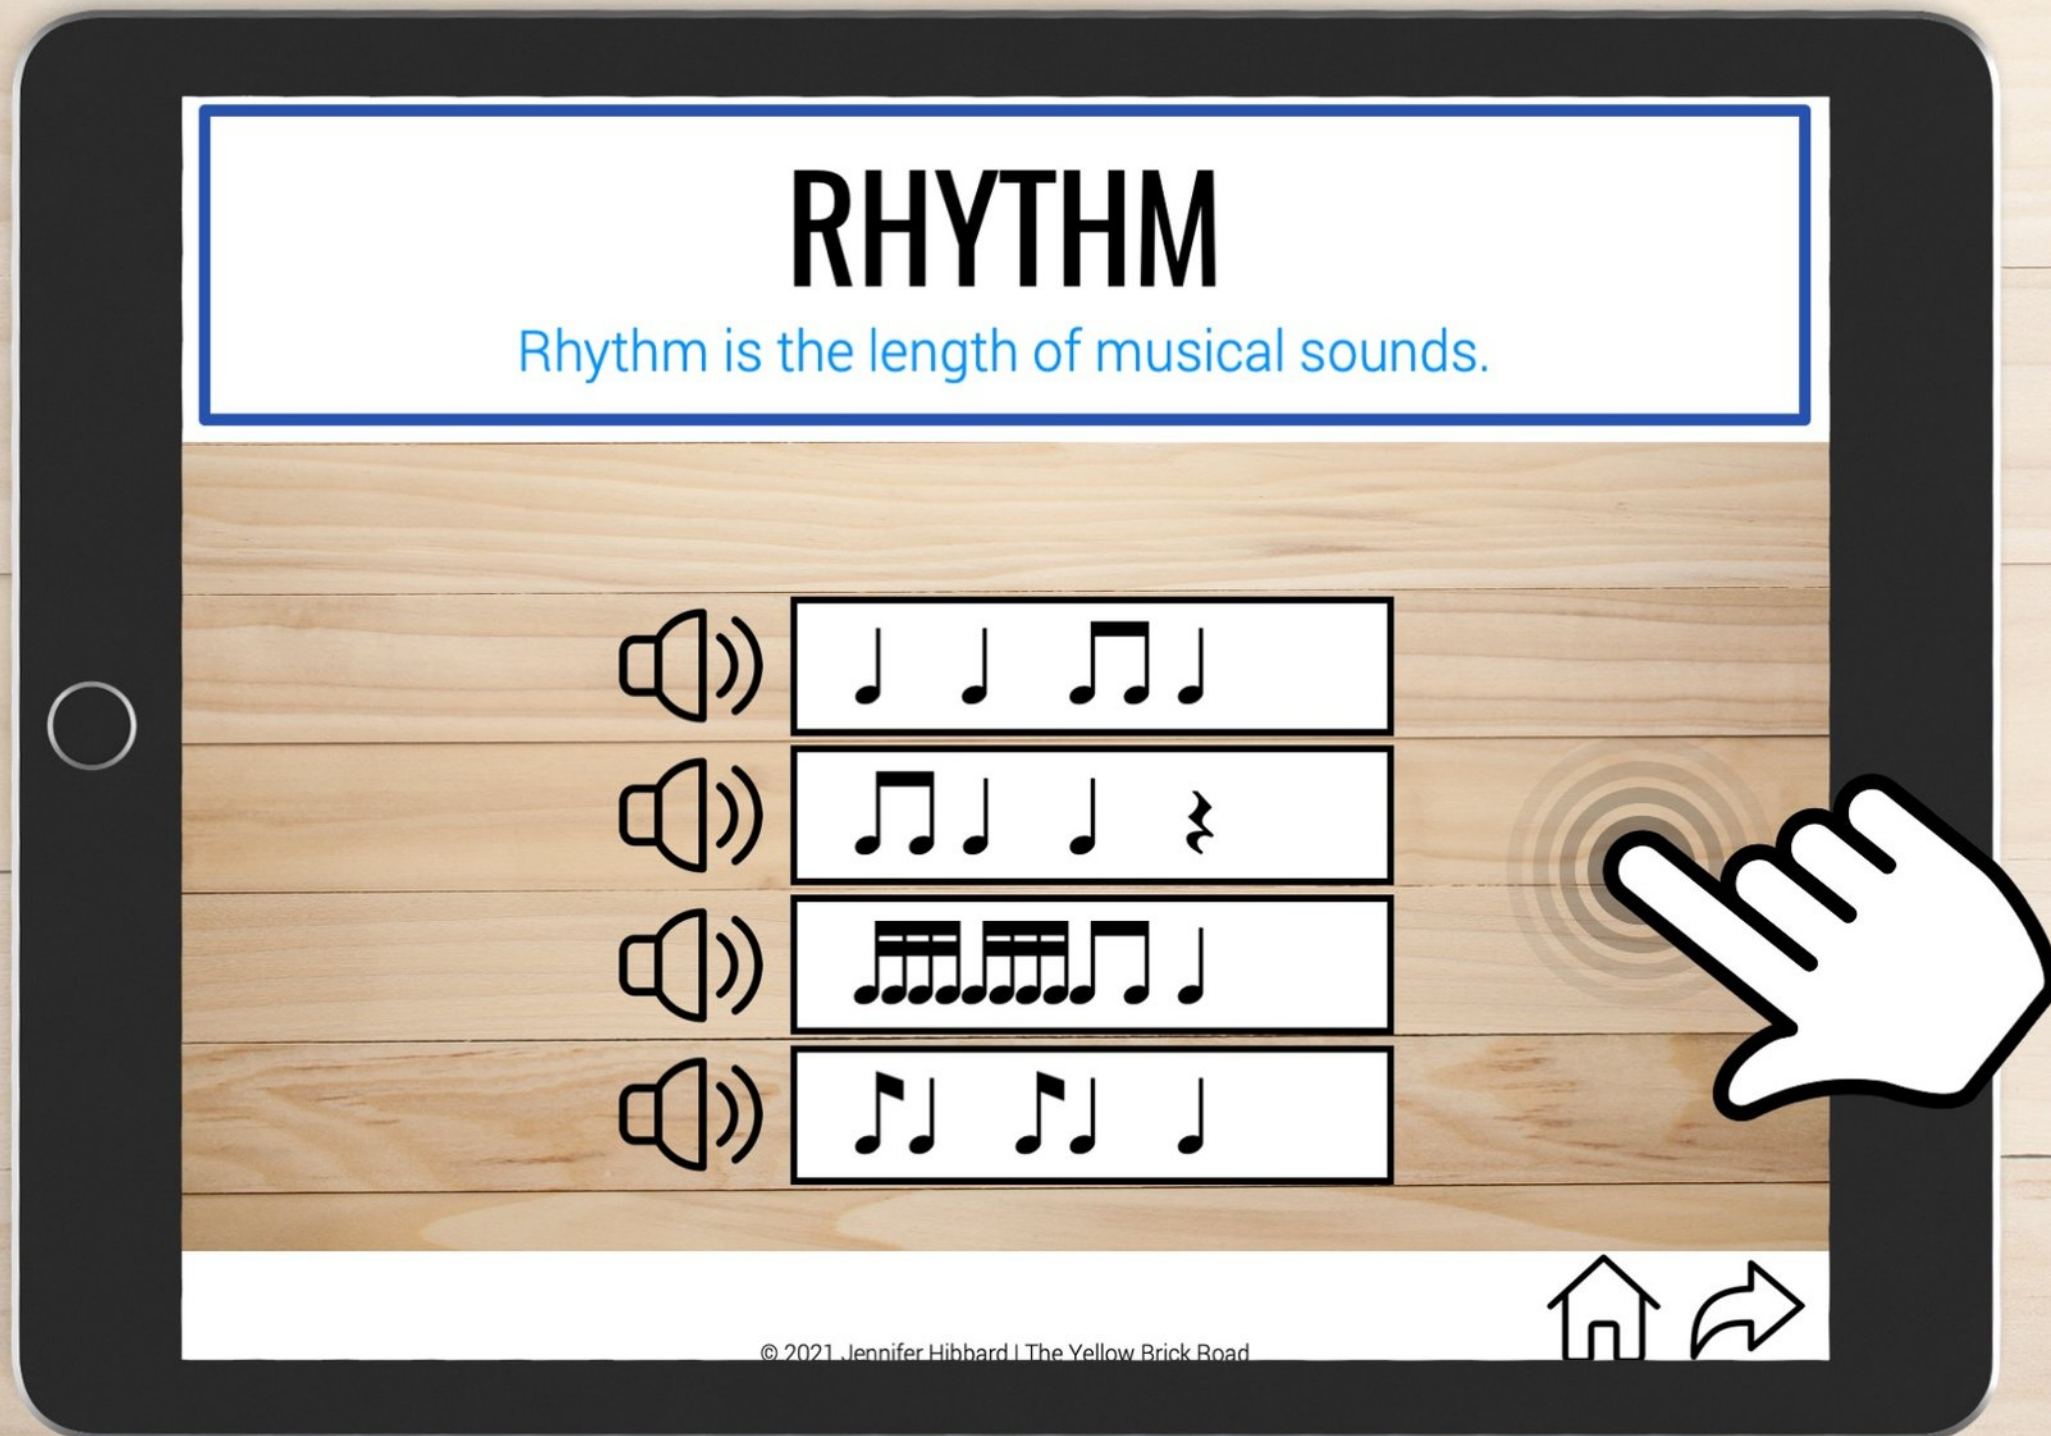

Wow, this product truly came at the perfect time. We have parent-teacher conferences coming up, and I was a little bit at a loss for what I was going to use with parents, if any of them wanted to come check out the music room. This is just perfect!! Thank you so much for the fun PowerPoint!

– Ana Lisa J.

Allow parents and students to
move through the slideshow
at their own pace.

Interactive audio allows parents to hear examples of each music concept

Encourage students or parents to **engage with the interactive elements** in the **slideshow.**

Fast facts show the fun and fascinating side of music education and music history

FAST FACTS

Domenico Scarlatti composed his 'cat fugue' after his cat, Pulcinella, walked across his keyboard.

© 2021 Jennifer Hibbard | The Yellow Brick Road

FAST FACTS

Chevalier de Saint-Georges was a successful violinist and composer. He was also a champion fencer famous for his speed and agility with a sword.

This is honestly one of my favorite resources that I have ever purchased from TPT. I love how it is interactive and lists the sources. Thank you for saving me lots of time & energy from having to make my own. This is the best!!
